DATA ON ROYALTY MATTERS OF WESTERN STATES COPPER CO.

(Now known as Western States Copper & Uranium Corp.)

Shipments on which royalties are due began on September 23,1953. There have been fourteen shipments made on only two of which has there been any royalty payment. These were the last two shipments made.

Total value of production on which DMEA royalty is due	$ 14,268.48
Total amount of Royalty due @ 5%	$ 713.42
Total amount of Royalty actually paid	185.23
Royalty due DMEA	$ 528.19

July 1,1953. The Operator was informed that he would be subject to royalties on all shipments whenever the Government saw fit to certify.

September 27,1954. Certification was recommended by the Field Team.

October 25,1954. Operator was again advised by the Field Team that undoubtedly Certification would be made and that Royalties would be required on all shipments.

November 4,1954. A letter from Washington stated that Certification would be considered after Amendment No.4 was executed or upon advice that the Operator cannot meet the conditions prerequisite to the proposed amendment.

November 19,1954. A letter from Operator to the Field Team. " We are prepared to make repayment to the Government on our DMEA royalties and upon your issuance of Certificate of Discovery will make an accounting with you".

September 22,1955. A letter to the Field Team concerning procedures for collecting overdue royalties.

September 15,1955. A letter to Operator from Field Team demanding that payment of royalties be made by October 17,1955 or matter would be turned over to the Attorney General for action.

September 26,1955. A letter from Operator to Field Team screaming like a panther about the royalty matters etc. Said they could probably pay by December 1,1955. They did not want royalties taken out of smelter payments.(Just another dodge.)

September 22,1955.	Field Team agreed to defer the royalty pay- until not later than December 1,1955. Also advised Operator to advise the purchaser to pay the Government royalties on future shipments.
September 24,1955.	The Operator advised the Tacoma Smelter to pay all future royalties to the Government.
December 15,1955.	Attention was called to the delinquent Royalties and their total amount.
January 6,1956.	The Operator requested more time to pay the delinquent royalties due to year end expenses.
January 27,1956.	Field Team was advised by Washington that the Operator should be notified that if the delinquent royalties were not paid within thirty days the matter would be referred to Washington.
April 5,1956.	Field Team advised Operator that if payment was not made within thirty days, the matter would be referred to the Washington office.
April 10,1956.	A letter from Operator saying that the property is now under lease to some group(not mentioned) for production purposes. They desire more time to pay. They received $3,000 in advance royalties most of which was used to pay taxes to Internal Revenue. (Still more of the same.) This letter was to the Field Team.
April 16,1956.	A letter from Weissenborn to Washington saying that he was still going to refer the matter to the Washington office on May 5,1956.

Contract No. Idm-2436

Dear Mrs. Purdy:

Attached is Check No. 172 dated September 29, 1956, for $92.32 from the H & R Company who subleased the property from Western States Copper Corp. in the spring of 1956. This amount represents the Government's royalty due from a shipment of concentrates, Smelter Lot 2801, from the Rainy mine in accordance with the attached settlement statement.

Sincerely yours,

A. E. Weissenborn

MEMORANDUM

To: DMEA Field Team, Region I, Northwest District

From: E. A. Magill, Mining Engineer, Bureau of Mines

Subject: Shipment data, Docket No. DMEA 2341 (copper), Western States Copper Company, Rainy Mine, King County, Washington, Contract No. Idm-E436

Attached is a data sheet showing the shipments made by the subject company. The first shipments were made in 1951, and there is one truckload of crude ore now at the smelter for which they have not received payment as yet.

All shipments listed were made to the American Smelting and Refining Company at Tacoma, Washington. Shipping charges were either prepaid by the shipper or shipped in Western States Copper Corp. truck.

The first two shipments were made prior to the effective date of the contract and are not subject to royalty.

Operations were shut down on November 14 due to cold and snow and to date they have not started up again. Very likely they will not be able to start their mill again this winter.

Using the attached production figures the royalties due the DMEA are as follows:

Total value of production on which DMEA royalty is due	$14,268.48
Total royalty due @ 5%	713.42
Royalty paid to date (Nov. 22, 1955)	185.23
Royalty due DMEA	$ 528.19

The data on the shipments was obtained from Western States Copper Company. It might be advisable to check this data against the reports submitted to the Division of Mineral Industries, Bureau of Mines, Albany, Oregon.
