

**EXPLANATION**

-  Monzonite porphyry
-  Granite
-  Serpentine
-  Metamorphic rocks, including some granite
-  Chromite deposit

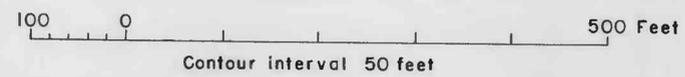

Geologic boundaries—dashed where inferred

Limit of outcrop

Limit of magnetometer surveys made in September 1942, by G.R. Mac Carthy

U. S. Vanadium Corporation coordinates

Geology and topography adapted from map by U. S. Vanadium Corporation

**GEOLOGIC MAP OF THE CHROMITE DEPOSITS ON THE HIGHLINE CLAIMS, LINE CREEK PLATEAU, CARBON COUNTY, MONTANA**
