KODIAK SHELF
shipboard analysis of
sparker records
Bedrock outcrop (or shallow subsurface bedrock)
Folded strata
Subsurface fault, barbs on downthrown side
Surface fault, barbs on downthrown side
Fault, throw unknown
Unconformity
Anticlinal axis
Synclinal axis
Dipping strata
Flat lying strata
Transparent surface layer
Essentially horizontal gently undulating beds
Faulted bedrock
Filled surface channel
Slump
All symbols with orientation are plotted perpendicular to track line
