

FERROUS METAL DISTRICTS

- LEGEND
- Fe = Iron deposit
 - Mn = Manganese deposit
 - W = Tungsten deposit
 - V = Vanadium deposit
 - Mo = Molybdenum deposit
 - C = Cobalt deposit
 - District examined recently by U. S. G. S. no production reserve undetermined or small
 - District recorded but not recently examined by U. S. G. S. no production reserve undetermined or small
 - ◉ District examined recently by U. S. G. S. production recorded reserve undetermined or small
 - ◐ District recorded but not recently examined by U. S. G. S. production recorded reserve undetermined or small
 - ◑ District examined recently by U. S. G. S. production recorded noteworthy reserve
 - ◒ District recorded but not recently examined by U. S. G. S. production recorded record indicates noteworthy reserve

**MAP OF THE LOWER COLORADO RIVER DRAINAGE BASIN
SHOWING MINERAL DEPOSITS TRIBUTARY TO BOULDER DAM**
Based upon survey by U. S. Geological Survey, 1934
