REGIONAL DIRECTOR'S OFFICE REGION IV JAN 2 - 1951 BUREAU OF MINES DENVER, COLORADO

December 26, 1950

C. W. Gregory & Lester Cahill
749 B Street
Salida, Colorado

In replying please refer to
DMA Docket No. 60

Gentlemen:

Your application for a Government loan under provisions of the Defense Production Act of 1950 has been reviewed by the Lead-Zinc Committee of the Defense Minerals Administration. Before your application can be considered further, certain additional information is required.

Enclosed are five copies of N.S.R.B. form 146, Application for Government Loan. Please supply the data requested and return four of these schedules to Dr. James Boyd, Administrator Defense Minerals Administration, Department of the Interior, Washington 25, D. C. The Bureau of Mines regional office in Denver, Colorado will be pleased to assist you in completing form 146 in case you have any questions regarding the information requested. A prompt return of this form will be appreciated.

Very truly yours

OTTO HERRES, Chairman
Lead-Zinc Committee, DMA

Request for Governmental assistance under Defense Production Act. Amount of loan requested $30,000.00
Name of Mines: Cora & Jupitor, located in Korber Mine Dist., Saguache County, Colorado
Owened by Walter Timney, 1553 Arvilla Rd., Las Vegas, Nev.
Previously opered by Navada Mines Co.
Now leased by & operated by C. W. Gregory, 749 B St., Salida, Colorado, having approx. 19 yrs. mining experiance
Past operation has been mostly development work and has produced approx. 1000 tons of ore.

The proposed work or as followes:

100' raise cutting Jupitor Vain above at points 23 on mine map approx. cost of work, timber, labor, powder ect. including gasoline misc. for compressor, $1,500.00.

300' - 30° Winds. at point 21a crossing shower fault, approx. cost $7000.00.

300' drift at point 21c, approx. cost, $7000.00.

All equiptment being used at present is on rented bases. New equipment desired:

Compressor 210	$8000.00
Drilling machine est.	1500.00
Air blower for ventilation	400.00
Air vent tubing approx. 2000'	500.00
Drill bits ects.	500.00
Battery charger & lights	200.00
Bull hose or pipe 2" 600'	800.00
Rail approx. 700'	400.00
Mine cars 4	100.00
Misc cost as repairs on machinery, bit grinding ect. ect.	1100.00

2 miners are working at present. 4 employs additional will be necessary; 1 miner; 1 outside man; 1 tramer; 1 truck driver. All are available.

Ore is milled at Leadville, Colo. by Resurrection mill which is 100 miles from mine and will be trucked by operator to mill.

At present mine can produce approx. 5 tons daily. After work is completed will produce approx. 20 tons.

Roads to mine are maintained by County and kept in good condition year round.

The proposed worked should be completed in 5 months. This mine can operate successably at 12¢ lead & 12¢ zinc.

There are mines operating above and below this property at present time & have been for several years.

No attempt has ever been made to secure finance for this property.

We are now working on 2' of ore which will net approx. $30.00 per ton, lead and zinc.
