Plate 3 of 3

SHOTPOINT TRACKLINES of R/V S.P. Lee Cruise L5-84-SP

DEPARTMENT of the INTERIOR
U.S. GEOLOGICAL SURVEY

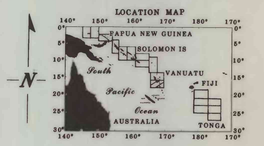
For Plotting Purposes, Not Intended For Navigation

This report is preliminary and has not been edited or reviewed for conformity with U.S. Geological Survey editorial standards. Any use of trade, firm, or product names is for descriptive purposes only and does not imply endorsement by the U.S. Government.

Scale at 17°S
Nautical Miles: 0 1 2 3 4 5 10 15 20
Kilometers: 0 5 10 15 20 25 50

Mercator Projection
Contour Interval-100 Meters.
Corrected for sound velocity in sea water.

NOTE: Island topographic shapes for enhancement only. No contour interval used.



MARINE TOPOGRAPHY OF THE VANUATU REGION

BETWEEN 15°50′–18°S AND 165°30′–169°30′E

Prepared By
T.E. Chase, B.A. Seekins, J.D. Young, J. Daniel and J.Y. Collot
