

EXPLANATION

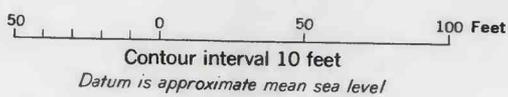

-  Covered
-  Basalt and andesite
-  Greenstone and associated rocks
-  Disseminated magnetite, pyrite, and chalcopyrite in greenstone
-  Magnetite with some pyrite and chalcopyrite
Dashed line indicates inferred outline of ore body
-  Fault, showing dip
Dashed where approximately located
-  Vertical fault
Dashed where approximately located
-  Shaft
-  Ore chute
-  Opencut
-  Trench
-  Pits
-  Trace of Haida adit

Topography by S. P. Brown, 1943

Geology by L. A. Warner and R. G. Ray, 1943
