OFFICIAL DOCKET FILE Contract No. _____ Docket No. 6808

Application
- [ ] Denied
- [ ] Withdrawn

Contract
- [ ] Terminated - Not Certified
- [ ] Terminated - Certified
- [ ] Cancelled
- [ ] Royalty Agreement

The records contained in this file are marked (x) and arranged in this order:

Folder No. 1:

Left Side

- [ ] Royalty Audits
- [ ] Certification of Discovery
- [ ] Closing Letter
- [ ] Cost Audits
- [ ] Termination Notice or Agreement
- [ ] Recision Notice
- [ ] Assignment of Contract
- [ ] Contract Amendments
- [ ] Contract with all exhibits and annexes
- [ ] Owner's Consent to Lien and Subordination Agreement
- [x] Application and Attachments

Right Side

- [ ] Project Summary (final)
- [ ] Work Completed Analysis (final)

All other material filed in chronological order including the following reports if checked:

- [ ] Field Team Semiannual Report for Certified Project
- [ ] Final Field Team Report (Tab)
- [ ] Operator's Final Report (Tab)
- [ ] Interim Field Team Reports
- [ ] Operator's monthly reports and all attachments
- [ ] On-site Exam. Report (Tab)
- [ ] Settlement Sheets
- [ ] Drill Logs

Additional Folders:

Left Side

Folders No. _____: Reports

- [ ] Analysis of Semiannual Inspection Reports
- [ ] Project Summary (Interim) by MME Engineers

Right Side

- [ ] Field Team Semiannual Report for Certified Project
- [ ] Field Team Interim Reports
- [ ] Operator's Monthly Reports with Transmittal, Narrative and Maps

Folders No. _____: Maps (Use pocket folder or envelope)

Folders No. _____: Settlement Sheets

Folders No. _____: Drill Logs

Folders No. _____: Royalty Material

INITIALS CODE

GEOLOGICAL SURVEY.
Office of Mineral Exploration,
Washington, D. C. 20240.

Gentlemen:

I am submitting herewith an Application For Financial Assistance In Mineral Exploration, and am including the following (all in duplicate):

Xerox copies of Location Notices of 5 Lode Mining Claims, which I located in the Tombstone Mining District on Sept. 8, 1967, together with a map of said claims made by Richard D. Riddell, a professional Engineer, whom I employed to survey and direct the placing of the various stakes marking the land covered by these claims. All of these documents were recorded in the office of the County Recorder of Cochise County, Arizona on Sept. 25, 1967.

Also enclosed are Xerox copies of a part of a large map of The Tombstone Mining District, which shows the location of my claims in relationship to other Mining Operations, and the Town of Tombstone. These Claims of mine are all easily accessable, with roads on and through them.

Also included are copies of my letters to two Banks in this area requesting loans for exploring the mineral deposits of my claims, and their answers rejecting my request.

I have spent about $4500.00 of my own money in exploration work on my claims, but have found the overburden much deeper than I had anticipated, and I will be unable to properly explore the mineral deposits on these claims without financial assistance.

I can get Contractors who will gamble with me, by accepting 75% in cash for the work they do, together with a small interest in any production, if this arrangement would be acceptable to the Government. Otherwise, I can borrow money on some farm land, if necessary, to provide my share of the cost of this work.

I wish to do a maximum of 500 feet of core drilling, which can be contracted at $6.00 per foot (maximum total $3,000.00) and sink shafts where core samples indicate justifiable values. This work can be contracted at $50.00 per foot.

I majored in Geology in college, and have been active in explorative work throughout the Western States and Alaska for a number of years.

Yours Very Truly,

J M Fraser

J. M. Fraser.

GENERAL INSTRUCTIONS

Before filling out this application, please read the *OME Regulations for Obtaining Federal Assistance in Financing Explorations for Mineral Reserves* (30 CFR Chap. II). To assure prompt action, your application must provide all applicable material and information specified on the back of this application form. Avoid unnecessary correspondence and delays by submitting complete and accurate information. *Please submit two copies of this application and all accompanying papers* except as otherwise noted. Place your name and address on each sheet. Each item of information, maps, and reports required as a part of this application is described on the back of this form. Identify each attached statement by the item number to which it applies. If an item does not apply to your application, show the item number on your statement and after it write "not applicable." Maps or sketches should be used to supplement narrative descriptions of the property location and boundaries in item 2, existing mine workings and geology in item 3, and the proposed exploration work in item 5. When this information is not too complex, all of it may be shown on one map or sketch. All documents and other attachments submitted as a part of this application, except those in item 3(g) which you mark to be returned, become the property of the Government and will not be returned to the applicant. Send true copies, *not originals*, of leases, contracts, and other documents which are an essential part of your business records. *File this application with the Department of the Interior, U.S. Geological Survey, Office of Minerals Exploration, Washington, D. C., 20242, or with the nearest OME Field Office.*

CERTIFICATION

The undersigned, whether as an individual, corporate officer, partner, or otherwise, both in his own behalf and acting for the applicant, certifies that the information set forth in this form and accompanying papers is correct and complete, to the best of his knowledge and belief, and that he would not ordinarily undertake the proposed exploration under current conditions and circumstances at his sole expense.

Nov. 12-1969

TITLE

A wilfully false statement or certification to any Department or Agency of the United States Government is a criminal offense.
U. S. Code, Title 18, Sec. 1001.

INFORMATION REQUIRED WITH THIS APPLICATION

1. Financial Eligibility:

(a) Submit evidence of efforts made within 90 days preceding the filing of this application to obtain credit from your bank of account and at least one other banking institution or other private source of credit. Such evidence shall include (1) true copies of your letters to credit sources which show date of loan request, amount and terms requested, and proposed use of loan funds and (2) true copies of replies from credit sources. If the loan was offered under terms which you consider unreasonable, state why you consider them so.

(b) List names and addresses of affiliated, parent, or controlling companies or organizations and state extent and nature of their interest.

(c) State how you propose to furnish your share of the cost of the exploration work.

2. Applicant's Rights in Land:

(a) State your interest in the land and mineral rights, whether owner, lessee, purchaser under contract, or other. If you are not the owner, submit one true copy of the lease, contract, or other document (with address of owner) under which you control the property. Describe all liens, mortgages, or other encumbrances on the land and state book and page number and official place where recorded.

(b) State the legal description (section, township, and range; metes and bounds; patent number of claims) of the land upon which you wish to explore and all adjacent land which you own or control. Describe any part of the land or workings which should not be subject to Government royalty and liens. If the land consists of unpatented claims, state book and page number for each recorded location notice, including amended locations, and official place where recorded. State all the names by which you know the property.

(c) For all land or mineral rights encumbered or not owned, submit five copies of Lien and Subordination Agreements signed by owner on MME Form 52. If the agreements cannot be obtained, state reasons and whether you can furnish a performance bond.

3. Physical Description:

(a) Describe in detail and illustrate with maps or sketches all mining or exploration operations which you know have been or are being conducted upon the land. Include existing mine workings and all production facilities.

(b) State your interest, if any, in operations described in (a)

(c) State, if you know, the past and current production, supporting your statement with copies of settlement sheets, mine records, or published data if available.

(d) Describe known ore reserves, giving quantities and grades.

(e) Describe by narrative and maps or sketches the geologic features of the property, including ore minerals, geologic formations if known, and type of deposit (vein, bedded, etc.).

(f) If you have sampled the area you propose to explore, show where the samples were taken, describe sampling methods used, and provide copies of assay certificates. State your reasons for expecting to find ore.

(g) Send with your application at least *two* copies of all geologic or engineering reports, assay maps, or technologic information which you have, indicating whether you require their return.

4. Accessibility of Property:

(a) To aid the OME representative who may examine the property state name, address, and telephone number of person who will meet him; give directions for reaching the property; and describe accessibility of property and of any mine workings.

(b) Name the shipping and supply points and state the distances to the property.

5. Exploration Work:

(a) Describe fully the proposed exploration work giving individual footages and sizes of openings *for each item of work*. Use narrative, maps, plans, and sections as necessary. Show location of the proposed work as related to geologic features such as veins, ore-bearing beds, contacts of rock formations, etc. Show also the relation of the proposed work to any existing mine workings and to *land boundaries* or to the closest identifiable corner.

(b) If an access road must be built, show the proposed location on the property map and state the length, type and construction methods proposed.

(c) If an OME contract is executed, state how soon thereafter work would be started and finished. State your anticipated average daily or monthly rate of progress for each type of work.

6. Experience:

State your operating experience and background to conduct this exploration work and also that of the person who will supervise the work.

7. Estimate of Costs:

Furnish detailed estimates of the necessary costs for time and materials *for each item of the work proposed in 5(a)* under the headings listed below with a total for each heading and the estimated total cost of the work. Costs for any work to be performed by an independent contractor should be listed separately under category (a) below. Costs for any work that is not to be performed by an independent contractor should be listed under categories (b) through (g).

(a) Independent contracts. State the total cost of any proposed independent contract for all or any part of the work, and the number of units and the unit cost for each type of work, such as per foot of drilling, per foot of drifting, per hour of bulldozer operations, or per cubic yard of material moved. Cost estimates should be supported by bids from three contractors if possible. (*Note*—If none of the work is to be contracted, write "none" after this item.)

(b) Personal services. The cost of supervision, engineering and geological services, outside consultants, and labor should be itemized by numbers and classes of employees; rates of wages, salaries or fees; and periods of employment. State whether these services are available.

(c) Operating materials and supplies. List items of material and supplies giving quantity and price of each. Include under this heading power, water, and fuel, and units of equipment and tools costing less than $50 each.

(d) Operating equipment. List items of equipment and tools costing $50 or more per unit. Give specifications and indicate how each item is to be acquired—i. e., rented, purchased or provided by the applicant. If rented or purchased, state the estimated rental or purchase price. If furnished by the applicant, state condition and present fair market value.

(e) Initial rehabilitation and repairs. Describe the type and the cost of *initial* rehabilitation or repair of existing buildings, fixtures, installations (exclusive of mine workings), and movable operating equipment now owned by the applicant which will be used in the exploration work.

(f) New buildings, fixtures, installations. Describe each building, fixed improvement, and installation to be purchased, constructed, or installed for the exploration work, stating specifications and cost including labor, materials, and supervision.

(g) Miscellaneous. Describe the type and estimate the cost of repairs and maintenance of the operating equipment listed in 7(d). Do not repeat initial repairs listed in 7(e). Show also the costs of analytical work, accounting, workmen's compensation and employees' liability insurance, payroll taxes, and other required costs that do not fall within the previous categories. [*Note*—The Government will not contribute to costs incurred before the date of the contract, or to costs of or incident to: (1) acquiring, using, or possessing land and any existing improvements, facilities, buildings, installations, and appurtenances, or the depreciation and depletion thereof; (2) general overhead, corporate management, interest and taxes (other than payroll and sales taxes); (3) insurance (other than employees' liability insurance); and (4) damages to persons or property (other than authorized repair to or replacement of equipment or other property used in the work).]

NOTICE OF MINING LOCATION
LODE CLAIM

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the "MILDRED" Mining Claim, is located partly in the E½E½ of Sec 10 and partly in the W½W½ of Section 11, T20S, R22E, G&SRB&M, in the Tombstone Mining District, in Cochise County, Arizona, situated on land belonging to the United States of America, in which there are valuable mineral deposits, and was entered upon and located for the purpose of exploration and purchase, by J. M. FRASER, a citizen of the United States, the undersigned, on the 8th day of September, 1967.

The surface boundaries of the "MILDRED" mining claim are marked as follows:

Beginning at the Discovery Monument of the "MILDRED" Mining Claim, which is designated as Stake No. 1, to which this Location Notice is attached; thence S9°47'E, 500 feet to Stake No. 2, which marks the Southerly Center of said claim;

Thence N80°13'E, 300 feet to Stake No. 3, which marks the Southeasterly corner of said claim, and is located on the Westerly Boundary Line of the Old Guard Patented Mining Claim;

Thence Northerly along the Westerly Boundary Lines of the Old Guard, the Elizabeth, and the Metallic Accident Mining Claims, 1500 feet to Stake No 4, marking the Northeasterly Corner of the Mildred Mining Claim, which is situated on the Westerly Boundary Line of the Metallic Accident Mining Claim;

Thence S80°13'W, 300 feet to Stake No 5, at the Northerly Center, and thence S80°13'W, 300 feet to Stake No 6, which marks the Northwesterly Corner of the "MILDRED" Mining Claim;

Thence S9°47'E, 1500 feet to Stake No. 7, which marks the Southwesterly Corner of this Claim;

Thence N80°13'E, 300 feet to Stake No. 2, at the Southerly Center, and thence N9°47'W, 500 feet to Stake No. 1, the Discovery Monument, **the Place of Beginning.**

NOTICE OF MINING LOCATION.
LODE CLAIM.

TO ALL WHOM IT MAY CONCERN:

This Mining Claim, the name of which is the "BURLIEW" Mining Claim, is located in the E½SE¼ of Section 10, T20S, R22E, G&SRB&M, in the Tombstone Mining District, Cochise County, Arizona, situated on land belonging to the United States of America, in which there are valuable mineral deposits, and was entered upon and located for the purpose of exploration and purchase by J. M. FRASER, a citizen of the United States, the undersigned, on the 8th day of Sept. 1967.

The surface boundaries of the "BURLIEW" Mining Claim are marked as follows:

Beginning at the Discovery Monument of the "BURLIEW" Mining claim, marked by Stake No. 1, to which this Location Notice is attached;

Thence running N46° E, 100 feet to Stake No. 2, marking the Northeasterly Center of said "BURLIEW" Claim, which is situated on the Westerly Boundary Line of the Mildred Claim;

Thence N9° 47'W, 360 feet to Stake No. 3, marking the Northwesterly Corner of the "BURLIEW" Claim, which point is on the Westerly Boundary Line of the Mildred Claim;

Thence S46° W, 1500 feet along the Southeasterly Boundary Line of the Aurora Patented Mining Claim, to Stake No. 4;

Thence S9° 45'E, 360 feet to Stake No. 5, at the Southwesterly Center;

Thence S9° 45'E, 360 feet to Stake No. 6, at the Southeasterly Corner of the "BURLIEW" Mining Claim. This Stake also marks the Southwesterly Corner of the "ONA" Mining Claim;

Thence N46° E, 1500 feet to Stake No. 7, marking the Northeasterly Corner of the Burliew Mining Claim, and the Northwesterly Corner of the "ONA" Mining Claim;

Thence N9° 47'W, 360 feet along the Westerly Boundary Line of the Mildred Mining Claim, to Stake No. 2, at the Northeasterly Center of the "BURLIEW" Claim;

Thence S46° W, 100 feet to Stake No. 1, the Discovery Monument, the place of beginning.

J. M. FRASER.

P. O. Box 91, Tombstone, Ariz. 85638.

November 3rd, 1969.

THE ARIZONA BANK
TOMBSTONE, ARIZONA.

Gentlemen:

I am in need of $10,000.00 with which to explore and test ore deposits on my mining claims in the Tombstone Mining District, and am applying to you for a loan of $7500.

Please advise me if you can make me such a loan, and if so, on what conditions, using my claims as security.

Yours Very Truly

John M Fraser

Dear Mr. Fraser:

On April 8, 1970, we requested additional information which is necessary for the processing of your application.

We wish to cooperate fully in allowing you ample time to secure the information, however, for administrative and fiscal reasons this office cannot indefinitely defer action on an application. If we do not receive the data within 30 days from the date of this letter, we shall consider the application as having been withdrawn.

Sincerely yours,

William L. Emerick

Re: OME-6808 (Silver-Gold)
John M. Fraser
Mildred, et al., claims
Cochise County, Arizona

Dear Mr. Fraser:

In accordance with your request of April 2, 1970, your application for financial assistance to explore the Mildred, et al., claims will be kept in active status.

Our funding situation has not changed since our letter to you dated January 2, 1970, and further action on your application will proceed as outlined in that letter. However, before we can give further consideration to your application, it will be necessary for you to furnish two copies of all the information requested under items 1 through 7 on the back of the application form, a copy of which is enclosed. Please review these requirements and submit the information requested. We cannot begin to evaluate the application with the information on hand.

We shall be pleased to continue processing your application upon receipt of the requested information. However, we cannot schedule an examination of your property before the application is complete, and then only if the data indicate that an examination is warranted and can be made in connection with other field work of the program.

Nothing in this letter should be construed as a commitment by the Government to grant an exploration contract.

Sincerely yours,

Harold Kirkemo (gla)

Mr. Harold Kirkemo,
Chief, Office of Minerals Exploration.
U. S. Department of the Interior.
Washington, D. C. 20242.

Re: OME 6808 (Silver and Gold)
John M. Fraser.
Mildred, et al. Claims
Cochise County, Arizona.

Dear Mr. Kirkemo:

Thank You for your letters of Jan. 2nd and March 18th. As I have been away from Tombstone for a while, I just received your March 18th letter.

Copy to R-III

I did not answer your letter of Jan. 2nd as I interpreted it to mean that a reply was expected only if I wished to withdraw my application for financial assistance, which I did not wish to do.

I have been continuing to do exploration work on my claims, in a limited way. I am anxious to do more extensive research, and I hope that funds are now available for supplying the assistance which I requested.

In the event an examination of my claims is to be made, please advise me by letter as far in advance of the examination date as possible, in order that I will not be away from Tombstone at that time.

I would very much appreciate an early reply to this letter giving me an approximate date of such an examination.

Sincerely,

John M. Fraser

John M. Fraser.

Dear Mr. Fraser:

On January 2, 1970, we wrote you outlining the current situation regarding the processing of pending applications for OME financial assistance. Will you please inform us of your plans regarding your application. If you have decided not to pursue it further, will you please so inform us.

If we do not receive a reply from you within 30 days from the date of this letter, we will assume that you are no longer interested in your application and we shall consider it as having been withdrawn.

Sincerely yours,

Harold Kirkemo (gla)

Re: OME-6808 (Silver-Gold)
John M. Fraser
Mildred, et al., claims
Cochise County, Arizona

Dear Mr. Fraser:

This is in further response to your application for financial assistance to explore the Mildred, et al., claims.

Applications received since July 1, 1969, have not been processed because of budgetary constraints on the OME program. With funds now available we will be able to execute only a few new contracts in the fiscal year ending June 30, 1970. These contracts are being prepared on applications received and approved in previous fiscal years but which could not be executed earlier because of lack of funds. The extent of future contracting will depend on availability of funds.

Owing to curtailment of the program, the processing of applications is being delayed. Therefore, field examinations necessary to reach decisions on applications are being made largely in connection with other field work of the program. In due course of time we will inform you whether or not your application can be approved for a contract when funds are available. Priority on available funds will be given to approved applications offering the best opportunities for making significant discoveries.

Under these circumstances, should you wish to withdraw your application, please so advise. If you wish to keep your application in active status, we will process it as explained above.

We regret that this action is necessary, but under present funding circumstances we cannot offer better service at this time.

Sincerely yours,

Harold Kirkemo (ga)
