In replying please
refer to Docket DMA-290

Dear Mr. Wilson:

Your letter of December 26, 1950 addressed to James Boyd requesting assistance in equipping and developing your mining property near Lake City, Colorado has been referred to me for reply.

It will be necessary for you to file an application for a necessity certificate, copies of which are enclosed, before any action can be taken on an accelerated rate of amortization for your operation. Three copies of Form 140 should submitted to the National Security Resources Board, in Washington 25, D. C. Also enclosed are five copies of NSRB Form 146, application for Government loan, four copies of which should be returned to Dr. James Boyd, Administrator, Defense Minerals Administration, Department of Interior, Washington 25, D. C. Other pertinent information regarding your property such as engineers' reports and maps which you have indicated are available should also be included. A check list of mine and geologic information desired is enclosed for your use in preparing an application.

I trust this information and these enclosures satisfactorily answer your inquiry. If I can be of further service to you at any time, please feel free to call upon me.

Very truly yours,

OTTO HERRLS, Chief
Lead-Zinc Branch, DMA
