Dear Mr. Duce:

Receipt is acknowledged of your letter of August 31, 1953, in response to our letter of June 23, 1953, requesting additional information necessary to process your application.

Your letter does not give a distribution of costs, which is a requisite part of the application, Article 6 (a) to (h), Form MF-103. You are required to itemize the costs; stripping with bulldozer, unit and total costs of test drilling, etc. You are also requested to submit a sketch of your exploration plan.

In order to determine whether your asbestos is strategic grade and acceptable for the National Stockpile, it is necessary to submit to this office a sample of your asbestos. The sample you select should weigh about two pounds and be as representative as possible of your deposit.

When you have supplied the needed data and sample we will continue with processing your application.

Sincerely yours,

Lawrence G. Houk, Chief

Corners No. 1, 2, 3 and 4 are 2" pipes set in rock mounds. The west line of the New Lacawana Lode is coincident with the east line of the New Gold Bug Lode.

To have and to hold the said premises for the purpose of mining and for no other purpose, for a period of ten years from the date hereof, unless sooner forfeited or terminated upon notice hereinafter provided, or through violation of any agreement, covenants or condition hereinafter contained to be kept and performed by lessee;

In consideration of the said lease, lessee hereby covenants and agrees with lessor as follows:

1. To pay a minimum monthly rental of Fifty Dollars ($50.00) per month commencing September 1, 1951, and a like sum upon the first day of each and every calendar month thereafter.

2. After active mining operations have been commenced, to thereafter work said properties at the point or points to be determined by lessee in a minerlike fashion, and in a manner necessary and proper to good economical mining, so as to take out the greatest amount of ore possible, with due regard to the safety, development and preservation of the same as a workable mine, and to crush, reduce and otherwise treat the ore so extracted, in a manner necessary and proper to the economical and expeditious reduction and treatment thereof.

3. To work and mine the said premises at such point or points as may be determined by lessee, and to mill the ore so extracted therefrom during the continuance of this lease.

4. To permit the lessor, or her duly authorized agent or representative, at and during working hours, to enter upon and visit all parts of said leased premises and the mill and its appurtenances, that may be erected and maintained thereon, for the purpose of taking assay samples and of observing whether the terms of this lease are being fully and faithfully complied with by the lessee; to take samples from any ore awaiting milling, reduction or treatment; to have surveys made of the workings, whether under or above ground, or both; that lessee will furnish to lessor as and when requested by her, copies of blue prints and maps of all surveys, or maps that may be made by the lessee, and generally to facilitate in every way such inspections, surveys and millings, as above provided, and to furnish to the lessor or her duly authorized agent, when requested in writing, full, true and accurate information not theretofore furnished with regard to the condition of said workings or any part thereof, or the quality or the character of the minerals therein;

5. To keep the premises herein leased and every part thereof, at all times free and clear of all mechanics, miners or laborers liens and encumbrances of every nature and description that may be done or suffered by lessee, and to pay all indebtedness and liabilities incurred by lessee which may or might become a lien on said premises before said indebtedness or liabilities shall become a lien.

6. Lessee hereby assumes all responsibility for and agrees to save lessor harmless from any and all accidents to any of the lessee's employees, sublessees, licensees, agents, associates or visitors or other persons whomsoever, let in upon the property herein leased by and with the consent of lessee, or otherwise, and to forthwith record with the County Recorder of Placer County, Califor-

nia, and to post and keep posted all at the expense of the lessee, and at all times to keep posted at the main workings of the premises herein leased, and at such other conspicuous places that in the opinion of lessor may be necessary, notices of non-responsibility in the form and substance required by the laws of the State of California; provided that lessee shall not be liable for any damage or injury that may be suffered by lessor or any of her agents or representatives while in, upon or about said premises, or any part thereof, not caused by the negligence of lessee, their agents, servants or employees.

7. Lessee further agrees that if he discovers in working said premises any side-veins, cross-veins, spurs or feeders, he will at once so notify said lessor, and said side-veins, cross-veins or feeders shall be and remain the property of lessor, and that the same shall be included in this lease and in the other provisions hereinafter contained.

8. Lessee shall pay all taxes of every kind and description levied against said land, and in the event a severance tax or other tax upon the minerals removed from said land should be levied, to pay said tax and the whole thereof.

o. It is specifically understood and agreed that said property and the whole thereof is located upon the public domain and is held by lessor under mineral locations made pursuant to the laws of the United States and of the State of California. Lessee agrees to perform at his expense all annual labor required to keep said claims valid and subsisting under and by virtue of the laws of the United States and the State of California.

10. There is included within the terms of this lease, all water rights now held by lessor and used in connection with said land, provided, however, that lessor makes no representations as to the quantity of water available. The said lessee covenants and agrees to do no act to jeopardize said water rights or water right in

any manner, but on the contrary, to do all things necessary to the protection of and the maintenance of said water rights, and at all times to maintain all ditches in as good condition as they now are.

11. All buildings and improvements now located upon the said land shall be and remain the property of lessor, subject, however, to the terms of this lease, and shall not at any time be removed or materially altered in structure without the written permission of lessor.

12. Lessee agrees to pay to lessor a royalty of ten per cent (10%) of the gross proceeds derived from the sale of all gold and other metals or minerals recovered by lessees from all ore extracted, milled, shipped or sold from the said premises, without any deduction whatsoever; such payment to be made by lessee to lessor on or before the fifteenth day of the next succeeding month after such gold or other precious metals or minerals have been recovered from said mining property by the lessee; and should the exact amount of the value thereof be unascertainable accurately, then lessee shall pay to the lessor ten per cent of the approximate price of gold and other precious metals or minerals recovered in the preceding month; and on or before the 15th day of February of each and every year during the continuance of this lease, a statement of all gold and other precious metals or minerals recovered to the 31st day of December of such previous year shall be made up, and a recheck and audit of such royalties shall be made and a settlement of all differences between lessor and lessee in such payments shall be at that time made.

13. It is hereby understood and agreed that whenever during the continuance of this lease, the ten per cent (10%) royalty herein provided for shall equal or exceed the sum of Fifty Dollars ($50.00) each month, lessee shall not be required to make such monthly payment of Fifty Dollars ($50.00) as required in paragraph 1; but should the said royalty be less than the said sum of Fifty Dollars ($50.00) in any one month during the continuance of this lease,

then for such month the lessee shall pay to the lessor a sum which, when added to the amount received by lessor as such royalty for said month shall equal the sum of Fifty Dollars ($50.00).

14. It is understood and agreed that all payments of every kind or character made by lessee to lessor during the continuance of this lease shall be applied to and shall be credited upon the purchase price of said premises, and lessee is hereby given and granted an exclusive option during the continuance of this lease to purchase the said premises and the whole thereof for the sum of Twenty Thousand Dollars ($20,000.00). Taxes paid by lessee and expenditures made for the purpose of the performance of the annual labor shall not be credited upon the purchase price. Upon the termination, forfeiture or expiration of this agreement, said option to purchase shall be at an end and of no further force or effect. Upon the payment of said purchase price in full, lessor agrees to execute and deliver to lessee a good and sufficient deed conveying all of her right, title and interest to said premises under and by virtue of the laws of the United States and of the State of California.

15. Lessor and her duly authorized agents, shall at all reasonable times and during the regular business hours, have the right to inspect the books of lessee for the purpose of ascertaining the amount of metal mined or removed, and shall have the right to examine and receive a copy of mint or smelter receipts or other evidence of sale on all samples or ore concentrates sold by lessee.

16. Neither this lease nor any interest therein shall be assigned, nor shall said premises be sublet without the written permission of lessor.

17. Lessee shall exercise diligence in the conduct of the prospecting and mining operations under this lease, and shall commit no waste upon the surface of said property, and shall occupy so much only of the surface of said land as may be reasonably necessary to carry on the work of prospecting for mining, storing and/or removing

the minerals and disposing of the refuse.

18. Lessee shall keep all persons employed by him in or about said premises fully insured under the Workman's Compensation and Insurance and Safety Act of the State of California, by a fully paid up policy in a solvent insurance company.

19. All gold mined from said premises shall be sold in a legal manner, and to such buyer as may produce the greatest price therefor. All sales shall be evidenced by a receipt showing the date, name of the purchaser, quantity sold and price received, and a duplicate original thereof shall be delivered to lessor on or before the 15th day of the next succeeding calendar month.

20. Time is of the essence of this agreement, and if the lessee fails to make any one of the payments provided for herein, or fails to pay the royalties herein provided to be paid, or fails in any other respect to comply with any of the covenants or agreements herein contained on his part to be done, kept and performed, then the lessor shall give written notice to lessee of such default, and if such default is not cured by full payment or performance within thirty days after the receipt of such notice by lessee, this lease shall be, at the option of the lessor, terminated and ended, and lessee shall promptly surrender possession of said premises, with all improvements thereon, free and clear of any and all liens or encumbrances to less, created, made, done or suffered by lessee, and it shall be lawful for the lessor to reenter, repossess and enjoy all of the above described property and premises, and every part thereof. Notice of such default shall be given to the lessee by United States mail addressed to lessee at Box 302, Pollock Pines, El Dorado County, California, or by personal service upon lessee of such written notice, and the mailing of such letter, or the service of such personal notice, shall constitute notice to lessee as required under this paragraph. The giving of notice to one of the lessees shall be as effective for all purposes as though notice had been

given to both lessees.

21 Upon the termination, forfeiture or expiration of this lease, the premises herein leases, together with all workings, openings, developments, improvements and buildings, shall revert to and become the property of lessor. All machinery, equipment and fixtures placed on said property by lessee shall belong to the lessee and may be removed by him from time to time during the continuance or at the termination of this lease.

22. Each and every clause and covenant and agreement of this lease shall extend to and include the heirs and assigns of the lessor, as well as the personal representatives, and the heirs, successors and assigns of the lessee.

23. Upon the termination, forfeiture or expiration of this agreement, lessee agrees to execute and deliver to lessor a good and sufficient grant deed conveying the interest of the lessee.

24. Lessee shall on or before the 1st day of July of each and every calendar year record in the office of the County Recorder of Placer County, in the manner and form required by law, proof that all annual labor required on said claims, and each thereof, has been done.

Lessor may at any time institute patent proceedings for said lands or any part thereof and pursue the same to the issuance or denial of patent by the United States. All moneys expended by lessor for such purposes, including the purchase price of the land, attorney's fees, surveys, expert testimony, reports, filing fees, and all other expenses of every nature whether mentioned herein or not, shall be added to the option purchase price as herein provided and in the event of exercise of option to purchase at the time and in the manner herein provided lessee shall not be entitled to conveyance of title until such charges have been paid.

Re: Docket No. DMEA-3053 - Asbestos
Bowman Mine
Placer County, California

Gentlemen:

We refer to our application for assistance per caption above. In your letter of August 7, 1953 you requested additional data on our proposed work to be done and a copy of our lease agreement.

Our proposed work to be done on this mine will consist of stripping the deposit with bulldozer and test drilling. We will use our own bulldozer to do the stripping.

With regard to the lease agreement, we have not sent a copy to you as we have been in the process of assigning the lease to Hazel Creek Mining Corporation from the original lessees. This has now been completed and we expect to have a copy available in about ten days. As soon as this lease document clears our attorney's office, we will send you a copy.

Yours very truly,

G. Harold Duce

Dear Mr. Ebbert:

Reference is made to the subject exploration project application.

It is a requisite part of the application to include a description of the proposed work, Article 5 (b), and a distribution of costs, Article 6 (a) to (h), Form MF-103. The copy of the lease agreement which you stated would follow has not been received.

On receipt of the above data, we will process the application as expeditiously as possible. For your guidance, we enclose herewith an extra blank copy of Form MF-103.
