June 18, 1965

Memorandum

To: Chief, Division of Exploration Operations

From: Acting Field Officer, Region III

Subject: Application for Exploration Assistance (Silver)
W. H. Russell, et al
H H & R (Silverado) Mine
Mohave County, Arizona

Attached is the subject application in the amount of $32,735.68, which was submitted to this office June 11, 1965. A copy has been made for our files.

Exploration of a promising silver vein on the old Silverado property southeast of Kingman, Arizona is proposed by means of shaft sinking and drifting. Specifically, the applicant wants to deepen an existing 80-foot shaft, still in the oxidized zone of the vein, to a depth of 200 feet and, at that depth, to drift 250 feet north and 250 feet south along the vein.

A field examination probably is warranted.
