

- EXPLANATION**
- SEDIMENTARY ROCKS**
- Qal Alluvium
 - Qgl Glacial drift
 - Qtr Terrace gravels
 - U Unconformity
 - T Lance formation
 - Kbs Bearpaw shale
 - Jr Judah River formation
 - Kcl Claggett shale
 - Kss Eagle sandstone
 - Kcs Colorado shale
- IGNEOUS ROCKS**
- Intrusive rocks
 - Extrusive rocks (southern cones)
- Other Symbols:**
- Fault
 - Anticline axis
 - Synclinal axis
 - Strike and dip of beds
 - Dip of overturned bed
 - Dip of fault plane
 - Location of triangulation station of Missouri River survey
 - Mine
 - Dry hole
 - Gas well
