WASHINGTON 25, D. C. 600

July 3, 1953

Memorandum

To: Mr. Robert E. Adams, Chief, Operations Control and Statistics Division

From: Nonmetallic Minerals Division

Subject: Docket No. DMEA-2935 - Fluorspar
Ozark-Mahoning Company
Hill-Ledford Lease
Hardin County, Illinois

Re: Calling attention to withdrawal of Docket No. DMEA-2935

DMEA-2935 was an application for work on the same Hill-Ledford Lease as DMEA-2248. Therefore, it was discarded and the project requested in it was made Stage II of DMEA-2248 - Amended. The latter has now been executed and the contents of File DMEA-2935 may be placed in File DMEA-2248, and DMEA-2935 closed.

Memorandum

To: Chairman, Operating Committee

From: Nonmetallic Minerals Division

Subject: Docket No. DMEA - 2248 - Fluorspar
Docket No. DMEA - 2935 - Fluorspar
Ozark-Mahoning Company
Hill-Ledford Lease
Hardin County, Illinois
Contract No. Idm-E-255

Re: An amendment to Contract Idm-E255. For the purpose of enlarging the area to be drilled under the contract and increasing the total amount of contract from $61,965.00 to $122,715.00/

The company presented a new application for additional churn drilling (Assigned Docket No. DMEA-2935.).

The land involved, however, is in the same Hill-Ledford Farm, so the Legal Division prepared an amended contract to Idm-E255 rather than set up a new project contract.

The amended contract is recommended by the Nonmetallic Minerals Division; if it is approved, the new application DMEA-2935 should be withdrawn. The amended contract (Idm-E255) adds a Stage II amounting to 25,000 feet of additional churn - drilling and increases the total cost of the project contract from $61,965.00 to $122,715.00.

The amended contract, together with map, is in order except for the attachment of Owner's Consents to Lien which are to be attached later by the Executive Officer, Region VIII, prior to final signatures.

This division approves the amended contract as written.

Executive Officer, DMEA
Field Team, Region VIII
Bureau of Mines
Eastern Experiment Station
College Park, Maryland

Subject: Docket No. DMEA-2248 - Fluorspar
Docket No. DMEA-2935 - Fluorspar
Ozark-Mahoning Company
Hill-Ledford Lease
Hardin County, Illinois
Contract No. Idm-E255

Dear Mr. Millar:

APR 16 1953

Reference is made to the subject dockets.

The Legal Division, rather than write a new contract under the recent application, Docket No. DMEA-2935, has prepared an amended contract to Idm-E255, Docket No. DMEA-2248. This amended contract will encompass both projects.

It is necessary, therefore, to obtain new Owner's Consent to Lien. Enclosed herewith please find seven copies of Form MF-203 properly filled out but requiring the land owner's signature. We are also returning to you the old forms for your disposition.

The amended contract will be sent to you shortly for execution and approval, and to each a copy of the signed Owner's Consent to Lien (amount $61,357.50) is to be attached.

J. C. 4/16/53

Sincerely yours,

George A. Robertson

Chairman, Operating Committee

Defense Minerals Exploration Administration,
Region VIII
U. S. Department of the Interior
College Park, Maryland

Dear Mr. Millar:

I wish to acknowledge receipt of your letter of March 20, 1953 in which you advised me that it would be necessary to have a new Owner's Consent to Lien in connection with the exploration application which was filed with you, dated March 18, 1953.

I therefore enclose six copies of a fully executed Owner's Consent to Lien. You will note that in addition to the owners which are shown on the Lease Agreement dated July 11, 1951, the names of Paul H. Ledford, Katherine K. Ledford, Frances L. Wiley and Victor L. Wiley are included. We felt that these signatures were necessary inasmuch as Mr. Walter Ledford and his wife, Blanch H. Ledford had assigned a part of the minerals to their children after the original lease was executed.

Very truly yours,

OZARK-MAHONING COMPANY
