Mr. Hardy Calvin Cable

Hazelwood, North Carolina

Re: Docket No. DMEA-4335-mica
Hardy Calvin Cable
Claude Scott Mine
Macon County, North Carolina

Dear Mr. Cable:

This is with reference to our letters of July 25 and August 29, 1956, requesting submittal of six copies of an executed Consent to Lien and a copy of a lease covering a larger land area in order to enable us to continue processing your application.

As we have not received any reply to our letters, we are considering your application as having been withdrawn and are placing it in our inactive files.

We regret the necessity of taking such action, however, it is taken without prejudice to your proposed project. If at some future time you desire to reopen this case, you may do so by filing a new application, referring to the subject application by the DMEA Docket No., and furnishing the information and documents previously requested, together with any other information that you think might be helpful.

Sincerely yours,

C. O. Mittendorf

Dear Mr. Cable:

Reference is made to our letter of July 25, 1956, requesting submittal of ~~the~~ copies of an executed Consent to Lien and a copy of a lease covering a larger land area in order to enable us to continue processing your application.

We wish to cooperate with you fully in allowing ample time to supply the requested documents; however, we cannot indefinitely postpone action on an application. Therefore, if we do not receive the requested documents within thirty days from the date of this letter, we will assume that you are no longer interested in proceeding with your application, and we will consider it as having been withdrawn.

Sincerely yours,

Hazelwood, North Carolina

Re: Docket No. DMEA-4335-mica
Hardy Calvin Cable
Claude Scott Mine
Macon County, North Carolina

Dear Mr. Cable:

Reference is made to your application for Government assistance to explore the subject property.

On June 22, 1956, we wrote you a letter requesting that you arrange for a larger land area if possible, since the two acres covered by the lease appear to be inadequate for an exploration project. We also enclosed for execution, seven copies of a new Consent to Lien form, MF-203.

A prompt delivery of six copies of this executed Consent to Lien and a copy of a lease covering a larger land area, five acres if you can make the arrangement, will enable us to continue processing your application.

Sincerely yours,

SIGNED

Re: Docket No. DMEA-4335-nlca
Hardy Calvin Cable
Claude Scott Mine
Macon County, North Carolina

Dear Mr. Cable:

Reference is made to your application for Government assistance to explore the subject property.

It is noted that you lease the property and that it consists of approximately two acres. This area appears to be inadequate for your exploration project. If you can arrange for an area of at least five acres, we will be glad to give your application further consideration.

The Owner's Consent to Lien you submitted is on an old form. We are enclosing seven copies of the new form, MF-203, revised March 24, 1955, which we now require. Please have these filled out and executed and return six copies to this office, at the same time you submit a lease covering the above requested acreage.

Processing of your application will be held in abeyance pending receipt of the requested documents.

Sincerely yours,

Lawrence G. Houk, Chief
Nonmetallic Minerals Division

Memorandum

To: Nonmetallic Minerals Division
Defense Minerals Exploration Administration

From: W. F. Dietrich, Chief
Branch of Ceramic and Fertilizer Materials

Subject: DMEA-4335 (mica)

Applicant: Hardy Calvin Cable, Hazelwood, N. C.

Name and Location of Property: Claude Scott Mine, Macon County, N. C.

Date Application Rec'd. by Br. of Ceramic & Fertilizer Materials: 6/14/56

Comments:

1. A copy of the lease is not attached to the application.

2. No data are available in this office on previous production, but the applicant states that he produced $1400 worth of hard flat green mica, some lots of which he sold for $40 and $70 per pound.

Recommendation:

It is recommended that the field team visit this mine when in that vicinity to ascertain if an exploration project is justified. If so, the field team and applicant should agree on a definite plan of exploration on a unit-cost basis.

INSTRUCTIONS

RECEIVED
JUN 12 1956
Geologic Division
Knoxville, Tenn.

1. *Name of applicant.*—(*a*) State here your full legal name, in the form in which you will wish to contract, and your mailing address: Hardy Calvin Cable
Hazelwood
N.C.

(*b*) If other than an individual, add to your name above whether a corporation, partnership, etc., and the name of the State in which incorporated or otherwise organized.

(*c*) If a corporation, add to above statement, titles, names and addresses of officers.

(*d*) If a partnership, add to the above statement the names and addresses of all partners.

2. *General.*—Read DMEA Order 1, "Government Aid in Defense Exploration Projects," before completing this application. Submit this application and all accompanying papers in quadruplicate (four copies), with your name and address on each sheet of the application and on all accompanying papers. Where sufficient space is not provided on the form for all required information, state it on an accompanying paper, with a reference in each case to the instruction to which it refers by number. Comply with all applicable instructions; or, if not applicable, so state. File the application with Defense Minerals Exploration Administration, Department of the Interior, Washington 25, D. C., or with the nearest field executive officer thereof.

3. *Applicant's property rights.*—(*a*) State the legal description of the land upon which you wish to explore, including all land which you possess or control that may be benefited by the exploration, and excluding any land or interest in land which is not to be included in the exploration project contract a tract of land 300 ft sq. on the Saunderstown Road, recorded in the office of the Register of Deeds in Macon County, Franklin, N.C. in Book N-5 Page 528.

(*b*) State any mine name by which the property is known. Claude Scott Mine

(*c*) State your interest in the land, whether owner, lessee, purchaser under contract, or otherwise. I have obtained a lease with rights to work the mine.

(*d*) If you are not the owner, submit with this application a copy of the lease, contract, or other document under which you control the property.

(*e*) If you own the land, describe any liens or encumbrances on it

(*f*) If the land consists of unpatented claims, add to the description above, the book and page numbers for each recorded location notice.

4. *Physical description.*—(*a*) Describe in detail any mining or exploration operations which have been or now are being conducted upon the land, including existing mine workings and production facilities. State your interest, if any, in such operations. Also describe accessibility of mine workings for examination purposes.

(*b*) State past and current production, and ore reserves, if any, giving quantities and grades.

(*c*) Describe the geologic features of the property, including mineralization, type of deposit (vein, bedded, etc.), and your reasons for wishing to explore. Illustrate with maps or sketches. Send with your application (but not necessarily as a part of it) any geologic or engineering report, assay maps, or other technologic information you may have, indicating on each whether you require its return to you.

(*d*) State the facts with respect to the accessibility of the project: Access roads, distances to shipping, supply and residence points.

(*e*) State the availability of manpower, materials, supplies, equipment, water, and power.

5. *The exploration project.*—(*a*) State the mineral or minerals for which you wish to explore Mica

(*b*) Describe fully the proposed work, including a map or sketch of the property showing a plan (and cross sections if needed) of any present mine workings, and the location of the proposed exploration work as related to such features as contacts, veins, ore-bearing beds, etc.

(*c*) The work will start within 3 days and be completed within 3 months from the date of an exploration project contract.

(*d*) State the operating experience and background of the applicant with relation to the ability to carry out such exploration project, and also that of the person or persons who will supervise the operations.

6. *Estimate of costs.*—Furnish a detailed estimate of the costs of the proposed work (you will have to use a separate sheet), under the following headings. Add the totals under all headings to give the estimated total cost of the project:

(*a*) *Independent contracts.*—(Note.—If the applicant does not intend to let any of the work to contractors, write "none" after this item. To the extent that the work is to be contracted, do not repeat the cost of the contract-work in subsequent items.) State the cost of any proposed independent contracts for the performance of all or any part of the work, expressed in terms of units of work (such as per foot of drilling, per foot of drifting, per hour of bulldozer operations, per cubic yard of material moved, etc.). None

(*b*) *Labor, supervision, consultants.*—Include an itemized schedule of numbers, classes and rates of wages, salaries or fees for necessary labor, supervision and engineering and geological consultants. None

(*c*) *Operating materials and supplies.*—Furnish an itemized list, including items of equipment costing less than $50 each, and power, water and fuel.

(*d*) *Operating equipment.*—Furnish an itemized list of any operating equipment to be rented, purchased, or which is owned and will be furnished by the Operator, with the estimated rental, purchase price, or suggested use-allowance based on present value, as the case may be.

(*e*) *Rehabilitation and repairs.*—Furnish a detailed list showing the cost of any necessary initial rehabilitation or repairs of existing buildings, installations, fixtures, and movable operating equipment, now owned by the Operator and which will be devoted to the exploration project.

(*f*) *New buildings, improvements, installations.*—Furnish a detailed list showing the cost of any necessary buildings, fixed improvements, or installations to be purchased, installed or constructed for the benefit of the exploration project.

(*g*) *Miscellaneous.*—Furnish a detailed list showing the cost of repairs to and maintenance of operating equipment (not including initial rehabilitation or repairs of the Operator's equipment), analytical work, accounting, workmen's compensation and employers' liability insurance, and payroll taxes.

(*h*) *Contingencies.*—Give an estimate of any necessary allowances for contingencies not included in the costs stated above.

NOTE.—No items of general overhead, corporate management, interest, taxes (other than payroll and sales taxes), or any other indirect costs, or work performed or costs incurred before the date of the contract, should be included in the estimate of costs.

7. (*a*) Are you prepared to furnish your share of the cost of the proposed project in accordance with the regulations on Government participation (Sec. 7, DMEA No. 1)? Yes

(*b*) How do you propose to furnish your share of the costs?

☐ Money ☒ Use of equipment owned by you ☐ Other

Explain in detail on acompanying paper.

CERTIFICATION

The undersigned, whether as an individual, corporate officer, partner, or otherwise, both in his own behalf and acting for the applicant, certifies that the information set forth in this form and accompanying papers is correct and complete, to the best of his knowledge and belief.

Title 18, U. S. Code (Crimes), Section 1001, makes it a criminal offense to make a willfully false statement or representation to any department or agency of the United States as to any matter within its jurisdiction.

U. S. GOVERNMENT PRINTING OFFICE 16—66551-1

RECEIVED
JUN 14 1956

4 Physical Description

a.— In time past there has been an old shaft sunk sixty-feet. Then drifted west ten feet. Then a drift was made north West of about 70 ft. When the muck in the drift was cleared of mica and removed that was all of the muck that was ever taken out. They drilled and shot down on the bottom more muck and mica. When the mica was picked out the muck was left and more drilled and shot down. This same operation was carried on for some time. The people failed to pay their royalty and the owner forced them out. Later, I heard of the mine and was given the right to work it. I went in and saw that it would be too expensive an operation to remove all that muck. So I did as the others had done. I got about $1400.00 of mica. But the nearer we came to the top of the ground the smaller the mica until it did not pay to operate it.

When I went in the mine I built a new ladder road (which was a year ago). I think it would be safe to use for any inspection necessary.

Now here is what I would like to do— Sink the shaft 20 ft. down

and get under all of this old work and get on the vein.

b.— The first work was certainly a paying proposition and I made good money out of what I did. This was green mica, hard and flat. I sold some $70.00 mica, a good bunch of $40.00 grade.

c.— We found that the best mica was deeper in the ground. My reason for wanting to explore this mine is to make some money.

RECEIVED
JUN 14 1956

d.— This mine is right on the side of an all weather road. It is located three miles out of Franklin, N.C. on a hard top road No. 441, then 1 mile on an all weather road.

e.— Man power is locally available. Supplies are available in Franklin N.C. I have my own equipment. Water is available on the property. Electricity is available too.

5. Exploration Project — a. mica (green)

b. There has been an old shaft sunk 60ft.

RECEIVED
JUN 14 1956

Most of this is rotted out with marks still there about 40 ft.

Now what I would like to do is sink the shaft about twenty ft. deeper and get under the old work. Then follow the vein.

c—. The work can be started within 3 days and should be on a paying basis in 3 months.

d—. I have had quite a bit of experience this line. I have worked in this mine and I know what I have already done there.

6. Estimate Costs.

d—. I estimate it will cost $10.00 per ft. to rehabilitate the shaft and $25.00 per ft to drift and $50.00 per ft to sink the shaft.

e—. I already have all the needed equipment with which to operate, compressor, jack hammer, pumps hand tools, etc.

OWNER'S CONSENT TO LIEN

WHEREAS, the undersigned, as owner, co-owner, lessor, or seller has an interest in certain property in the State of North Carolina County of Macon described as follows:1/

A tract of land 300 ft. sq. on the Saunderstown Road, recorded in the office of the Registry of Deeds in Macon Co. Franklin, N.C. in Book N-5 page 528

which is the subject of a proposed exploration project contract, hereinafter called the "contract", between the United States of America, hereinafter called the "Government", and

2/ Hardy Calvin Cable
Hazelwood, N.C.

hereinafter called the "Operator"; and

WHEREAS, under the provisions of said contract the Government is entitled to a percentage royalty on production and to other rights and equities which do or may conflict with or be adverse to the rights of the undersigned:

NOW THEREFORE, the undersigned, in consideration of said contract and as an inducement to the Government to enter into same, undertakes and agrees as follows:

1. The Government's equity in and right to dismantle, sever, take possession of, and remove and dispose of facilities, buildings, fixtures, equipment, or other items as provided in the contract or any amendment thereof shall prevail over and be prior and superior to any conflicting or adverse rights of the undersigned, and the Government is authorized to enter upon the land for such purposes.

2. To secure the payment to the Government of the percentage royalty on production3/ provided for under the terms of said exploration project contract or any amendment thereof there is hereby granted to the Government a lien upon the land above referred to and upon any production of minerals therefrom until said royalty is fully paid or ten years have elapsed from the date of the contract, whichever occurs first.

1/ Either (a) insert the legal description of the land, or (b) strike out the words "as follows" and insert "in a lease [or contract, deed, or other document] dated May 19, 1956 and recorded in book H-6 page 565 official records of said county." If (b) is used, the book and page of recordation cannot be dispensed with. If the space provided is insufficient, use an Annex, and refer to the Annex in the space.

2/ Insert the name of the Operator as it will appear in the exploration project contract.

3/ Mining or production from the land is not required, and in the absence of production there is no obligation to repay the Government.

(OVER)

3. The undersigned shall commit no act nor assert any claim that may contravene or conflict with the lien, claim, or rights of the Government under the provisions of said contract. This agreement shall be binding upon the heirs, executors, administrators, successors, and assigns of the undersigned.

To secure the payment to the Government of the percentage royalty on production3/ provided for under the terms of said exploration project contract or any amendment thereof there is hereby granted to the Government a lien upon the land above referred to and upon any production of minerals therefrom until said royalty is fully paid or ten years have elapsed from the date of the contract, whichever occurs first.

1/ Either (a) insert the legal description of the land, or (b) strike out the words "as follows" and insert "in a lease [or contract, deed, or other document] dated May 19, 1956, and recorded in book 206 page 565 official records of said county." If (b) is used, the book and page of recordation cannot be dispensed with. If the space provided is insufficient, use an Annex, and refer to the Annex in the space.

2/ Insert the name of the Operator as it will appear in the exploration project contract.

3/ Mining or production from the land is not required, and in the absence of production there is no obligation to repay the Government.

(OVER)

3. The undersigned shall commit no act nor assert any claim that may contravene or conflict with the lien, claim, or rights of the Government under the provisions of said contract. This agreement shall be binding upon the heirs, executors, administrators, successors, and assigns of the undersigned.

RECEIVED
JUN 14 1956

NORTH CAROLINA
MACON COUNTY

THIS LEASE AGREEMENT, Made and entered into this the 19th day of May, 1956, by and between LEONARD GREEN and wife, TINNIE GREEN, of Macon County, North Carolina, parties of the first part, hereinafter designated as lessors, and H. C. CABLE, of Hazelwood, Haywood County, North Carolina, party of the second part, hereinafter designated as lessee,

WITNESSETH:

That the said parties of the first part do hereby lease unto the party of the second part, his heirs and assigns, the mica and mica mining privileges upon a certain tract or parcel of land in Millshoal Township, Macon County, North Carolina, described as follows:

> A tract of land 300 feet square, and being a part of the land conveyed to lessors by N. A. Gibson and wife, Josie Gibson, by deed dated 2 February, 1946, and recorded in the office of the Register of Deeds for Macon County, N. C., in Book N-5 of Deeds, page 528, the land hereby leased being more particularly described as follows:
>
> BEGINNING at a point on the South side of the Sanderstown Road nearest the Claude Scott mine shaft, runs Eastward with said road 150 feet to a point; then South 300 feet to a point; then Westward 300 feet to a point which is situated 300 feet South of the Sanderstown Road; then Northward 300 feet to a point on the South side of Sanderstown Road; then Eastward with the South side of said road, 150 feet to the BEGINNING.

This lease is made upon the following terms and conditions:

1. Lessee agrees to pay lessors a royalty of twelve and one-half (12½) per cent of the gross selling price of all mica recovered from said property, and all royalty payments shall be due and payable within ten days from the date of sale.

2. Lessee agrees to keep a record of all sales, which shall be open for inspection of lessors at all times.

3. The duration of this lease shall be five (5) years from the date hereof, but it is understood and agreed that if mining operations upon said property shall prove profitable, that lessee shall have the right to renew this lease for an additional five (5) years at the end of said time.

4. It is understood and agreed between the parties hereto that lessee will begin mining operations within six (6) months from the date hereof, and will continue such operations for as long as the same may be

RECEIVED
JUN 14 1956

profitable. If at any time lessee shall discontinue operations for as long as ninety (90) consecutive days, the lessors, at their option, may declare this lease to be terminated and of no further force and effect.

5. It is understood and agreed between the parties hereto that lessee shall not dump any material taken from the mine upon the property above described. Lessee on his part agrees that if it should become necessary to drive another shaft upon the leased property, that he will fill the Claude Scott shaft and sow grass where the shaft now is.

TO HAVE AND TO HOLD said mica and mining privileges hereunto set forth according to the terms hereof, unto the said party of the second part, his heirs and assigns, to their own use and behoof.

IN TESTIMONY WHEREOF the said LEONARD GREEN and wife, TINNIE GREEN, lessors, and H. C. CABLE, lessee, have hereunto set their hands and affixed their seals the day and year first above written.
