Mr. Jack H. Owen
Box 663
Kingman, Arizona

Dear Mr. Owen:

Your application (DMA-1921) requesting a loan of $2250 for road construction and mine equipment for the Little Boy mine, Mohave County, Arizona, has been reviewed by the Lead-Zinc Branch of the Defense Minerals Administration.

More information will be required before further action can be taken on your application. Enclosed are copies of Form MF-100, "General Technical Data for Use under the Defense Production Act of 1950", which should be completed in as much detail as possible and forwarded to this office. Particular attention should be paid to item 12 of this form, showing estimated reserves and how they were computed.

It is also requested that you show, in more detail, an itemized cost schedule of the road construction which you propose. An expenditure of $1500 for the rental of a caterpillar tractor for one mile of construction seems rather high.

Very truly yours,

T. P. Billings, Chief
Lead-Zinc Branch
