May 24, 1951

Mr. Joseph H. Torris
President, St. Christopher
Mining & Milling Corp.
of America
809 Hardy Avenue
Albuquerque, New Mexico

Dear Mr. Torris:

We expect to be up in the Petaca district for a few days the latter part of next week and would like to examine your placer deposit of columbite and rare earths while we are there.

We will contact you in Albuquerque at the above address on Tuesday afternoon, May 29, 1951, and we can make a definite date (probably May 30) to examine your property.

This examination is to be made in connection with your application for a development loan.

Sincerely yours,

John H. Soule'
Acting Supervising Engineer

REGIONAL DIRECTOR'S OFFICE
REGION IV
MAR 1 1951
BUREAU OF MINES
DENVER, COLORADO

809 Hardy Ave.,

Docket Number DMA-55
Columbite Deposit, N.M.

Mr. Charles W. Merrill, Chief Base Metal Branch
United States Department of The Interior
Bureau of Mines
Washington, 25, D. C.

Dear Sir:

With reference to the above docket No. DMA-55, it has been over 90 days that we received your letter of December 7th, 1950. We cannot understand why the long delay for action on this very much critical mineral that could have been produced had your department taken action.

We need this mineral for the war effort, and is critical shortage of it.

All of the reports, blueprints etc. were sent to Denver Colorado, and were acknowledged in Mr. J. H. East, Jr, Regional Director in his letter of November 20th, 1950.

Please advise what is holding the matter up?

Yours very truly,

President.

609 Hardy Avenue
Albuquerque, New Mexico

Dear Mr. Torrio:

This will acknowledge receipt of your letter dated November 16, 1950, enclosing four copies of a report, and one set of blueprints, on your placer deposit of Columbit and rare earths, located in Rio Arriba County, New Mexico.

Your report will be given careful consideration.

Sincerely yours,

J. H. Nash, Jr.
Regional Director
