Dear Mr. Stephenson:

As we have had no reply to our letter of July 17, 1962, we assume you are no longer interested in proceeding with your application for financial assistance in exploring your property.

The data which you have submitted does not indicate that your proposal meets the criteria or requirements for granting exploration assistance. Consequently, we regret that we must deny your application.

Sincerely yours,

Re: OME-6259 (Mercury)

Sec. 127, Block G-4

Dear Mr. Stephenson:

We have your letter of July 15, 1962, concerning your Application for Financial Assistance in Minerals Exploration, and also a letter dated July 2, 1962, from Raymond F. Rice, advising as to status of the mineral rights held by you on Section 127, Block G-4, D & W Ry. Grant, Brewster County, Texas.

The information you have forwarded us about your property and the proposed exploration of it is so inadequate that we would not be justified in sending someone to examine the property. Unless you can give the information requested on the back of the application form in more detail, and as more specifically mentioned in our letter of June 12, 1962, we feel that you should withdraw your application. Otherwise, we regret that our only alternative would be to deny your request for assistance.

Sincerely yours,

George Fumich, Jr.
