Data obtained 2/18/59 from R. Kirchman, Mgr., at the office of the Faith mine from which the above noted DMEA ore was produced. The corporation continues to operate the Faith mine 2 shifts daily and 6 days per week with a total crew of 20. It also operates the nearby Doris mine in W½ of Sec. 32, that was explored and developed by corporation without Government aid.

Total thru Dec. 1958		15,053.409	57,233.51

The AEC records of production which I checked at Grants, N. Mex. 2/18/59 and the DMEA record were, with the below noted exceptions, the same as the Operator's.

1. The DMEA has no record of the shipment of Liq. No. A-1072. This shipment reportedly was made late in December 1958.

2. The AEC has no record of the 912 tons and 403 tons of Statements "A" and "B", respectively.

Mr. Kirchman was not asked to explain why the shipment of Liq. No. A-1072 had not been reported to the OME because a report on this shipment from the Operator's New York office normally would not be expected until later.

However, he did offer the following explanation as to why the AEC has no record of the ore of Statements "A" and "B". This ore, containing 0.12 percent U_3O_8 as determined by reliable radiometric assays was produced from the Faith mine. As the ore was of a non-economic shipping grade, permission was obtained from the AEC, to up-grade it with high grade ore from the Doris mine. This was done and the resulting shipments of blended ore were credited to the Doris mine.

It follows, on the basis of Mr. Kirchman's statements, that the ore of Statements "a" and "B" cannot be documented by the customary buyer's certificate containing tonnage and chemical assay. Furthermore, there is no reason to doubt the veracity of Mr. Kirchman. Under these conditions, it appears that documentation of the production in question can be considered acceptable.

Dear Mr. Connors:

In accordance with Mr. F. E. Johnson's letter of October 12, 1960, we have prepared a statement showing the computation of the additional royalty due after adjusting the royalty to the basis of the value of yellow cake sold from production during the period our company operated the Faith Mine. This statement is enclosed.

The statement shows that an additional $13,771.80 is due. Accordingly, our check (Check #951568) dated December 6, 1960 in the amount of $13,771.80 is enclosed herewith.

Should you have any questions regarding the enclosed material, please advise.

Very truly yours,

Mr. H. M. Connors
Acting Field Officer
OME, Region III
Building 20, Denver Federal Center
Denver 25, Colorado

Dear Mr. Connors:

In accordance with Mr. F. E. Johnson's letter of October 12, 1960, we have prepared a statement showing the computation of the additional royalty due after adjusting the royalty to the basis of the value of yellow cake sold from production during the period our company operated the Faith Mine. This statement is enclosed.

The statement shows that an additional $13,771.80 is due. Accordingly, our check (Check #951568) dated December 6, 1960 in the amount of $13,771.80 is enclosed herewith.

Should you have any questions regarding the enclosed material, please advise.

Very truly yours,

Original Signed
