HENRY CLAY MINES INCORPORATED

October 29th, 1962.

OME
DEPARTMENT OF THE INTERIOR
OCT 31 1962
REGION III
DENVER, COLORADO

Mr.Hugh M.Connors,
Acting Field Officer, OME,
Region III
Building 20-Federal Center,
Denver 25, Colorado.

Re: DMEA-2426 (Copper)
Contract Idm-E345,
Ira L.Moseley
(Atwood Mine)
Hidalgo County, New Mexico.

Dear Mr.Connors:

We enclose herewith the following reports:

(1) Production report and royalty statement for April, 1962
(2) Revised production report and royalty statement for May 1st thru June 9th, 1962.
(3) Smelter liquidation sheets for additions in revised report.
(4) Cheque for $ 124.99.

Recently when reporting to you we stated that no ore remained in DMEA subordinated areas as of June 9th, 1962. This statement we now find to be incorrect and regret the error on our part and trust that it has not inconvenienced you in any way.

We have spent some time in correspondence with all those coonected with the Company when mining was done in New Mexico In 1956 and 1957. It is the writers opinion and all the people with whom we checked that the 2616 tons reported mined in 1957 were actually mined in 1956 and was not DMEA subordinated ore. This was the statement made many times to us by Mr.Hershman and since we believe him to be correct we can only presume that an error was made in preparing our tonnage map.

Yours very truly,

HENRY CLAY MINES INC.

R.C.C.Henson

DMEA-2426

Dear Mr.Connors:

Ref: ~~Docket Number OME 6228~~

I regret that regular payments of the DMEA loan had not been kept up to date. Originally payments were made directly by Messrs.Brannan & Fuller and our Toronto office was never advised of the change that had been agreed to by Joseph Turner, our accountant at Silver City, in June 1961.

After seeing you in November and a trip to Silver City I asked Mr.Turner, that in view of the application it was most important that regular payments be kept up to date. It came as a complete surprise to me that this was not done.

Attached is a bank draft for $1,984.96 covering payment to April 30th, 1962, together with maps and schedules on which we base our payment.

Yours very truly,

HENRY CLAY MINES INC.

R.C.C.Henson
President.

MEMORANDUM

TO	DATE
Mr. R. C. C. Henson	May 7, 1962
FROM	**PROJECT REFERENCE**
J. Quay	LORDSBURG PROJECT

SUBJECT

DMEA Payments

Mr. Hershman has advised that accompaning DMEA records and allied papers be transmitted to you.

These records will bring the DMEA payments for Henry Clay Mine up to date through April 30, 1962.

The sketch map, with figures, serves as a visual check on the tonnage mined, and the tonnages reported.

It was suggested by Mr. T. M. Romslo, DMEA Field Engineer from the Denver, Colorado Office, that letters to Mr. Hugh M. Connors be sent in duplicate and addressed to:

Mr. Hugh M. Connors, Acting Field Officer, OME
Region III, Office of Minerals Exploration
United States Department of Interior
Building 20, Federal Center
Denver, Colorado

Sincerely yours,

J. H. Quay
