AUG 9 1962

Re: OME-6265 (Iron Ore)
John A. Weeks
Old Ironsides Property
Saguache County, Colorado

Dear Mr. Weeks:

The information submitted with your letter of August 3, 1962, does not add materially to that furnished with your application for financial assistance in minerals exploration.

As you have not furnished any factual data which would support the possibility of a significant discovery being made on your property, we would not be justified in going to the expense of having a field examination made.

We are very sorry, but without more specific information as outlined on the back of the application and referred to in our letter of July 27, 1962, we have no alternative but to deny your application unless, of course, you wish to withdraw it.

Sincerely yours,

George Fumich, Jr.

Director
