

Stream Sediment Chemistry by Geologic Province

Box-plot figures for all elements (listed alphabetically, Al₂O₃-Zr), are provided on the following pages **(2-14)**.

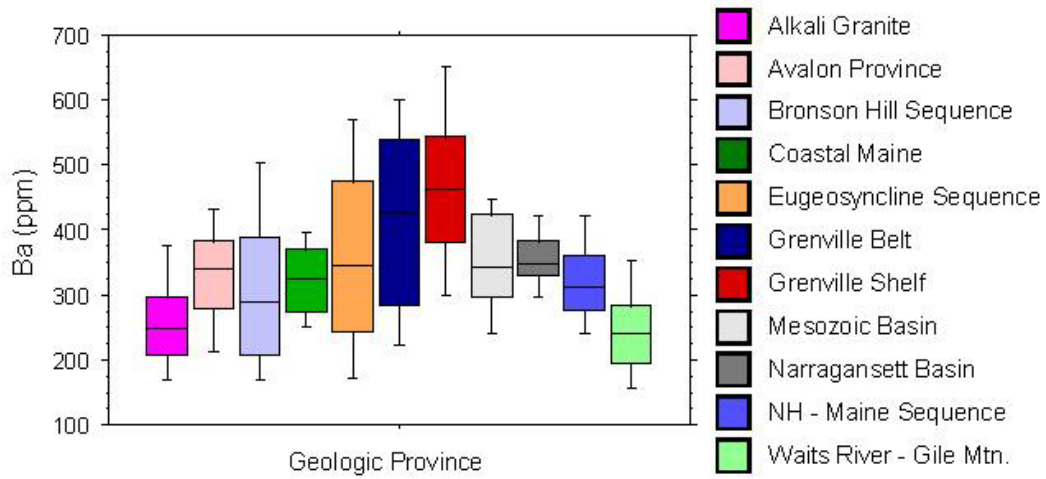

Values of Al_2O_3 , by Geologic Province in New England

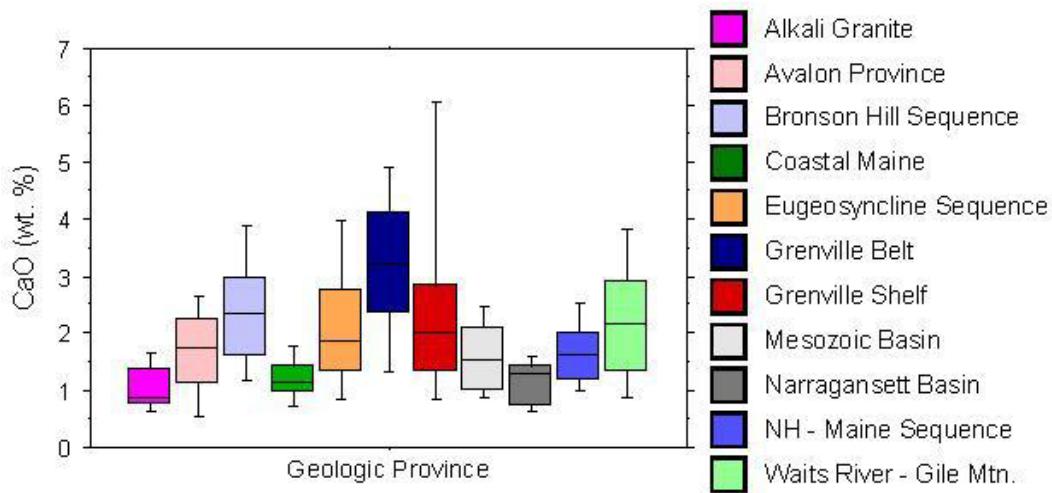

Values of As, by Geologic Province in New England

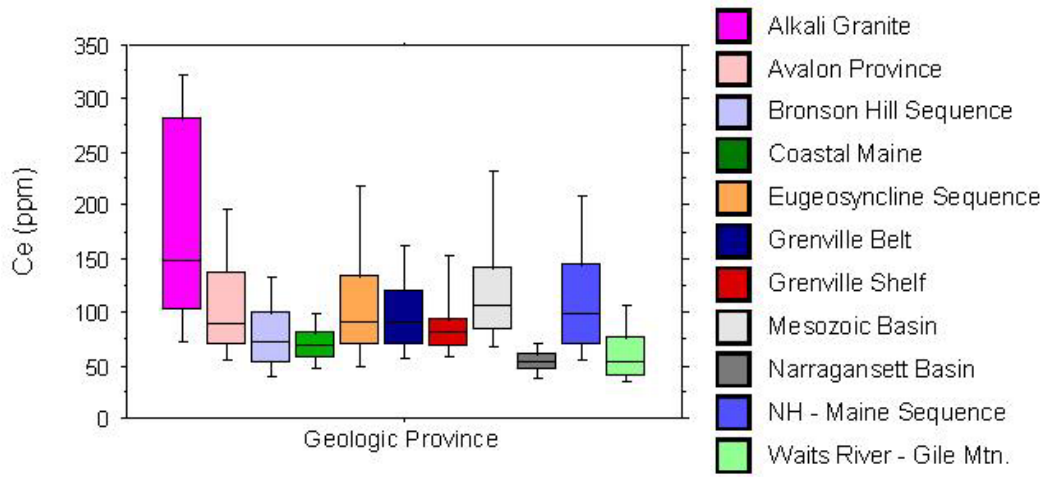

Values of Ba, by Geologic Province in New England

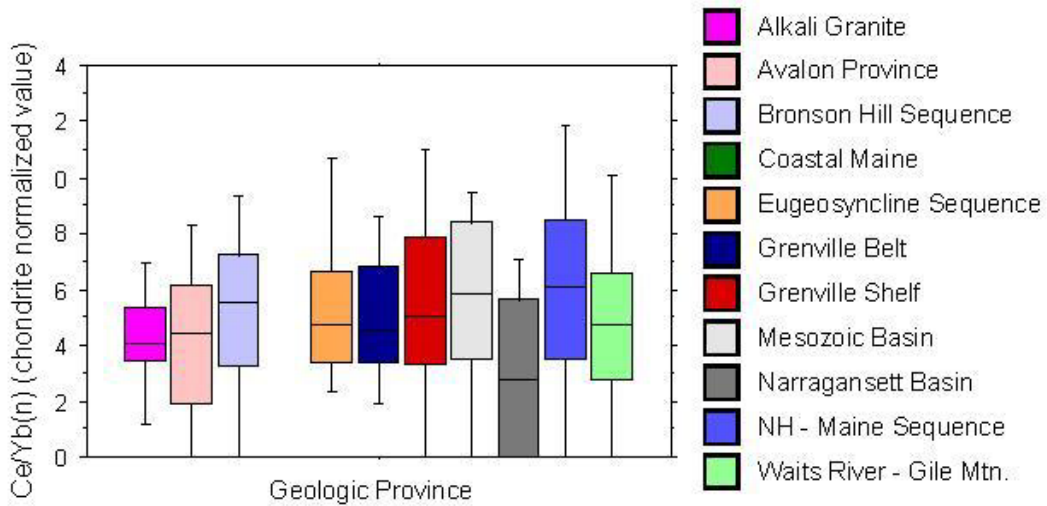

Values of CaO, by Geologic Province in New England

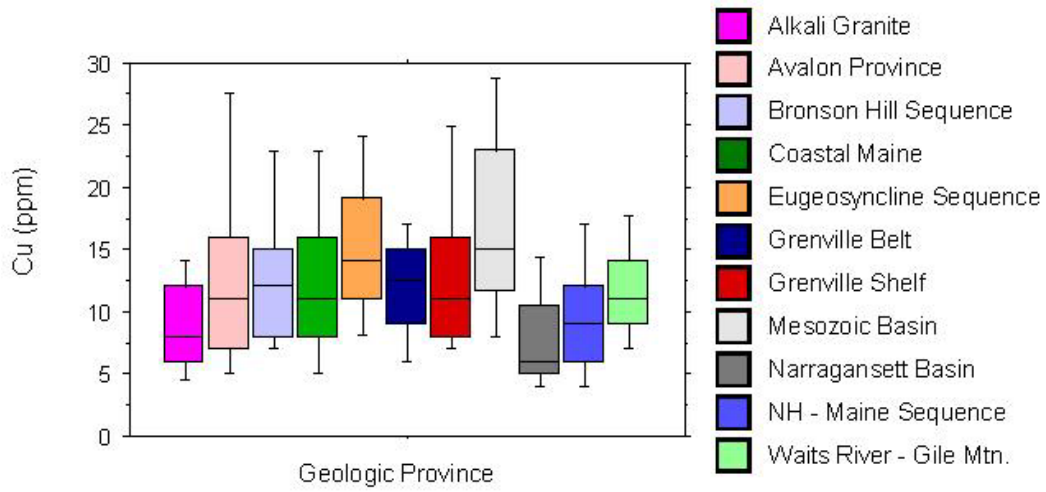

Values of Ce, by Geologic Province in New England

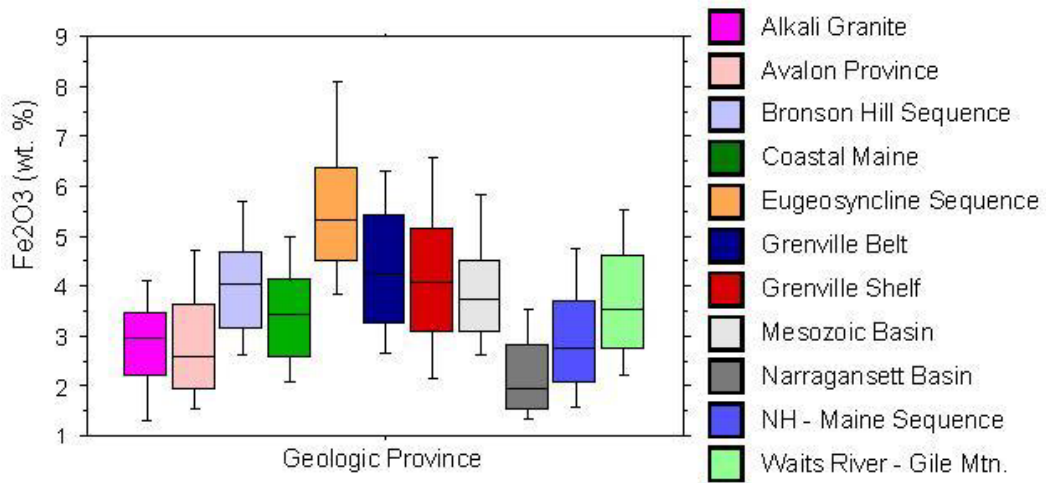

Values of Ce/Yb(n), by Geologic Province in New England

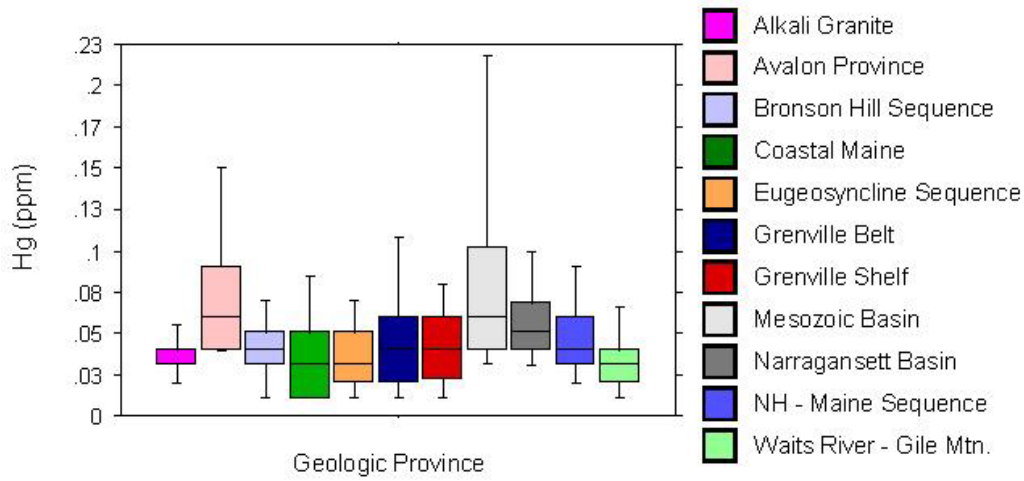

Values of Cu, by Geologic Province in New England

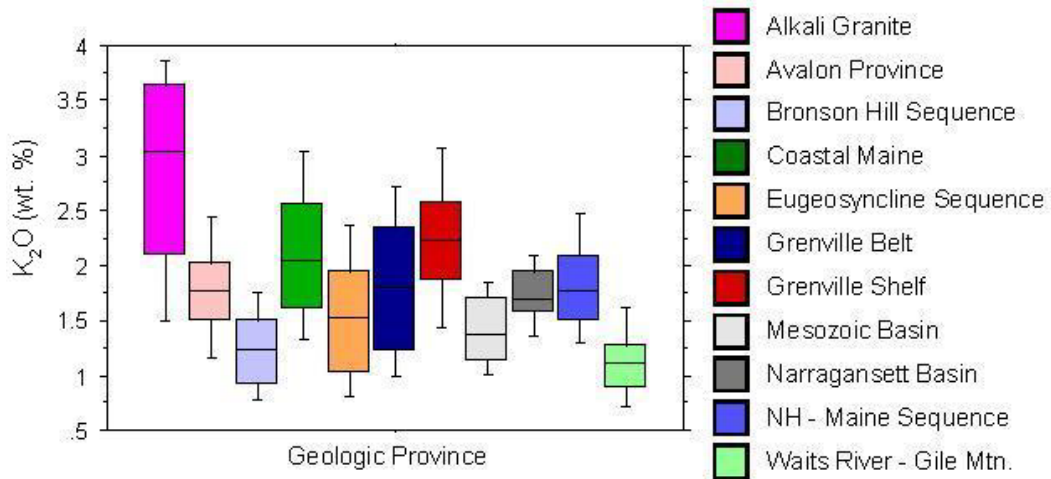

Values of Fe₂O₃, by Geologic Province in New England

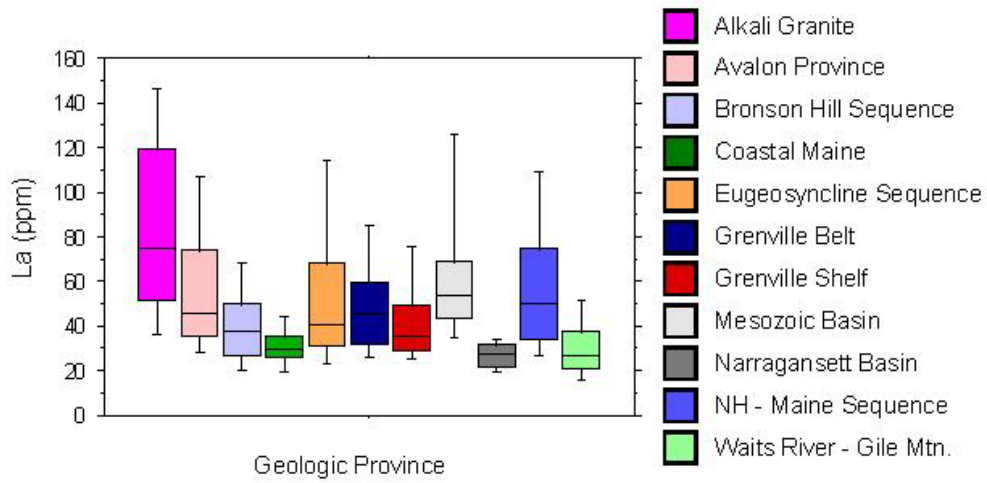

Values of Hg, by Geologic Province in New England

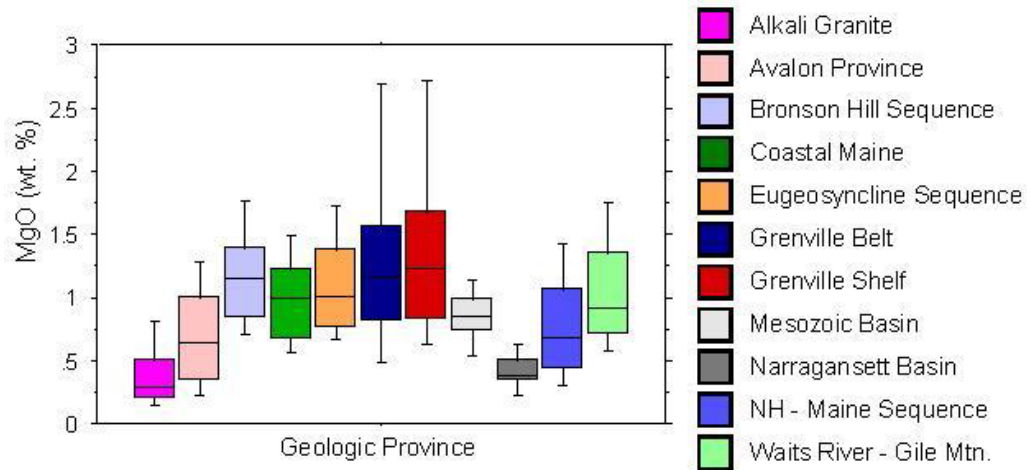

Values of K₂O, by Geologic Province in New England

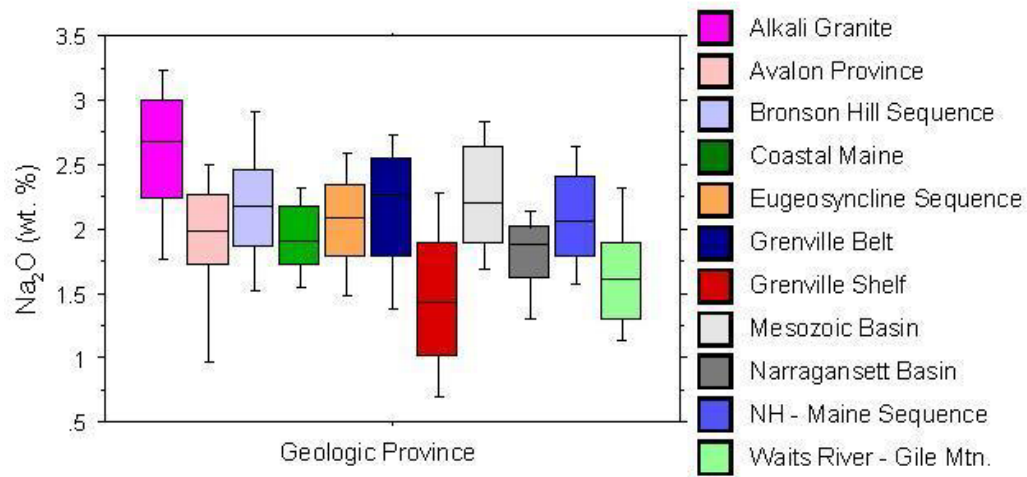

Values of La, by Geologic Province in New England

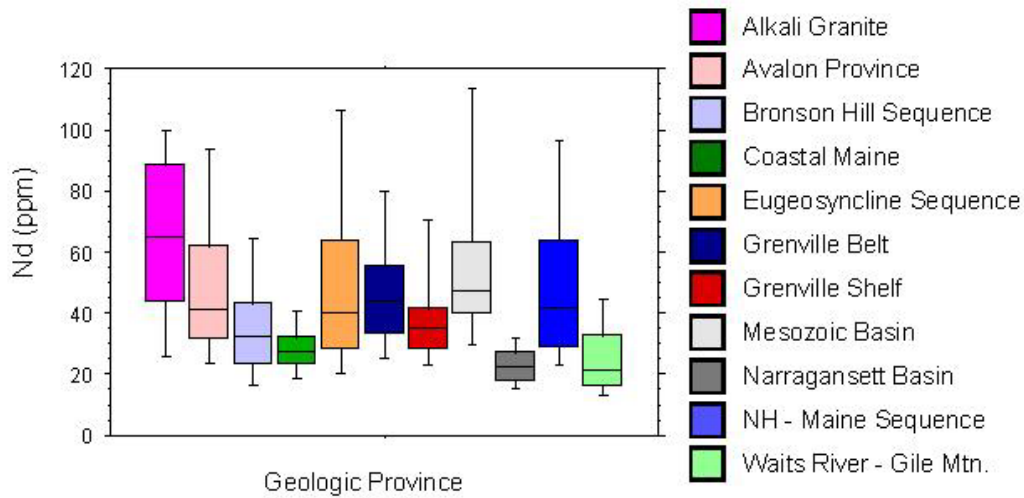

Values of MgO, by Geologic Province in New England

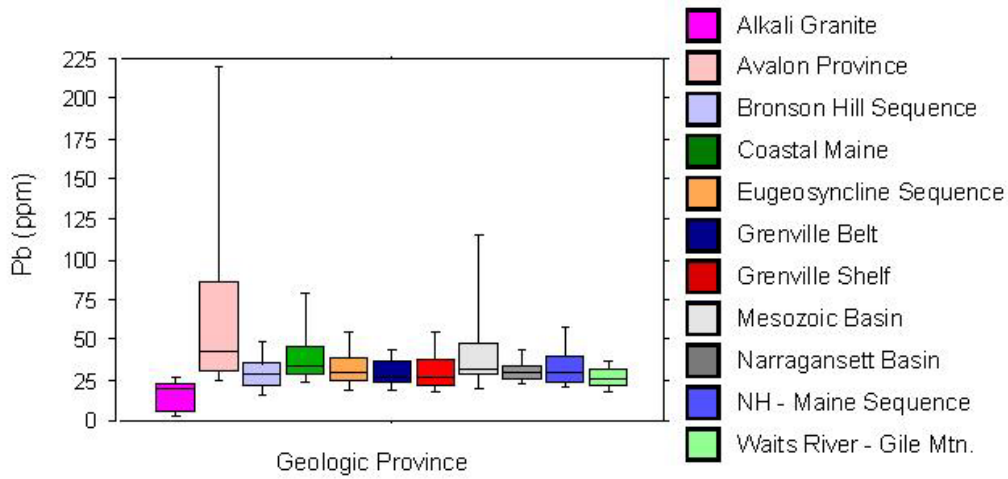

Values of Na₂O, by Geologic Province in New England

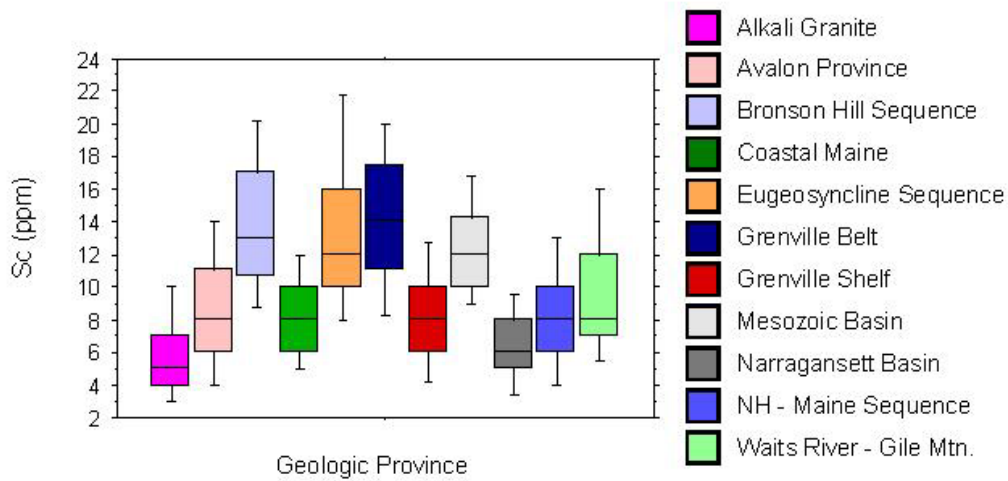

Values of Nd, by Geologic Province in New England

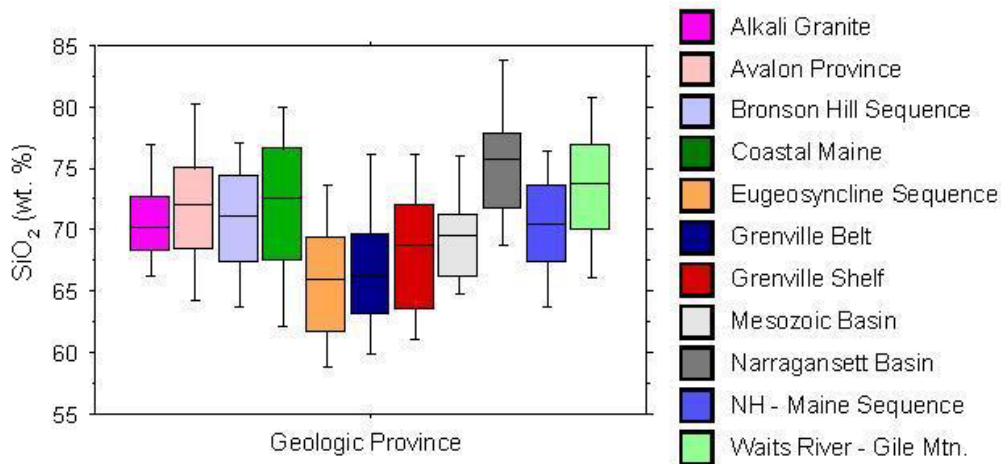

Values of Pb, by Geologic Province in New England

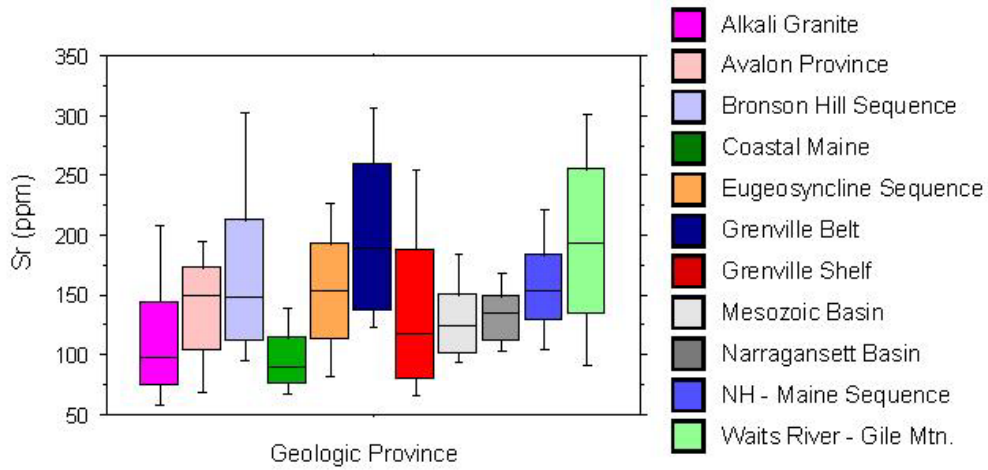

Values of Sc, by Geologic Province in New England

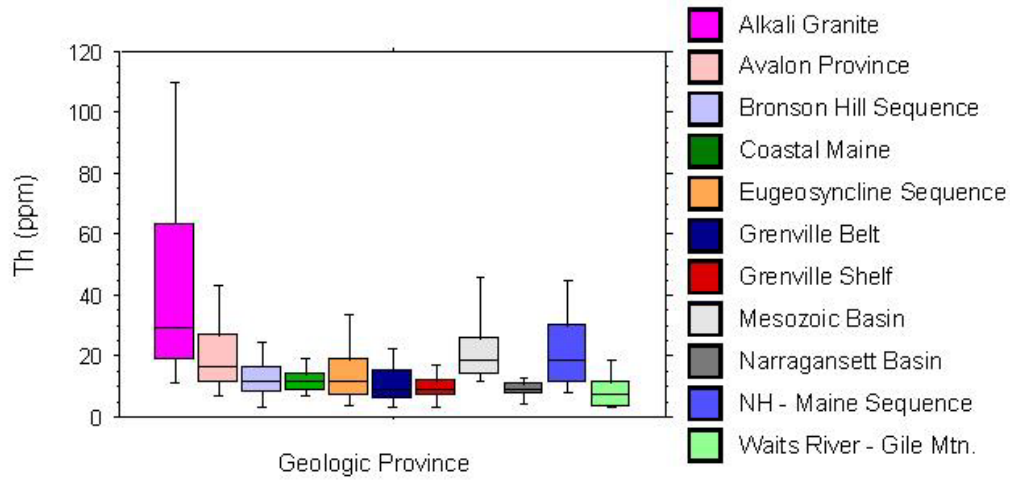

Values of SiO₂, by Geologic Province in New England

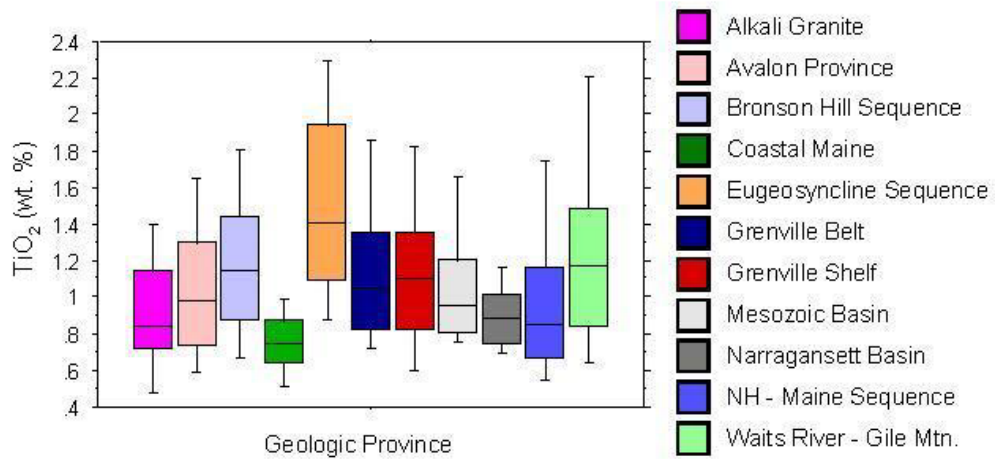

Values of Sr, by Geologic Province in New England

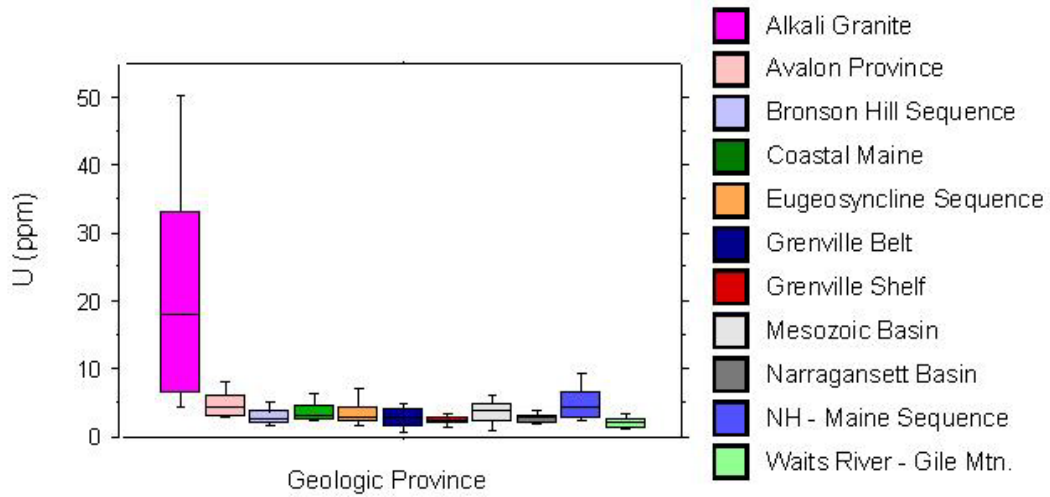

Values of Th, by Geologic Province in New England

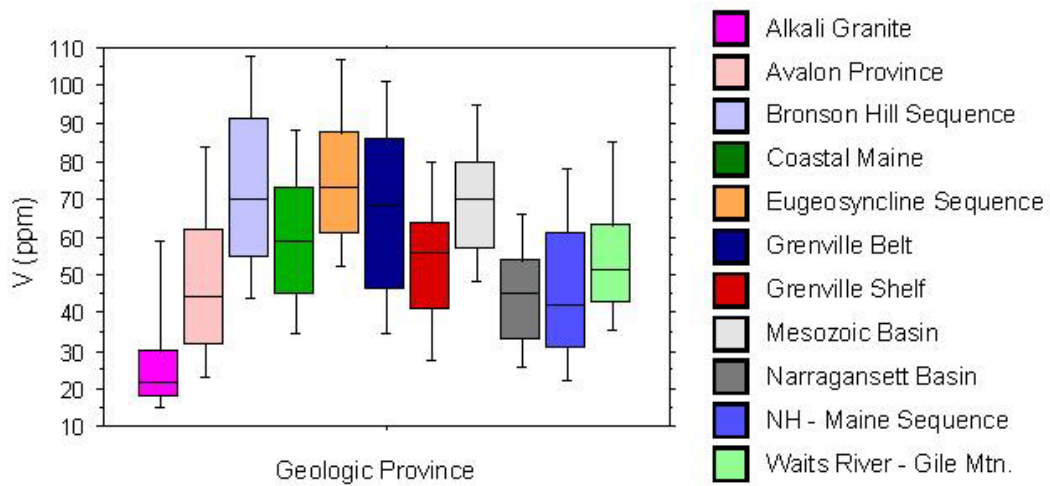

Values of TiO₂, by Geologic Province in New England

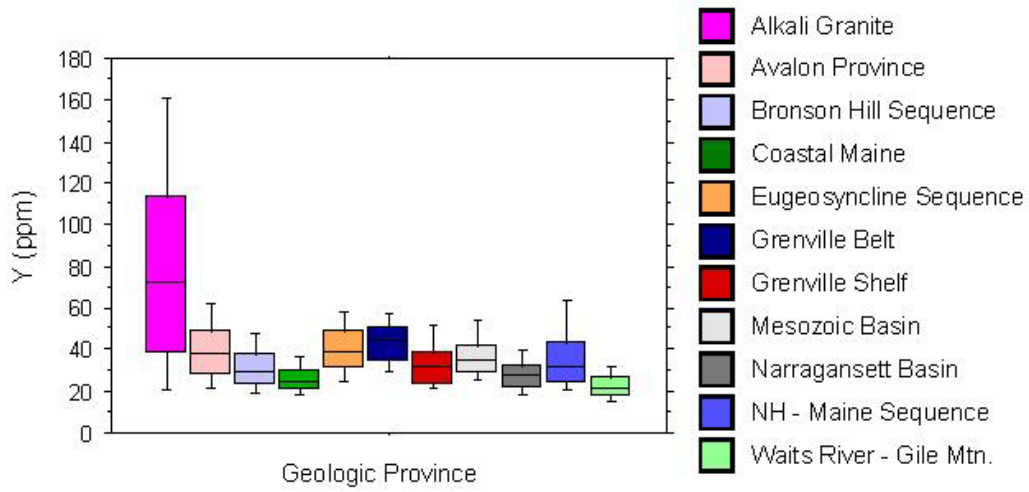

Values of U, by Geologic Province in New England

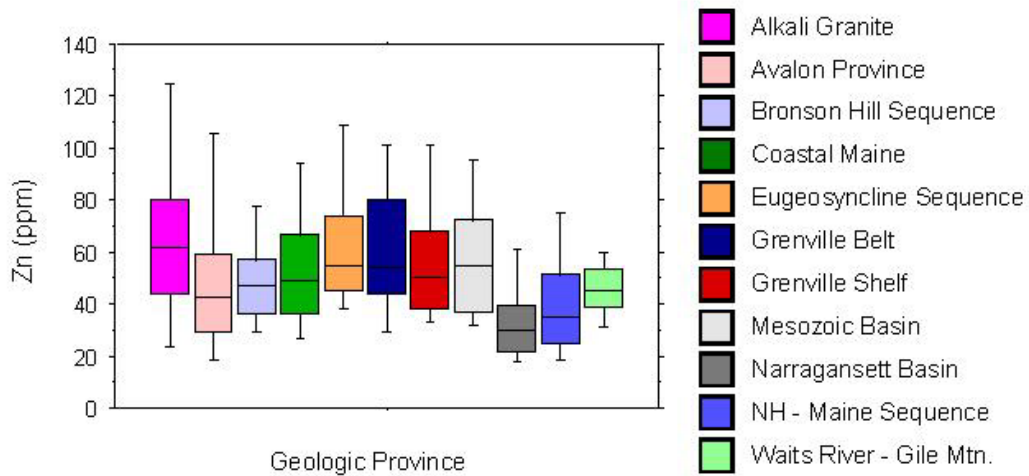

Values of V, by Geologic Province in New England

Values of Y, by Geologic Province in New England

Values of Zn, by Geologic Province in New England

Values of Zr, by Geologic Province in New England
