EXPLANATION

Bedding
- Thick to massive
- Medium
- Thin
- Argillaceous
- Dolomitic

Limestone
- Siliceous sandstone
- Pyritic siliceous sandstone
- Sandy dolomite
- Quartzite
- Argillite

Dolomite
- Siltstone

Bedded chert
- Siliceous siltstone
- Shale
- Quartz wacke
- Quartz wacke and phyllite
- Metachert

Covered interval

Vertical scale 1 inch = 60 feet

Stratigraphic units are numbered from oldest to youngest

SECTION 5
- Devonian or older
- Narrowsville Formation
- Ninilchik Formation

SECTION 6
- Devonian or older
- Narrowsville Formation

SECTION 7
- Devonian or older
- Ninilchik Formation

SECTION 8
- Devonian or older
- Ninilchik Formation

SECTION 1A AND 1B
- Upper Mississippian (Pennsylvanian)

SECTION 1C
- Lower Mississippian

SECTION 2
- Upper Pennsylvanian-Pennsylvanian

SECTION 3
- Lower Cretaceous

SECTION 4
- Lower Cretaceous

SECTION 7A AND 7B
- Upper Mississippian (Pennsylvanian)

SECTION 7C
- Lower Mississippian

SECTION 7D
- Lower Mississippian

SECTION 8
- Upper Pennsylvanian-Pennsylvanian
