att Mr S. Ricker, Executive Officer.

Sept 10, 1957

Dear Sirs:

Herewith is our check in sum of $94\frac{18}{100}$ as royalty on lots 35 to 50 inclusive. During recent months we did considerable development on our 400' level and had reached a zone of fair ore before the low price of copper caused us to close down. This report covers all shipments to date and we will notify you when we again can start operations.

Very Truly Yours
Marshall M. Marshall

Dear Sirs!

Herewith is our check in sum of $645.15 covering lots 10 to 22 inclusive, which includes all returns received by us to date.

We have depleted most of our profitable ore reserve at present copper price and some development work will be necessary to find more shipping grade of ore. We have already started to extend the drift on our 400 level.

Very Truly Yours
Maurice M. Marshall
