Mr. G. B. Pettengill
Box No. 6
Payson, Arizona

Dear Mr. Pettengill:

Your application submitted on Form MF-100 has been referred to the Copper Branch of the Defense Minerals Administration. We are assuming that you would like to receive aid for an exploration project and before we can act on your project it will be necessary for you to fill out and file Form MF-103. The more completely you fill out this form, giving us as much information as you possibly can, the easier and faster can we act on your application. Any data you have supplied on Form MF-100 will not have to be repeated on MF-103.

We are enclosing five copies of Form MF-103 and also copies of press releases dated April 11, and May 14, 1951 and a copy of the pertinent regulations MO-5.

Very truly yours,

J. B. Gowen
