

Figure C24

Click on the label of a survey point
 to view video of streambed.
 Distance between laser points on
 video is 4 inches.

EXPLANATION

Sediment facies class		Embeddedness average, in percent	
	Codes:		
BrkC	Brk, bedrock	0 to 20	
BrkF	Brk, boulder	21 to 40	
BldCblGvIC	Cbl, cobble	41 to 60	
BldCblGvIF	Gvl, gravel	61 to 80	
SndC	Snd, sand	81 to 100	
SndF	Slit, silt		Survey line
SlitF	Rpr, riprap		River mile
RprC	C, clean (no silt covering substrate)		Survey point —first eight digits in point number indicate date of video, for example: 10222009 = 10-22-2009; the last number indicates the sequence of filming for that date.
RprF	F, fines (fines covering substrate)
