

**Table 2-7.** Velocity Data  
Axis Rotations

| Mooring ID | V-Component Direction (° True) |
|------------|--------------------------------|
| HB01       | 302                            |
| HB03       | 302                            |
| HB05       | 302                            |
| HB06       | 302                            |
| HB07       | 302                            |
| HB08       | 302                            |
| HB09       | 302                            |
| HB10       | 287                            |
| HB11       | 287                            |
| HB12       | 287                            |
| HB13       | 302                            |
| HBN1       | 301                            |
| HBN2       | 301                            |
| HBN3       | 301                            |
| HBNC       | 301                            |
