Re: Docket DMA-1689X (Molybdenum)
Exploration Loan
Eagle Rock Claim

Dear Mr. Romero:

A review of your application of June 11, 1951, for a 2,000 exploration contract reveals that a letter dated September 13, 1951, by Mr. J. B. Gowen of the former Supply Division of DMA requested additional information necessary to process your application.

Inasmuch as we have received no reply, we assume that you no longer desire to proceed with the application. We wish to cooperate with you in the matter of allowing ample time, but if the needed data has not been received by March 15, 1952, we will then consider the docket closed.

Sincerely yours,

Ernest Wm. Ellis, Acting Chief
Rare and Misc. Metals Division
Defense Minerals Exploration

Re: DMA-1689X

Dear Mr. Romero:

This is in further reference to your application for exploration aid which has been designated Docket Number DMA-1689X.

In reviewing your application I can find no data called for under paragraph 22, which reads as follows: "Furnish statement of the geological basis of the project with particular emphasis on factors leading the operator to expect the finding of commercial ore-bodies." This statement should be accompanied by supporting maps such as geological maps, maps of the proposed openings and assay maps, sample lists, and other pertinent data.

Before making any field check on this property it will be necessary for you to furnish us with sufficient information as specified in paragraph 22 to justify the expense involved in making a field examination of the property.

Very truly yours,

J. B. Gowen
