Foraminifera																													
Camerina sp.	X				X							X					X							X					
Peneroplis sp.	X				X	X						X												X					
Sorites sp.	X				X							X					X		X		X	X		X					
Gastropoda-non-marine																													
?Cepolis direpta (Dall)																												X	
Pleurodonte sp.										X																			
Bulimulus heilprinianus Dall																												X	
Bulimulus ? sp.																			X										
Cerion anodonta (Dall)				X																									
Helisoma sp.										X				X	X											X			
Gastropoda-marine																													
Terebra sp.																									X				
Conus sp. cf. C. illiolus Dall		X																											
Conus planiceps Heilprin				X																									
Conus sp.					X	X	X						X																
Pleurofusia sp.													X																
Knefastia sp. aff. K. brooksvillensis Mansfield																									X				
Olivella sp. cf. O. posti Dall																									X				
Ancilla shepardi Dall	X																												
Xancus sp.						X																							
Fasciolaria petrosa Dall																						X							
Latirus sp. cf. L. floridanus Heilprin		X																											
Latirus ? sp.													X																
Busycon sp.										X																			
Melongena turricula Dall																											X		
Solenosteria ? quinquespina (Dall)						X																							
Murex sp. cf. M. trophoniformis Heilprin																	X												
Cypraea sp.																						X							
Morum domingense (Sowerby)						X																							
Orthaulax pugnax (Heilprin) Dall																						X							
Strombus liocyclus Dall		X		X																									
Ceritheum sp.aff. C. georgianum Lyell and Sowerby																			X										
Ceritheum sp.						X																							
Potamides (Pyrazisinus) hillsboroensis (Heilprin)						X	X						X																
Potamides (Pyrazisinus) campanulatus Heilprin				X	X	X																X							X
Potamides ? sp.	X																												
Architectonica n. sp. ?																									X				
Turritella tampae Heilprin						X																	X						
Turritella sp. cf. T. tampae Heilprin								X																					
Turritella tampae medioconstricta Dall																						X							
Turritella pagodaeformis Heilprin													X																
Turrietella megalobasis Dall				X																		X							
Turritella atacta Dall																									X		X		
Turritella cf. T. atacta Dall									X																				
Turritella hillsboroensis Mansfield																							X						
Calyptraea sp. aff. C. crenata Gardner																						X							
Calyptraea sp.						X																							
Ampullina amphora Heilprin						X	X						X									X							X
Ampullina sp.			X																X										
Amauropsis ap. aff. A. burnsii meridionalis Pilsbry													X																
Amauropsis sp.																							X						
Diodora sp.										X																			
Pelecypoda																													
Arca hypomella Dall																													X
Arca irregularis Dall																	X												
Barbatia sp. cf. B. marylandica Conrad																						X							
Acar adamsi Shuttleworth																												X	
Arcopsis sp.																							X						
Anadara latidentata Dall																									X				
Anadara sp. cf. A. hypomella Dall						X																							
Anadara sp.																						X							
Ostrea vaughani Dall													X																
Ostrea sp.				X																									
Chlamys crocus (Cooke)																							X						
Chlamys burnetti Tucker																											X		
Chlamys sp. aff. C. chipolanus Dall																												X	
Chlamys n. sp.																											X	X	
Chlamys sp.																									X				
Anomia sp.																						X							
Carolia sp.																											X		
Periploma sp.																											X		
Cardita sp.											X																X		
Venericardia serricosta (Heilprin)		X		X					X																				
Venericardia sp. cf. V. serricosta (Heilprin)																						X							
Venericardia sp.					X						X																		
Cyrena sp. cf. C. pompholyx Dall																													X
Cyrena floridana Dall		X																		X		X							
Chama tampaensis Dall				X																									
Phacoides sp. cf. P. wacissanus Dall																							X						
Phacoides hillsboroensis (Heilprin)						X																X							
Phacoides sp. cf. P. hillsboroensis (Heilprin)													X																
Divaricella n. sp. ?						X																							
Trigonocardia alicula Dall				X																X									
Trigonocardia sp.																X			X										
Cardium delphicum Dall																									X				
Cardium sp. cf. C. anclotensis Mansfield																	X					X							
Cardium sp. cf. C. pinellasense Mansfield						X																							
Cardium sp. aff. C. taphrium Dall										X																			
Cardium sp. cf. C. taphrium Dall												X																	
Cardium n. sp. ?						X																							
Cardium sp.				X	X		X																						
Callocardia sp.																									X				
Antigona glyptoconcha Dall									X																				
Antigona shepardi Dall				X																									
Antigona sp.																											X		
Pitar sp.																									X				
Chione nuciformis (Heilprin)		X																											
Chione rhodia Dall								X																					
Chione sp.											X																		
Anomalocardia penita (Conrad)				X	X				X			X					X			X								X	
Anomalocardia floridana (Conrad)		X																											
Venus halidona Dall						X																X							
Venus sp.																							X	X				X	
Corbula kaghriana Dall									X																				
Corbula sp.																									X				
Insecta																													
Celliforma nuda (Brown)											X																		
Charophyta																													
Charophyte sp. (oogonia)	X														X
