

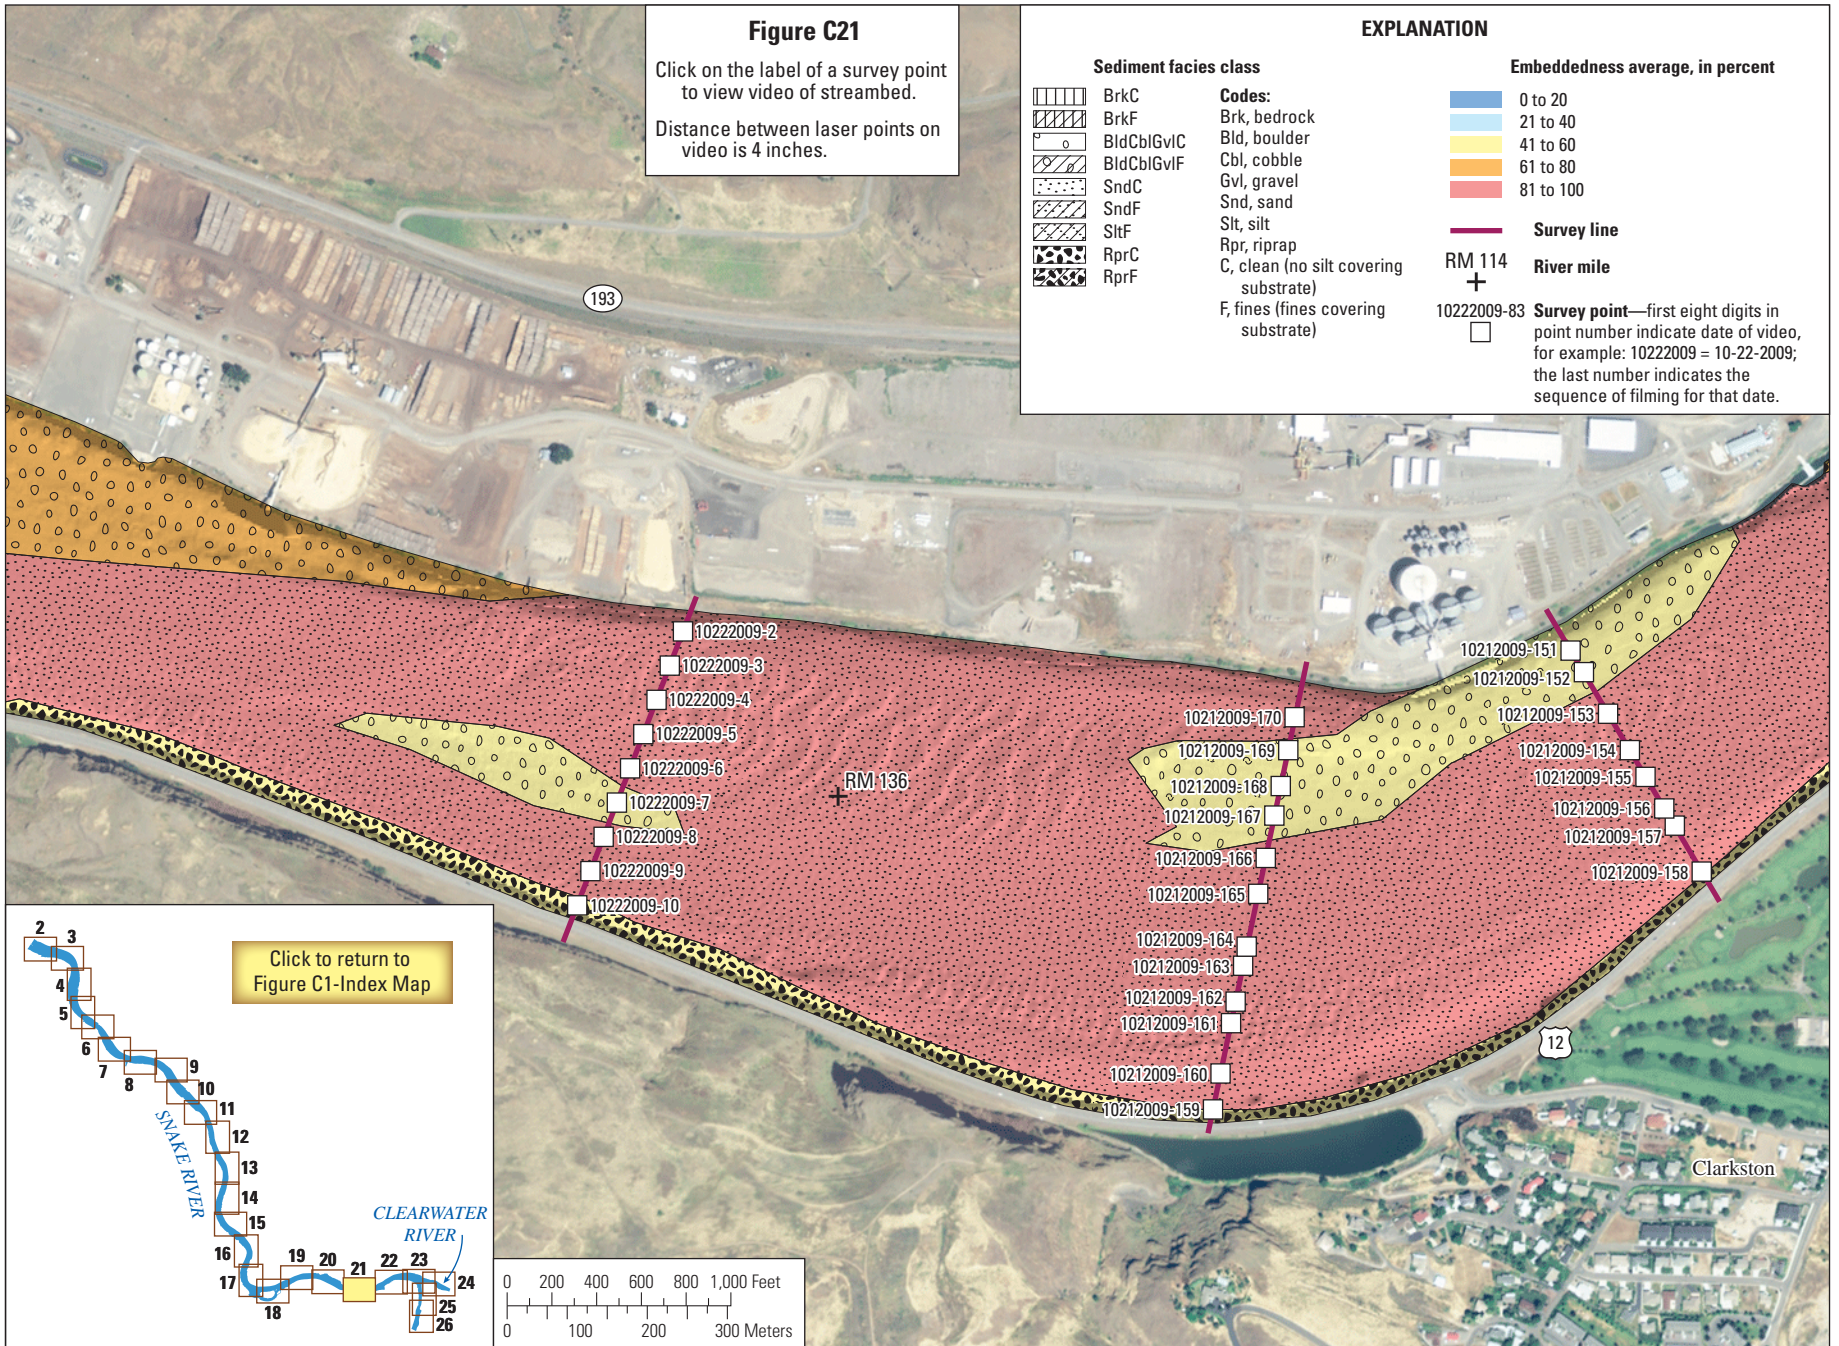

Figure C21

Click on the label of a survey point
 to view video of streambed.
 Distance between laser points on
 video is 4 inches.

Sediment facies class		Embeddedness average, in percent	
	BrkC		0 to 20
	BrkF		21 to 40
	BldCblGvIC		41 to 60
	BldCblGvIF		61 to 80
	SndC		81 to 100
	SndF		Survey line
	SlitF		River mile
	RprC	RM 114	
	RprF	+	
	C, clean (no silt covering substrate)	10222009-83	
	F, fines (fines covering substrate)		Survey point—first eight digits in point number indicate date of video, for example: 10222009 = 10-22-2009; the last number indicates the sequence of filming for that date.
