PHYSIOGRAPHY
OF THE
COASTAL PLAIN
of
SOUTHEASTERN UNITED STATES

BY

W J McGee.

Scale 1:5,000,000

1891.

Note: *Data for submarine contours, soundings recorded by the U.S. Coast and Geodetic Survey. Data for land contours, U.S. Geological Survey map of the United States, 1890, and railway levels. The contouring is roughly approximate only, and designed to represent general configuration rather than local details.*

Engraved & Printed by Geo. S. Harris & Sons. Philadelphia.
