Re: Docket No. DMA-1403

Mr. W. M. Boulware
Elfrida
Arizona

Dear Mr. Boulware:

Your application submitted on Form MF-100 has been referred to the Copper Branch of the Defense Minerals Administration. We are assuming that you are seeking aid for an exploration project. In order for you to file for such aid it will be necessary for you to fill out and file Form MF-103. For your convenience we are enclosing five copies of this form. All questions should be answered as completely as possible. The more information we have regarding your property, the more easily and faster can we act on your application. It will not be necessary to repeat on Form MF-103 any information you have given on Form MF-100.

We are enclosing copies of press releases dated April 11, and May 14, 1951 and a copy of the pertinent regulations pertaining to aid for an exploration project.

There is considerable doubt that we will be able to process all late applications before the Defense Production Act of 1950 expires on June 30, 1951. It is therefore essential that the information you supply be complete.

Very truly yours,

J. B. Gowen

J. B. Gowen, Acting Chief
Copper Branch, DMA
