To accompany exploration loan application on MF-103
Irving G. Irving 84 Harbour Bldg., Butte, Mont.

Cross Section A-A'

Looking East
1" = 100'

Vertical Longitudinal Section B-B'

Looking Northerly
1" = 100'

Showing Veins D, and B-C (combined) in longitudinal Section—projected on to Vertical plane through B-B'

Note: Vein A not shown on this Section

Note: In ore calculations—increase vertical measurements by 42½% because of flat dip of vein.
