DIRECTOR'S OFFICE
DIVISION IV
JUL 30 1951
BUREAU OF MINES
DENVER, COLORADO

Mr. Kevin F. Fallon, Jr., Director
Uranium Ores Company
37 Exchange Place
Salt Lake City 1, Utah

Re: Contract
Fluorspar Ores
Salt Lake Ville

Dear Mr. Fallon:

In reply to your letter of July 3, 1951 and in further reference to my letter of June 21, I wish to draw your attention to the provisions of Contract Order No. 5 which sets forth requirements concerning channel exploration and pay.

We will meet this requirement and [illegible] not provide for this development work and that the pay [illegible] to [illegible] to [illegible] will not [illegible] your obligation and [illegible] should be included work connected with the preparation for [illegible]. It is for this reason that reference was made to underground channel sampling in our letter of June 21, 1951.

I suggest that you contact Mr. [illegible], Jr., the Executive Officer, [illegible] IV, [illegible] Division, Denver 2, Colorado, if you have any further questions on this matter, or write Director's Denver Office.

Yours very truly,

[illegible]
Director, Division of
Supply Division

MEMORANDUM

To: Landon F. Strobel, Executive Secretary

Through: Director, Supply Division

From: Minor and Rare Metals Branch

Subject: Plumbic Uranium
DMA docket 1443x

Under date of May 29, 1951 Plumbic Mines Company, 39 Exchange Place, Salt Lake City, Utah submitted an exploration application in the amount of $60,000 for uranium. Government participation is in the amount of $54,000 or 90%.

I am attaching hereto copy of letter of even date addressed to Mr. David M. Mullough, of Plumbic Mines Company advising that their application is denied. After careful review and study by both the DMA and the A.E.C. the committee has concluded that the project is largely mine development rather than exploration and for this reason does not come within the scope of DMA exploration assistance.

I am returning herewith the complete docket which includes the following:

(a) one copy form MF-103
(b) Exhibit A lease and option
(c) Exhibit B mining lease
(d) Exhibit C balance sheet
(e) report on the Jeanster claims by A. L. Hewitt
(f) DMA review of application dated June 18.

Weston Bourret M.H.
Weston Bourret, Chairman
Fissionable Materials Committee

Approved
Tom Lyon

Director, Supply Division
