CONTENTS.

	Page.
INTRODUCTION	9.
GOLD AND SILVER:	
Notes on the placer deposits of Greaterville, Ariz., by J. M. Hill.....	11
Gold mining in the Randsburg quadrangle, California, by F. L. Hess....	23
The Weaverville-Trinity Center gold gravels, Trinity County, Cal., by D. F. MacDonald.....	48
Placer gravels of the Sumpter and Granite districts, eastern Oregon, by J. T. Pardee.....	59
Survey publications on gold and silver.....	66
COPPER:	
The occurrence of copper in Shasta County, Cal., by L. C. Graton.....	71
Geology of the copper deposits near Montpelier, Bear Lake County, Idaho, by H. S. Gale.....	112
The copper deposits of South Mountain in southern Pennsylvania, by G. W. Stose.....	122
Survey publications on copper.....	132
LEAD AND ZINC:	
Notes on the mineral deposits of the Bearpaw Mountains, Montana, by L. J. Pepperberg.....	135
Survey publications on lead and zinc.....	147
RARE METALS:	
Notes on the occurrence of cinnabar in central western Arizona, by How- land Bancroft.....	151
Some occurrences of molybdenite in the Santa Rita and Patagonia moun- tains, Arizona, by F. C. Schrader and J. M. Hill.....	154
Note on the occurrence of tungsten minerals near Calabasas, Ariz., by J. M. Hill.....	164
Some chromite deposits in western and central California, by E. C. Harder	167
An occurrence of monazite in northern Idaho, by F. C. Schrader.....	184
Platinum in southeastern Nevada, by Howland Bancroft.....	192
The Virginia rutile deposits, by T. L. Watson and Stephen Taber.....	200
Notes on tungsten deposits near Deer Park, Wash., by Howland Bancroft.	214
Survey publications on antimony, chromium, nickel, platinum, quick- silver, tin, tungsten, uranium, vanadium, etc.....	217
IRON AND MANGANESE:	
Some iron ores of western and central California, by E. C. Harder.....	219
The Iron Age iron-ore deposit, near Dale, San Bernardino County, Cal., by E. C. Harder and J. L. Rich.....	228
Iron ores near Dayton, Nev., by E. C. Harder.....	240
The Jauss iron mine, Dillsburg, Pa., by A. C. Spencer.....	247
Deposits of brown iron ore near Dillsburg, York County, Pa., by E. C. Harder.....	250
Preliminary report on pre-Cambrian geology and iron ores of Llano County, Tex., by Sidney Paige.....	256
Survey publications on iron and manganese ores.....	269

	Page.
ALUMINUM ORES:	
Survey publications on aluminum ores	273
ASPHALT:	
Survey publications on asphalt	274
STRUCTURAL MATERIALS:	
General—	
Field investigations of structural materials, by E. F. Burchard	275
Structural materials available in the vicinity of Minneapolis, Minn., by E. F. Burchard	280
Structural materials available in the vicinity of Austin, Tex., by E. F. Burchard	292
Building stone—	
The slates of Arkansas, by A. H. Purdue	317
The oolitic limestone industry at Bedford and Bloomington, Ind., by J. A. Udden	335
Supplementary notes on the granites of New Hampshire, by T. N. Dale	346
Oolitic limestone at Bowling Green and other places in Kentucky, by J. H. Gardner	373
Survey publications on building stone and road metal	379
Cement and concrete materials—	
Cement materials in Republican Valley, Nebraska, by N. H. Darton	381
Gravel and sand in the Pittsburg district, Pennsylvania, by E. W. Shaw	388
Survey publications on cement and concrete materials	400
Clay—	
Fuller's earth and brick clays near Clinton, Mass., by W. C. Alden	402
Survey publications on clays, fuller's earth, etc.	405
Gypsum and plasters—	
The gypsum deposits of the Palen Mountains, Riverside County, Cal., by E. C. Harder	407
Gypsum deposits near Cane Springs, Kern County, Cal., by F. L. Hess	417
Survey publications on gypsum and plasters	419
Lime and magnesite—	
Survey publications on lime and magnesite	420
Glass sand, etc.—	
Survey publications on glass sand and glass-making materials	421
ABRASIVES:	
Survey publications on abrasive materials	422
MINERAL PAINTS:	
Introductory note	423
Ocher deposits of eastern Pennsylvania, by J. C. Stoddard and A. C. Callen	424
Paint-ore deposits near Lehigh Gap, Pennsylvania, by F. T. Agthe and J. L. Dynan	440
Survey publications on mineral paint	455
PHOSPHATES:	
Preliminary report on the phosphate deposits in southeastern Idaho and adjacent parts of Wyoming and Utah, by H. S. Gale and R. W. Richards	457
Phosphate deposits east of Ogden, Utah, by Eliot Blackwelder	536
Survey publications on phosphates and other mineral fertilizers	552
SALINES:	
The salt resources of the Idaho-Wyoming border, with notes on the geology, by C. L. Breger	555
Deposits of sodium salts in Wyoming, by A. R. Schultz	570
Survey publications on salines, including salt, borax, and soda	590

SULPHUR AND PYRITE:	Page.
Survey publications on sulphur and pyrite.....	591
MISCELLANEOUS NONMETALLIC PRODUCTS:	
Mica deposits of North Carolina, by D. B. Sterrett.....	593
Supposed graphite deposits near Brigham, Utah, by H. S. Gale.....	639
Survey publications on miscellaneous nonmetallic products.....	641
INDEX	643

ILLUSTRATIONS.

	Page.
PLATE I. Map showing distribution of serpentine areas and chromite mines in the San Luis Obispo district, California.....	168
II. Detailed map of the Iron Age iron-ore deposit near Dale, San Bernardino County, Cal.....	232
III. Map showing outcrop of paint-ore bed near Lehigh Gap, Pa.....	440
IV. Generalized columnar sections of Park City formation.....	474
V. Preliminary map and structure sections of the Georgetown Canyon phosphate area, Idaho.....	482
VI. Map of the Montpelier-Bennington phosphate area, Idaho.....	488
VII. General geologic map of Hot Springs-Dingle area, Idaho.....	494
VIII. Geologic map of Sublette Mountains, Wyoming, and adjacent portions of Idaho.....	498
IX. Preliminary geologic map and structure section of the Cokeville area, Wyoming.....	504
X. Map of Beckwith Hills phosphate area, Wyoming.....	508
XI. General geologic map of the Crawford Mountains, Utah.....	514
XII. Map and structure section of the Laketown phosphate area, Utah...	522
XIII. Geologic map of phosphate deposits near Woodruff, Utah.....	526
XIV. Specimens of mica of various structure.....	594
FIGURE 1. Sketch map of the placer camp at Greaterville, Ariz.....	14
2. Sketch map of northern part of Trinity County, Cal.....	49
3. Section across the La Grange channel, west of Weaverville, Cal..	51
4. Map of a portion of the Sumpter quadrangle, Oregon, showing distribution of gold-bearing gravels.....	60
5. Sketch map of copper region of Shasta County, Cal.....	72
6. Map showing distribution of copper-bearing rocks near Montpelier, Idaho	113
7. Section along township line on south side of T. 13 S., R. 45 E., Idaho, showing relations of copper-bearing rocks.....	116
8. Section of copper-bearing rocks south of Bonanza shaft, near Montpelier, Idaho.....	117
9. Geologic map of part of South Mountain, southern Pennsylvania.	124
10. Sketch map of Bearpaw Mountains, Montana, showing location of principal mines and prospects.....	136
11. Cross section of banded vein on property of Copper Gulch Mining Company, 35 miles south of Chinook, Mont.....	143
12. Index map of southeastern Arizona, showing location of molybdenite deposits in Santa Rita and Patagonia mountains.....	155
13. Vertical section through a lenticular pocket of chrome ore south of Morro Creek, 12 miles northeast of San Luis Obispo, Cal....	171

	Page.
FIGURE 14. Horizontal plan showing part of the chromite-bearing zone at the Vogelsang deposits, 5 miles southeast of Valley Springs, Cal.	175
15. Sketch map showing location of monazite deposits on Musselshell Creek, Nez Perce County, Idaho.	185
16. Approximate sketch of a part of the Copper King mining district, Clark County, Nev.	193
17. Index map showing location of Virginia rutile area.	201
18. Topographic map of Virginia rutile area.	202
19. Map of portions of southern California, Nevada, and Arizona, showing location of iron-ore deposits in Mohave and Colorado deserts	229
20. Sketch showing structure of iron-ore veins of Iron Age deposit, near Dale, San Bernardino County, Cal.	235
21. Map of a portion of western Nevada, showing location of iron ores near Dayton	241
22. Sketch of iron-ore area northeast of Dayton, Nev.	242
23. Map of vicinity of Austin, Tex., showing location of quarries, etc.	295
24. Map showing slate area of Arkansas	320
25. Columnar section of the Ouachita area, Arkansas.	322
26. North-south structure sections through the Ouachita Mountains, Arkansas	323
27. North-south section through Missouri and Statehouse mountains 1 mile east of Slatington, Ark.	324
28. North-south section through Fork Mountain, Arkansas.	326
29. Diagram showing electric connections made in testing slate.	329
30. Section along Republican Valley from McCook to Superior, Nebr.	382
31. Map showing outcrop area of Niobrara formation in south-central Nebraska	383
32. Map showing principal areas of gravel deposits in the Pittsburg district, Pennsylvania	389
33. Map showing location of known gypsum deposits in southeastern San Bernardino and Riverside counties, Cal.	408
34. Plan of underground workings of Keystone Ocher Company, Fleetwood, Pa	431
35. Sections illustrating the stratified and unstratified occurrence of ocher at mine of Keystone Ocher Company, Fleetwood, Pa.	432
36. Section through Kline tunnel, Hazard, Pa.	442
37. Section along line <i>A-B</i> , Plate III.	443
38. Section along line <i>C-D</i> , Plate III.	443
39. Section along line <i>E-F</i> , Plate III.	443
40. Section along line <i>G-H</i> , Plate III.	443
41. Map showing extent of phosphate reserve of Idaho, Utah, and Wyoming, May, 1910	459
42. Map showing location of the phosphate areas in Idaho, Wyoming, and Utah	484
43. Diagrammatic structure sections of the Beckwith Hills area, Wyoming	510
44. Map showing distribution of phosphate deposits near Ogden, Utah.	537
45. Structure section through upper Weber Canyon, Utah.	547
46. Structure section in Shepherd Valley southeast of Huntsville, Utah	547
47. Structure section through Beaver Creek syncline, Utah	548
48. Sketch geologic map of part of Idaho-Wyoming border country.	556

	Page.
FIGURE 49. Map showing location of the more important soda deposits in Wyoming.....	575
50. Map showing location of Western Alkali Company's soda wells at Green River, Wyo	584
51. Map showing areas in North Carolina in which mica has been mined.....	599
52. Plan of Burningtown or Poll Miller mine, Macon County, N. C....	607
53. Plan of Hall and Welch mines, Macon County, N. C.....	608
54. Plan of Neal Bryson mine, Macon County, N. C.....	609
55. Plan of Winecoff mine, Macon County, N. C.....	611
56. Plan of John Long mine No. 1, Jackson County, N. C.....	612
57. Section in plane of the "vein" at the Painter mine, Jackson County, N. C	613
58. Plan of Piney Mountain mine, Jackson County, N. C.....	614
59. Plan of Wayehutta kaolin and mica mine, Jackson County, N. C.	615
60. Roda kaolin and mica mine, Jackson County, N. C.....	616
61. Jim Wood mine, Jackson County, N. C.....	618
62. Uneven contact of pegmatite and mica gneiss at the Gregory mine, Jackson County, N. C	618
63. Plan of Judge Ferguson mine, Jackson County, N. C.....	619
64. Plan and section of J. H. Rochester mine, Jackson County, N. C..	620
65. Sections showing shape of pegmatite in New Balsam Gap mine, Buncombe County, N. C.....	622
66. Plan and sections of Connally mine, Buncombe County, N. C....	623
67. Plan and section of Poll Hill mine, Yancey County, N. C.....	624
68. Vertical cross section of pegmatite at Hensley mine, Yancey County, N. C.....	625
69. Section in plane of pegmatite at Knob mine, Mitchell County, N. C.	626
70. Plan of later workings at the W. W. Wiseman mine, Mitchell County, N. C	627
71. Plan of Charlies Ridge mine, Mitchell County, N. C.....	628
72. Plan of North Hardin mine, Ashe County, N. C.....	631
73. Plan of workings and probable shape of the pegmatite in Isinglass Hill mine, Rutherford County, N. C.....	633
74. Plan of Joe Hawkins mine, Stokes County, N. C.....	636
75. Ideal cross section at Hole mine, Stokes County, N. C.....	637
