

Appendix 3. Flood-Peak Elevation Profiles for Selected Sites, Flood of June 7–9, 2008, Indiana.

Water surfaces were estimated by linear interpolation between high-water marks. A linear interpolation between high-water marks is an approximation of the actual water surface; the actual water surface may have substantially departed from the water surface depicted in the profiles in some locations. For example, it is common for the water surface to drop between the upstream and downstream face of a bridge or culvert; potential water-surface elevation drops may not be reflected in the profiles. Water-surface elevations are referenced to the North American Vertical Datum of 1988 (NAVD 88).

Flood-peak elevation profile, flood of June 7–9, 2008, for Canary Ditch at Franklin, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Clifty Creek at Columbus, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for East Fork White River at Columbus, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for East Fork White River at Seymour, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for East Side Swale at Edinburgh, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Eel River at Worthington, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Flatrock River at Columbus, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Haw Creek at Columbus, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Hurricane Creek at Franklin, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Sartor Ditch, Martinsville, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for an unnamed tributary of Fall Creek at Paragon, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for an unnamed tributary of Youngs Creek at Franklin, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for Youngs Creek at Franklin, Indiana

Flood-peak elevation profile, flood of June 7–9, 2008, for White River at Martinsville, Indiana.

Flood-peak elevation profile, flood of June 7–9, 2008, for White River at Spencer, Indiana.
