PART I.—METALS AND NONMETALS EXCEPT FUELS

---

C. W. HAYES AND WALDEMAR LINDGREN  
GEOLOGISTS IN CHARGE

WASHINGTON  
GOVERNMENT PRINTING OFFICE  
1911

## CONTENTS.

	Page.
INTRODUCTION.....	9
GOLD AND SILVER:	
The auriferous gravels of the Trinity River basin, Cal., by J. S. Diller....	11
The economic geology of Carson camp, Hinsdale County, Colo., by E. S. Larsen.....	30
Geology and mineralization of the upper St. Joe River basin, Idaho, by J. T. Pardee.....	39
Gold-bearing ground moraine in northwestern Montana, by F. C. Schrader.	62
Geologic relation of ore deposits in the Elkhorn Mountains, Mont., by R. W. Stone.....	75
Notes on the economic geology of the Ramsey, Talapoosa, and White Horse mining districts, in Lyon and Washoe counties, Nev., by J. M. Hill.....	99
The ore deposits near Pinos Altos, N. Mex., by Sidney Paige.....	109
Survey publications on gold and silver.....	126
COPPER:	
Metalliferous ore deposits near the Burro Mountains, Grant County, N. Mex., by Sidney Paige.....	131
Preliminary report on the mineral deposits of Ducktown, Tenn., by W. H. Emmons and F. B. Laney.....	151
Survey publications on copper.....	173
LEAD AND ZINC:	
Notes on lead and copper deposits in the Bear River Range, Idaho and Utah, by R. W. Richards.....	177
Lead and zinc deposits in the Metaline mining district, northeastern Washington, by Howland Bancroft.....	188
Survey publications on lead and zinc.....	201
RARE METALS:	
The arsenic deposits at Brinton, Va., by F. L. Hess.....	205
Survey publications on antimony, chromium, monazite, nickel, platinum, quicksilver, tin, tungsten, uranium, vanadium, etc.....	212
IRON AND MANGANESE:	
Iron ores in the Montevallo-Columbiana region, Alabama, by Charles Butts.	215
Survey publications on iron and manganese ores.....	231
ALUMINUM ORES:	
Survey publications on aluminum ores—bauxite, cryolite, etc.....	235
ASPHALT:	
Survey publications on asphalt.....	236
STRUCTURAL MATERIALS:	
Building stone:	
Variegated marble southeast of Calera, Shelby County, Ala., by Charles Butts.....	237
Supplementary notes on the commercial granites of Massachusetts, by T. N. Dale.....	240
Survey publications on building stone and road metal.....	289

STRUCTURAL MATERIALS—Continued.	Page.
Cement and concrete materials:	
Survey publications on cement and concrete materials.....	291
Clays:	
Clay near Calhan, El Paso County, Colo., by G. B. Richardson.....	293
Clay resources of the Murphysboro quadrangle, Illinois, by E. W. Shaw.....	297
Notes on some clays from Texas, by Alexander Deussen.....	302
Survey publications on clays, fuller's earth, etc.....	352
Gypsum and plasters:	
Gypsum deposits in Eagle County, Colo., by E. F. Burchard.....	354
Survey publications on gypsum and plasters.....	366
Lime and magnesite:	
Survey publications on lime and magnesite.....	367
Glass sand, etc.:	
Survey publications on glass sand and glass-making materials.....	368
<b>ABRASIVES:</b>	
Survey publications on abrasive materials.....	369
<b>PHOSPHATES:</b>	
Preliminary report on a portion of the Idaho phosphate reserve, by R. W. Richards and G. R. Mansfield.....	371
Rock phosphate near Melrose, Mont., by H. S. Gale.....	440
A reconnaissance of the phosphate deposits in western Wyoming, by Eliot Blackwelder.....	452
Survey publications on phosphates and other mineral fertilizers.....	482
<b>MINERAL PAINTS:</b>	
Paint shales of Pennsylvania, by B. L. Miller.....	485
Survey publications on mineral paints.....	497
<b>SALINES:</b>	
Survey publications on salines, including salt, borax, and soda.....	498
<b>SULPHUR AND PYRITE:</b>	
Sulphur deposits, near Soda Springs, Idaho, by R. W. Richards and J. H. Bridges.....	499
Survey publications on sulphur and pyrite.....	504
<b>MISCELLANEOUS NONMETALLIC PRODUCTS:</b>	
The types, modes of occurrence, and important deposits of asbestos in the United States, by J. S. Diller.....	505
Dolomite for flux in the vicinity of Montevallo, Shelby County, Ala., by Charles Butts.....	525
Graphite near Dillon, Mont., by A. N. Winchell.....	528
Fluorspar near Deming, N. Mex., by N. H. Darton and E. F. Burchard ..	533
Survey publications on miscellaneous nonmetallic products—Asbestos, barite, feldspar, fluorspar, graphite, mica, quartz, etc.....	546
<b>INDEX.....</b>	<b>549</b>

## ILLUSTRATIONS.

	Page.
PLATE I. Sketch map of Trinity River basin, Cal., showing areas of auriferous gravels of second and third cycles of erosion.....	16
II. Geologic map of the upper St. Joe River basin, Shoshone County, Idaho.....	40
III. Reconnaissance geologic map of Elkhorn Mountains, Mont.....	76
IV. Geologic map of the vicinity of the Burro Mountains, Grant County, N. Mex.....	132
V. Map of Massachusetts showing granite-quarrying centers.....	240
VI. Map of Central Coastal Plain region of Texas, showing location of clay deposits.....	302
VII. Map of clay and lignite fields near Lena, Fayette County, Tex.....	308
VIII. Sketch map of S. O. Tatum farm, near Burton, Fayette County, Tex.....	316
IX. General geologic map of a portion of southwestern Idaho.....	380
X. Preliminary geologic map of T. 8 S., R. 42 E.....	402
XI. Preliminary geologic map of T. 9 S., R. 42 E.....	406
XII. Preliminary geologic map of T. 8 S., R. 43 E.....	410
XIII. Preliminary geologic map of T. 9 S., R. 43 E.....	414
XIV. Preliminary geologic map of T. 10 S., R. 43 E.....	426
XV. Preliminary geologic map of T. 13 S., R. 43 E.....	432
XVI. Preliminary geologic map of T. 14 S., R. 43 E.....	434
XVII. Outline map of a portion of western Wyoming and adjacent part of Idaho.....	452
FIGURE 1. Section across Trinity River basin from the South Fork Mountains to Thompson Peak.....	13
2. Section of La Grange mine.....	16
3. Section across head of Hupp mine, Sept. 30, 1903.....	17
4. Section across part of Hupp mine, August, 1910.....	18
5. Section of faulted gravel on Trinity River one-eighth mile above the Lowden bridge.....	19
6. Section of ancient gravels and tuffs in Redding Creek basin.....	20
7. Section of ancient gravels in Shock & Montgomery mine, Hay Fork valley.....	21
8. Section of bluff east of Union Hill mine.....	27
9. Sketch map of a portion of west-central Nevada.....	100
10. Map showing geologic relations of fissure veins near Pinos Altos, N. Mex.....	110
11. Specimen from Pacific vein, showing evidence of open fissure filling.....	115
12. Cross section showing comb structure in a small vein.....	116
13. Ideal structure section near Cleveland group of claims.....	122
14. Sketch showing linear arrangement of sphalerite in the Cleveland ore.....	123
15. Plan and approximate profile of Cleveland tunnel.....	124
16. Stereogram showing character of ore layers in Cleveland mine.....	125

	Page.
FIGURE 17. Map of the Woodward group of mining claims, north of Tyrone, N. Mex.....	134
18. Stereogram showing how the juncture of two systems of east-west and northeast-southwest fractures dipping toward each other will become lower to the east.....	143
19. Sketch showing sloping plain at the foot of the Big Burros, now dissected, cut during the Quaternary cycle of erosion, and the gravels which fill the Mangas Valley.....	144
20. Group of pyrite crystals, showing chalcocite along the edges embedded in sericitized feldspar and quartz.....	144
21. Kaolin associated with chalcocitization of pyrite.....	145
22. Small veinlet in sericitized feldspar, filled with chalcocite, pyrite, and quartz.....	145
23. Veinlet showing nodule of pyrite surrounded by chalcocite.....	146
24. Sketch showing leaching of eastward-dipping chalcocite veins along later vertical veins carrying only limonite.....	147
25. Sketch map showing the location of the principal ore deposits in the producing portion of the Ducktown district.....	162
26. Cross section of the Mary mine, chamber 3 S.....	163
27. Plan of 20-fathom level, East Tennessee mine.....	164
28. Side elevation of a portion of the Old Tennessee-Cherokee lode looking N. 55° W.....	170
29. Map showing relation of mining prospects to Bear River Range and overthrust.....	178
30. Topographic map of vicinity of Blackstone mine, west of St. Charles, Idaho, showing rock outcrops.....	181
31. Plan of Blackstone mine.....	183
32. Index map of a part of Washington, showing the location of the Metaline mining district.....	188
33. Map of southwestern Virginia, showing location of arsenic deposits at Brinton.....	206
34. Sketch map showing location of limonite deposit at Shelby, Shelby County, Ala.....	216
35. Sketch map showing location of limonite deposit 3 miles west of Brierfield, Shelby County, Ala.....	220
36. Sketch map showing location of iron-ore and marble deposits southeast of Calera, Shelby County, Ala.....	222
37. Sketch map showing location of hematite ore in Columbiana Mountain, Shelby County, Ala.....	225
38. Banded aplite dike in diorite, Leavitt quarry, Leominster, Mass... ..	243
39. Structure and dikes at Sullivan quarries, New Bedford, Mass.....	244
40. Structure at Beattie & Wilcox quarry, Fall River, Mass.....	250
41. Structure at Beattie quarry, Fall River, Mass.....	251
42. Structure at Blanchard quarries, Uxbridge, Mass.....	284
43. Map of the vicinity of Lena, Fayette County, Tex., showing bore holes put down to determine extent of kaolin on Leitenberg property.....	310
44. Index map of Colorado, showing location of Eagle County.....	355
45. Map showing areas of gypsum in Eagle County, Colo.....	358
46. Map showing phosphate reserves in Idaho on June 30, 1911.....	373
47. Diagram showing distribution of phosphate in a portion of the Idaho phosphate reserve.....	438

	Page.
FIGURE 48. Map showing location of phosphate deposits northwest of Melrose, Mont.....	441
49. View of the phosphate mountain near Melrose, Mont.....	443
50. Section across phosphate deposit near Melrose, Mont.....	446
51. Index map showing area in western Wyoming containing phosphate deposits .....	452
52. Diagrammatic structure section of the Teton Range and vicinity..	463
53. Section showing probable structure and relations of beds in the Hoback Range just south of Fall River.....	465
54. Section showing structure of the north slope of Gros Ventre Range near the mouth of Crystal Creek.....	467
55. Diagrammatic section of sedimentary beds in the north slope of the Bull Lake basin, on the north side of the Wind River Range ...	474
56. Section showing structure of Black Mountain, northwest of the Wind River basin .....	478
57. Section showing structure of the Owl Creek Mountains in the longitude of Thermopolis, Wyo.....	480
58. Geologic map of sulphur-bearing area near Soda Springs, Idaho....	500
59. Map showing location of asbestos deposits in northern Vermont and adjoining portion of Canada.....	508
60. Map of vicinity of Casper, Wyo., showing Casper Mountain and Smith Creek asbestos areas.....	512
61. Map of Fluorite Ridge and vicinity of Deming, N. Mex., showing location of fluorspar deposits.....	534
62. Geologic map of Fluorite Ridge, 12 miles north of Deming, N. Mex.	535
63. Cross section of Fluorite Ridge.....	536
64. Section through second opening at Fluorite mines.....	538
