Dear Phil:

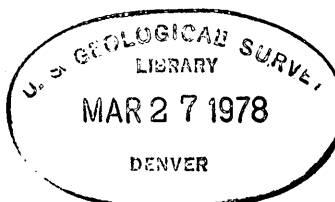

Transmitted herewith are six copies of TEM-605, "Airborne radioactivity survey of the Devils Tower Area, Crook County, Wyoming", by J. R. Henderson and R. M. Moxham, February 1953.

As discussed by V. E. McKelvey and you on August 6, 1952, we plan to open-file this report and distribute copies to the offices listed in the Commission press release of July 13, 1952 announcing the public release of data on airborne radioactivity surveys. Additional copies of the report will be posted at the Geological Survey offices in Laramie and Casper, Wyoming. We are asking Mr. Hosted to approve this plan.

Sincerely yours,

V. E. McKelvey
