

EXPLANATION

- Zinc
- - - - Lead
- - - - Heavy metals

Lead and heavy metals values fall on same line

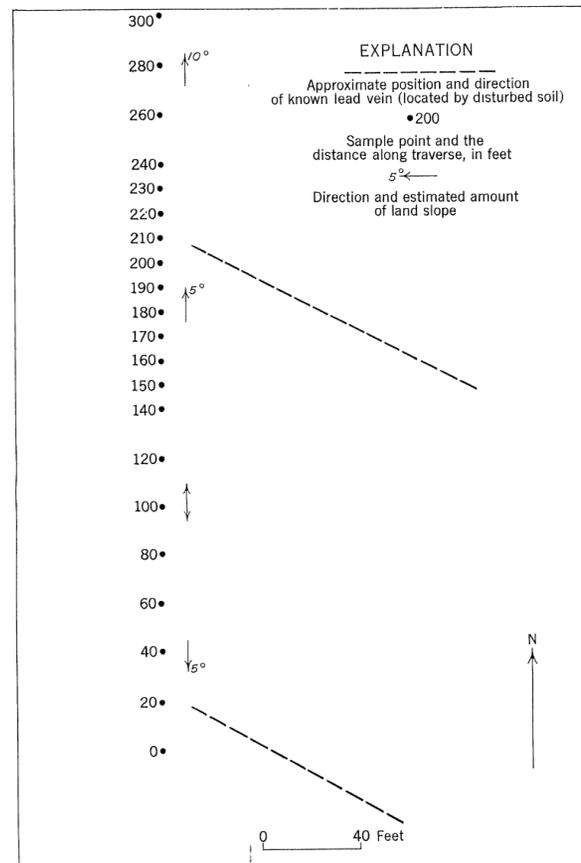

← Component of slope parallel to traverse

PERCENT OF RESIDUAL MATERIAL IN SOIL

- Less than 25 percent
- - - 25 to 50 percent
- 50 to 100 percent

Where graphs are blank data not available

Methods of sample digestion for heavy metals test and lead and zinc tests were different, hence data are not directly comparable

MAP SHOWING RELATIONSHIP OF THE SAMPLE TRAVERSE TO KNOWN LEAD VEINS

DISTRIBUTION OF LEAD, ZINC, AND TOTAL HEAVY METALS IN SOIL NEAR POINT M IN THE POTOSI AREA
