Subject: Docket No. DMA-2198 - Sulfur
St. Tammany Parish
Louisiana

Dear Mr. Prutsman:

Reference is made to our letter of November 6, 1951, requesting additional information on sulfur in Section 28-3-13 in St. Tammany Parish, Louisiana.

Since we have received no reply to our request for additional information, we are writing to inquire if you wish to withdraw your application. Inasmuch as considerable time has elapsed, we consider it advisable to close the file within thirty days unless we hear from you to the contrary.

Sincerely yours,

Re: DMA-2198X
Sulfur

Dear Mr. Prutsman:

Reference is made to your letter of October 26, 1951, concerning leases on sulphur in Section 28-8-13 in St. Tammany Parish, Louisiana.

The Defense Minerals Administration does not assist in financing the procurement of leases. The Form MF-103 has not been completed satisfactorily. Your cost estimate in Question 3 of $2,000 for drilling 1,500 feet of hole appears optimistic. Can you support this cost by letters from drill contractors?

Enclosed you will find fifty copies of Landlord's Subordination Agreement MF-202.

This office would be interested in receiving any copies of geologic data you may have supporting your claim, together with core drill logs.

Sincerely yours,

Dear Mr. Prutsman:

We have your letter of September 25, 1951, in regard to prospecting for sulfur.

The Government will loan 90 percent of the cost of exploratory drilling for sulfur for properly qualified projects.

To apply for such assistance it is necessary to fill out the enclosed forms and return to the Defense Minerals Administration, Washington 25, D.C.

One of the requirements is that the applicant own the property or have a lease on same with a subordination.

Sincerely yours,

James A. Barr, Sr., Chief
Industrial Minerals Branch

October 26, 1951.

DEPARTMENT OF THE INTERIOR
Defense Minerals Administration
RECEIVED
OCT 29 1951

Mr. James A. Barr, Chief,
Industrial Minerals Branch,
Defense Minerals Administration,
Washington 25, D. C.

Dear Mr. Barr:

With further reference to my letter of September 25, and to your reply of October 1, 1951, I am wondering whether or not you would be willing to assist in financing the securing of the leases on the property under consideration. If so, or if you can not assist in this connection, please send me about fifty (50) forms covering the subordination agreement, which you will require in financing matters of this nature.

This being a small operation I estimate that the entire job will be completed within fifteen (15) or twenty (20) days after we start. In that event will you advance 90% of the cost at once; or will we have to wait for a period of time?

I have entered into a tentative agreement with the principle property owners whereby they will lease their land for a period of ninety (90) days, for exploratory surveys, for fifty cents (50¢) per acre. At the expiration of this period they will negotiate a lease for five years at one dollar ($1.00) per acre per year payable in advance. Or rather the five year lease will be made at the time the ninety day (90) day lease is made but will be effective at the expiration of the ninety (90) period. In the event we do not find Sulphur in paying quanties, the leases will be cancelled in ninety (90) days and returned to the owners.

The leases will be secured and placed in the bank, who will notify you that this has been done, at which time you may send the bank 90% of the cost.

Sincerely yours,

G. W. Prutsman

GWP:jac

G. W. Prutsman.

P. S. I am not submitting form MF-100 as this seems to apply to companies already in operation, with capitol stock, inventories of material on hand etc.

Form MF-103

UNITED STATES DEPARTMENT OF THE INTERIOR
DEFENSE MINERALS ADMINISTRATION

Budget Bureau No. 42-R1035.1.

MF-103 Should Be Filed With General Technical Data Form MF-100

APPLICATION FOR AID FOR AN EXPLORATION PROJECT PURSUANT TO MINERAL ORDER 5, UNDER DEFENSE PRODUCTION ACT OF 1950

Not To Be Filled in by Applicant

Docket No. dma 2198
Metal or Mineral
Date Received 10-29-51
Amount $
Participation (Government %)

G. W. Prutsman,
1910 Octavia Street,
New Orleans 15, La.

Name and address of applicant

Date October 26, 1951.

If you have already filed MF-100, give date filed _____, type of assistance requested _____,

DMA Docket Number (if available) _____

INSTRUCTIONS

Read Mineral Order 5, Regulations Governing Government Aid in Defense Projects, before completing this application. Submit four copies each, of the signed application form, General Technical Data Form MF-100, and answers to questions as specified, to Defense Minerals Administration, Department of the Interior, Washington 25, D. C., or to the nearest field executive office thereof, with your name and address on each sheet of the application and all accompanying papers. If you have previously filed MF-100, it is not necessary to file it again. However, you should indicate in space provided above the type of assistance previously applied for (loans, procurement contracts, etc.) and DMA Docket Number, if available. *When a question is inapplicable it should be so stated in the form.* Additional sheets should be attached in answering any questions or in supplying additional information. IF YOU CANNOT ANSWER A QUESTION, SO STATE.

1. (*a*) Give a description of the real property that will be in any way involved in the exploration project, including any existing mine or operating property. Section No. 28-8-13 and adjacent property in St. Tammany Parish, Louisiana.

   (*b*) If you are not the owner of the property, submit a copy of the lease, purchase option, or other agreements under which you are authorized to operate the property with each copy of your application.

   (*c*) Give the legal description of the exact parcel, plot, or area upon which the exploration is to be conducted. See 1 (a) Property contains Sulphur which is 100' thick over 1500acres.

   NOTE: (1) If both areas are the same, so state. The only obligation to repay the Government is from the net earnings from any commercial discovery made in the area specified in (*c*) above in which the exploration is to be conducted, and the expenditure of funds which may be charged as costs of the project must be limited to that area or to work necessary to perform the exploration in that area.

   (2) If applicant is not the owner of the property or if there are any liens or encumbrances against the property, copy of agreements of claimants, lienors, encumbrances, and lessors subordinating their interests in the property to the interest of the Government under the Exploration Project Contract will be required for attachment to the Contract.

2. (*a*) What metals or minerals do you expect to find? Sulphur.

   (*b*) Furnish statement of the geologic features of your property, giving type of ore deposit and reasons for expecting to find commercial ore bodies. Illustrate with maps or sketches. If you have a geologic or engineering report, or assay maps showing width and grade, please send them with application, stating whether or not you wish to have them returned.

Defense Minerals Adm. RECEIVED OCT 29 1951

The information requested in questions 3, 4, 5, 6, 7, 8, and 9 below should be answered specifically and in detail, as this information will be attached to and incorporated as part of the Exploration Project Contract, if such contract is entered into with you by the Government.

ANSWER EACH QUESTION ON SEPARATE SHEETS OF PAPER AND SUBMIT A COPY OF EACH ANSWER FOR EACH COPY OF YOUR APPLICATION.

3. (*a*) Describe fully the proposed work and give the total cost of the project.

   (*b*) State the time required to start the project and to complete it.

4. Submit a map or sketch of the property involved showing a plan (and cross section, if needed) of the present mine workings and the *location of the proposed exploration work* as related to geologic features, such as contacts, veins, ore-bearing beds, etc.

5. Furnish an itemized list of existing facilities, buildings, installations, and fixtures with a statement of the cost of any necessary rehabilitation or repairs to put into useful and operable condition.

6. Furnish a detailed list of additional facilities, buildings, and fixtures to be purchased, installed, or erected by you, with the estimated cost of each item.

7. Furnish a detailed list of operating equipment, separated into items to be—

   (*a*) Rented

   (*b*) Purchased

   (*c*) Furnished by you

   with the rental, purchase price, or depreciation of each item, as the case may be, to be charged as a cost of the project.

8. Furnish an itemized schedule of labor, by numbers and classes (miners, muckers, etc.) and of supervisors by numbers and positions, with the maximum wages or salaries to be paid to each.

9. Furnish a detailed list with estimated cost of each item for materials, supplies, engineering, assaying, accounting, power, water, utilities, and any other items not provided for above.

10. (*a*) How much are you prepared to invest in the proposed project?

    (*b*) Is this amount sufficient to pay your part of the cost of the project, in accordance with the regulations on Government participation (Sec. 9 of MO–5)?

11. State any conditions or circumstances regarding the property not sufficiently brought out by the foregoing questions.

Form MF-103
(Revised June 1951)

UNITED STATES DEPARTMENT OF THE INTERIOR
DEFENSE MINERALS ADMINISTRATION

Budget Bureau No. 42-R1035.1.

MF-103 Should Be Filed With General Technical Data Form MF-100

APPLICATION FOR AID FOR AN EXPLORATION PROJECT PURSUANT TO MINERAL ORDER 5, UNDER DEFENSE PRODUCTION ACT OF 1950

Not To Be Filled in by Applicant

Docket No. DMA 2198
Metal or Mineral
Date Received 10-29-51
Amount $
Participation (Government %)

Name and address of applicant

[illegible],
[illegible] Octavia Street,
[illegible] Orleans 18, La.

Date October 23, 1951.

If you have already filed MF-100, give date filed _____, type of assistance requested _____,

DMA Docket Number (if available) _____

INSTRUCTIONS

Read Mineral Order 5, Regulations Governing Government Aid in Defense Projects, before completing this application. Submit four copies each, of the signed application form, General Technical Data Form MF-100, and answers to questions as specified, to Defense Minerals Administration, Department of the Interior, Washington 25, D. C., or to the nearest field executive office thereof, with your name and address on each sheet of the application and all accompanying papers. If you have previously filed MF-100, it is not necessary to file it again. However, you should indicate in space provided above the type of assistance previously applied for (loans, procurement contracts, etc.) and DMA Docket Number, if available. *When a question is inapplicable it should be so stated in the form.* Additional sheets should be attached in answering any questions or in supplying additional information. IF YOU CANNOT ANSWER A QUESTION, SO STATE.

1. (*a*) Give a description of the real property that will be in any way involved in the exploration project, including any existing mine or operating property. Section No. [illegible] and adjacent property in [illegible] Parish, Louisiana.

   (*b*) If you are not the owner of the property, submit a copy of the lease, purchase option, or other agreements under which you are authorized to operate the property with each copy of your application.

   (*c*) Give the legal description of the exact parcel, plot, or area upon which the exploration is to be conducted. See 1 (a) Property contains sulphur which is [illegible] than over [illegible] acres.

   NOTE: (1) If both areas are the same, so state. The only obligation to repay the Government is from the net earnings from any commercial discovery made in the area specified in (*c*) above in which the exploration is to be conducted, and the expenditure of funds which may be charged as costs of the project must be limited to that area or to work necessary to perform the exploration in that area.

   (2) If applicant is not the owner of the property or if there are any liens or encumbrances against the property, copy of agreements of claimants, lienors, encumbrances, and lessors subordinating their interests in the property to the interest of the Government under the Exploration Project Contract will be required for attachment to the Contract.

RECEIVED
OCT 29 1951

2. (*a*) What metals or minerals do you expect to find? Sulphur.

   (*b*) Furnish statement of the geologic features of your property, giving type of ore deposit and reasons for expecting to find commercial ore bodies. Illustrate with maps or sketches. If you have a geologic or engineering report, or assay maps showing width and grade, please send them with application, stating whether or not you wish to have them returned.

16—64067-2

The information requested in questions 3, 4, 5, 6, 7, 8, and 9 below should be answered specifically and in detail, as this information will be attached to and incorporated as part of the Exploration Project Contract, if such contract is entered into with you by the Government.

ANSWER EACH QUESTION ON SEPARATE SHEETS OF PAPER AND SUBMIT A COPY OF EACH ANSWER FOR EACH COPY OF YOUR APPLICATION.

3. (*a*) Describe fully the proposed work and give the total cost of the project.

   (*b*) State the time required to start the project and to complete it.

4. Submit a map or sketch of the property involved showing a plan (and cross section, if needed) of the present mine workings and the *location of the proposed exploration work* as related to geologic features, such as contacts, veins, ore-bearing beds, etc.

5. Furnish an itemized list of existing facilities, buildings, installations, and fixtures with a statement of the cost of any necessary rehabilitation or repairs to put into useful and operable condition.

6. Furnish a detailed list of additional facilities, buildings, and fixtures to be purchased, installed, or erected by you, with the estimated cost of each item.

7. Furnish a detailed list of operating equipment, separated into items to be—

   (*a*) Rented

   (*b*) Purchased

   (*c*) Furnished by you

   with the rental, purchase price, or depreciation of each item, as the case may be, to be charged as a cost of the project.

8. Furnish an itemized schedule of labor, by numbers and classes (miners, muckers, etc.) and of supervisors by numbers and positions, with the maximum wages or salaries to be paid to each.

9. Furnish a detailed list with estimated cost of each item for materials, supplies, engineering, assaying, accounting, power, water, utilities, and any other items not provided for above.

10. (*a*) How much are you prepared to invest in the proposed project?

    (*b*) Is this amount sufficient to pay your part of the cost of the project, in accordance with the regulations on Government participation (Sec. 9 of MO–5)?

11. State any conditions or circumstances regarding the property not sufficiently brought out by the foregoing questions.

CERTIFICATION

The undersigned company, and the official executing this certification on its behalf, hereby certify that the information contained in this form and accompanying papers is correct and complete to the best of their knowledge and belief.
