Aztec Mining Company of Nevada
139 North Virginia Street
Reno, Nevada

Subject: DMA-1184 - Application for exploration loan - $10,000.

Dear Sirs:

On May 22, 1951, the Chief of the Nickel Ores Branch wrote you regarding the subject application, requesting additional information as to detailed analyses of representative ore samples, and an exact description of the location of the property you wish to explore. You were informed at that time that no further action could be taken on your application until the information requested was received.

In the event no reply is received from you regarding this matter within 60 days, we will assume that you are not now interested in such a loan, and we will record your application as withdrawn.

This action will not, however, preclude you from submitting at a later date an application for a loan or for any other type of assistance that may be available under the provisions of the Defense Production Act.

Sincerely yours,

Tom Lyon
