11. Photograph of McTier Creek near Monetta, South Carolina (*Site 30* in table 1 and figure 10) (summer) 25
12*A*. Maps showing detailed land use/land cover and wetland cover for McTier Creek Subbasin: land use/land cover, based on National Land Cover Dataset for 2001 26
12*B*. Maps showing detailed land use/land cover and wetland cover for McTier Creek Subbasin: wetland cover, based on U.S. Fish and Wildlife Service National Wetlands Inventory 27
13. Satellite image of McTier Creek Subbasin, South Carolina, showing sampling locations. Map numbers refer to sites listed in table 1. 28
14. Photograph of Gully Creek at Bridge on Shoals Road near Monetta, South Carolina, major tributary to McTier Creek (*Site 31*) (fall) 29

Tables

1. Map numbers and complete site names with basic basin characteristics for streams sampled in New York and South Carolina for U.S. Geological Survey mercury studies, 2005–09 4
2. Sources of environmental-setting data for streams sampled in New York and South Carolina for U.S. Geological Survey mercury studies, 2005–09 8
3. Selected locations in the National Atmospheric Deposition Program–Mercury Deposition Network (NADP–MDN) used to estimate atmospheric wet deposition of total mercury in the Hudson River Basin, New York, and the Edisto River Basin, South Carolina 9
4. Mean air temperature, precipitation, and atmospheric mercury data for primary stream basins sampled in New York and South Carolina for U.S. Geological Survey mercury studies, 2005–09 9
5. Land use/land cover data for streams sampled in New York and South Carolina for U.S. Geological Survey mercury studies, 2005–09 11
6. Hydrologic data for primary stream sites sampled in New York and South Carolina for U.S. Geological Survey mercury studies for period of record and study period of 2005–09 13
7. Mean annual water temperature and range for primary stream sites sampled in New York and South Carolina for U.S. Geological Survey mercury studies, 2005–09 13

Appendixes

Appendix 1. Detailed Geographic Information System data for selected streams sampled in New York for U.S Geological Survey mercury studies, 2005–09 Available online.

Appendix 2. Detailed Geographic Information System data for selected streams sampled in South Carolina for U.S. Geological Survey mercury studies, 2005–09 Available online.
