Re: Docket DMEA 2128 (Uranium), Contract
Idm-E408

Dear Sir:

In accordance with your request dated September 25, 1957 to Flanders Mining Company, we enclose, herewith, three copies of load details for liquidation numbers 7313, 7336, 7392, 7421, 7445 and 7510. Lisbon Uranium Corporation did not receive load details for liquidation numbers 1536, 1750 or 7079. I am enclosing, however, a copy of a letter to Beaver Mesa Uranium, Inc., wherein we request that they furnish load details for the three liquidations to you.

We have made provision to furnish you with three copies of both settlement sheets and load details (when necessary) with all future payments.

Respectfully submitted,

Gentlemen:

Enclosed please find copy of letter dated September 25, 1957 from Mr. J. W. Townsend of DMEA Field team, wherein he requests three copies of "load details" for settlements upon which the DMEA royalties have been paid on Gateway properties.

Lisbon Uranium Corporation did not receive statements of Load Detail for liquidations numbers 1536, 1750 or 7079. Since the settlements for these liquidations showed the ore as purchased from Beaver Mesa Uranium, Inc., and Lisbon received only a royalty, I assume that the load details were sent to you.

If this is the case, would you kindly prepare three copies of the load detail and transmit same to Mr. Townsend at the address shown on his attached letter. If you do not have copies of the load detail, would you kindly request same from Union Carbide Nuclear Company, Rifle, Colorado. Kindly advise Lisbon of your actions.

We have transmitted to DMEA load details on all other liquidations received to date.

Very truly yours,

LISBON URANIUM CORPORATION
