

Compiled by Alaskan Branch.
Topography by J. W. Bailey, C. F. Fuchsel, T. G. Gerdine,
C. E. Griffin, and D. C. Winterspoon, Topographic Engineers.
Areas adjacent to the International Boundary
from surveys by International Boundary Commission.
Control by triangulation and traverse based on position of astronomic
stations at Valdez and Copper Center, data by International Boundary
Commission in the eastern portion, and surveys by the Copper River and
Northwestern Railway.
Surveyed in 1900, 1905, 1908, 1911, 1912, 1913, 1914, 1915, and
1931.

TOPOGRAPHIC RECONNAISSANCE MAP OF THE CHITINA VALLEY AND ADJACENT AREAS, ALASKA

Scale 1:62,500
0 1 2 3 4 5 6 7 8 9 10 Miles
0 2 4 6 8 10 12 Kilometers
