

EXPLANATION

Qal	QUATERNARY
Alluvium	
R db	TRIASSIC
Diabase	
R sed	TRIASSIC
Conglomerate, sandstone, shale, and their metamorphosed equivalents	
p R	PRE-TRIASSIC
Pre-Triassic rocks, undifferentiated	
Contact, approximately located	
— TRAVERSE A —	
Approximate location of aeromagnetic traverses. (Not all flights along each traverse were in same location so the mean position is plotted)	
- - -	Ground magnetometer traverse

INDEX MAP SHOWING LOCATION OF DETAILED MAGNETIC AND GEOLOGIC MAPS OF BOYERTOWN AND VICINITY, PENNSYLVANIA

From unpublished map by E. F. Bliss, A. I. Jonas, and E. T. Wherry, 1912-14, with minor corrections by H. E. Hawkes, Helmuth Wedow, and J. R. Balsley
