Appendix

This appendix includes maps showing the distribution of wetlands by type and pie diagrams showing the percent of each wetland type in each county of central Florida.

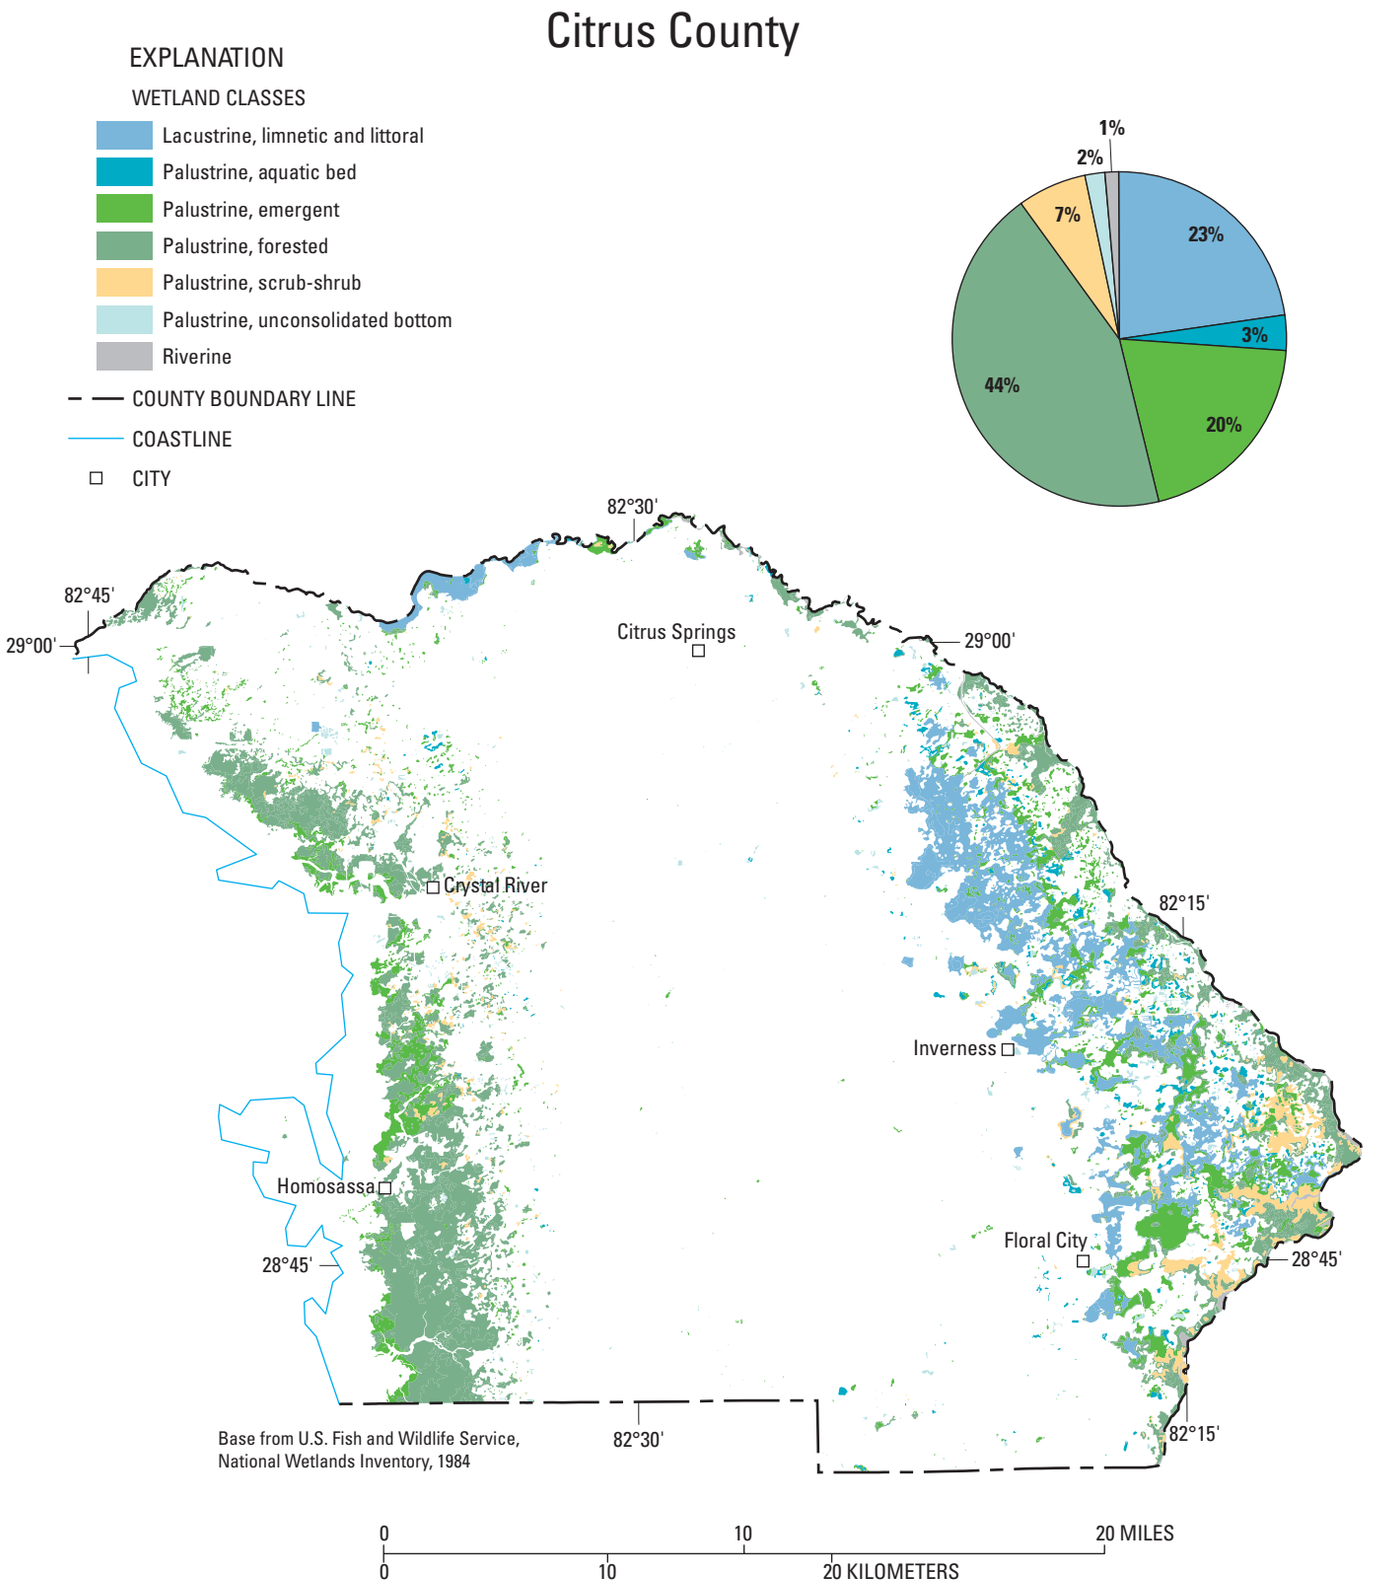

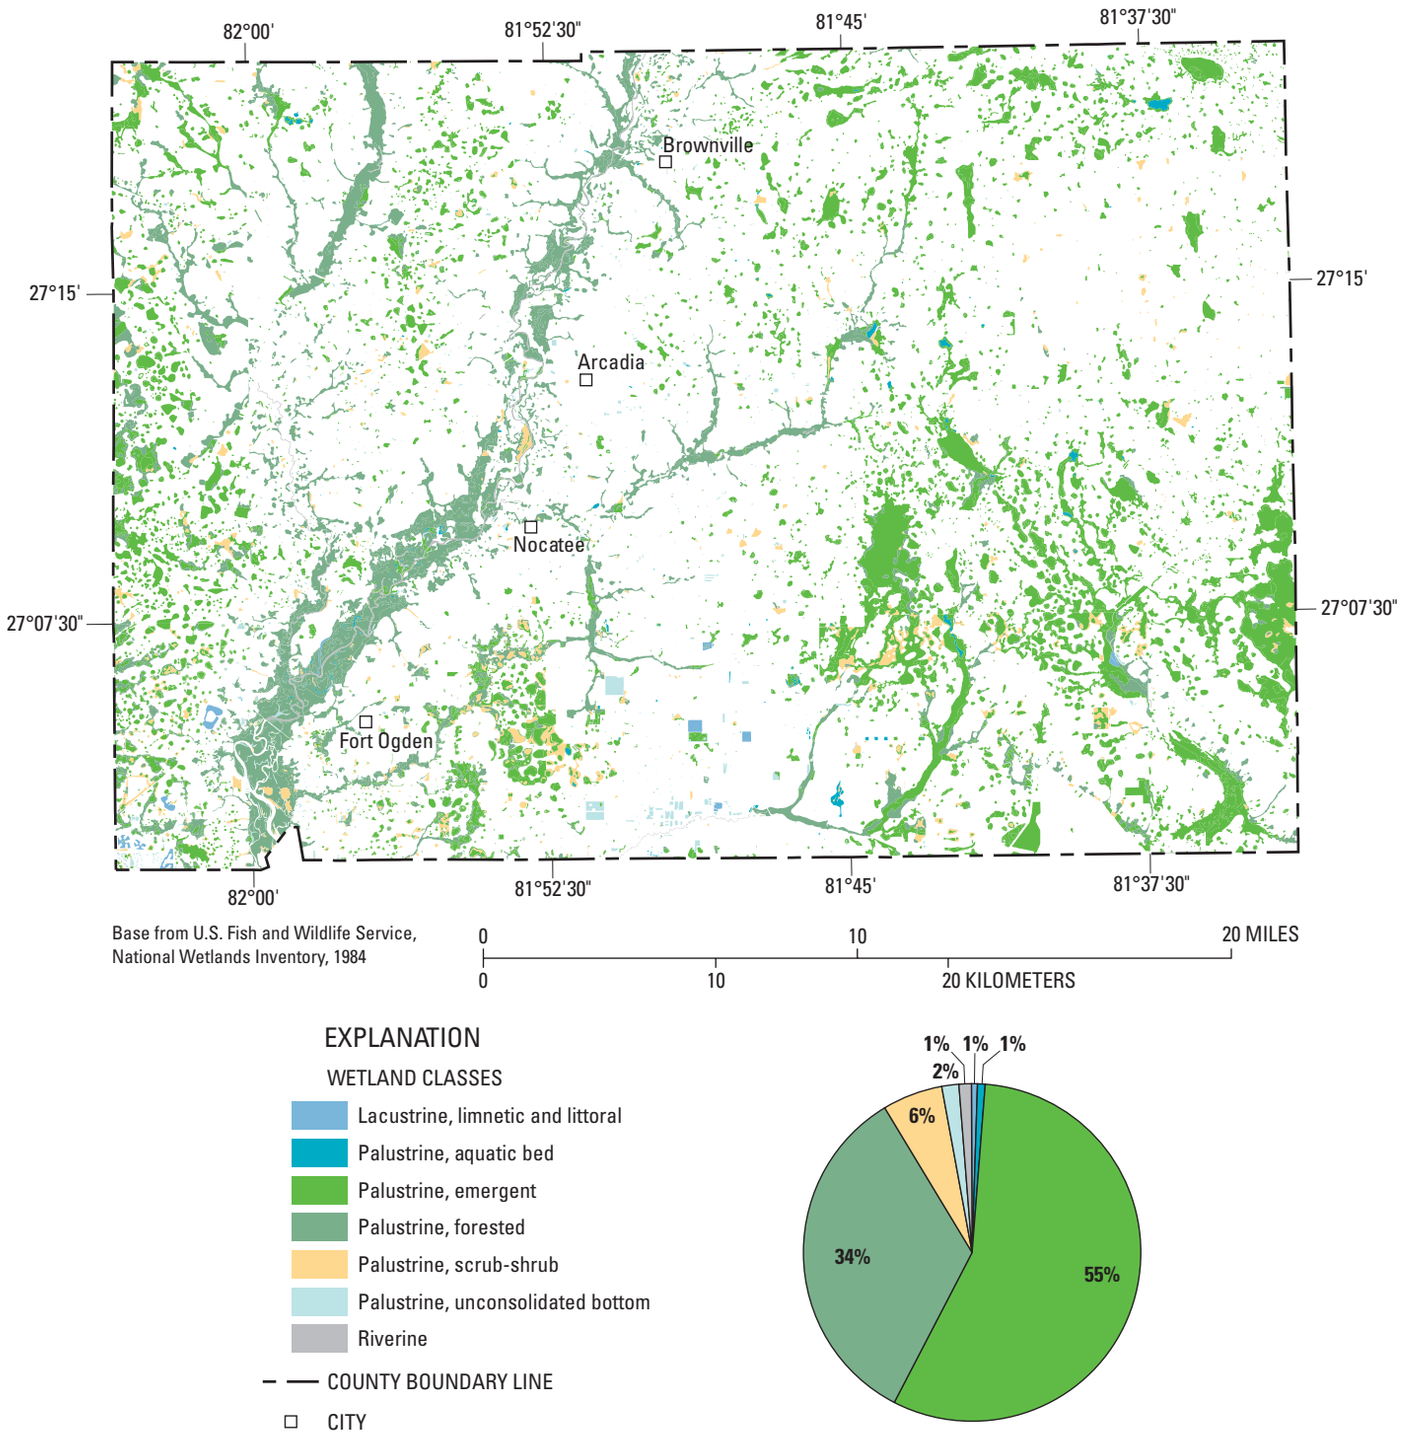

Map 1. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Alachua County, Florida.

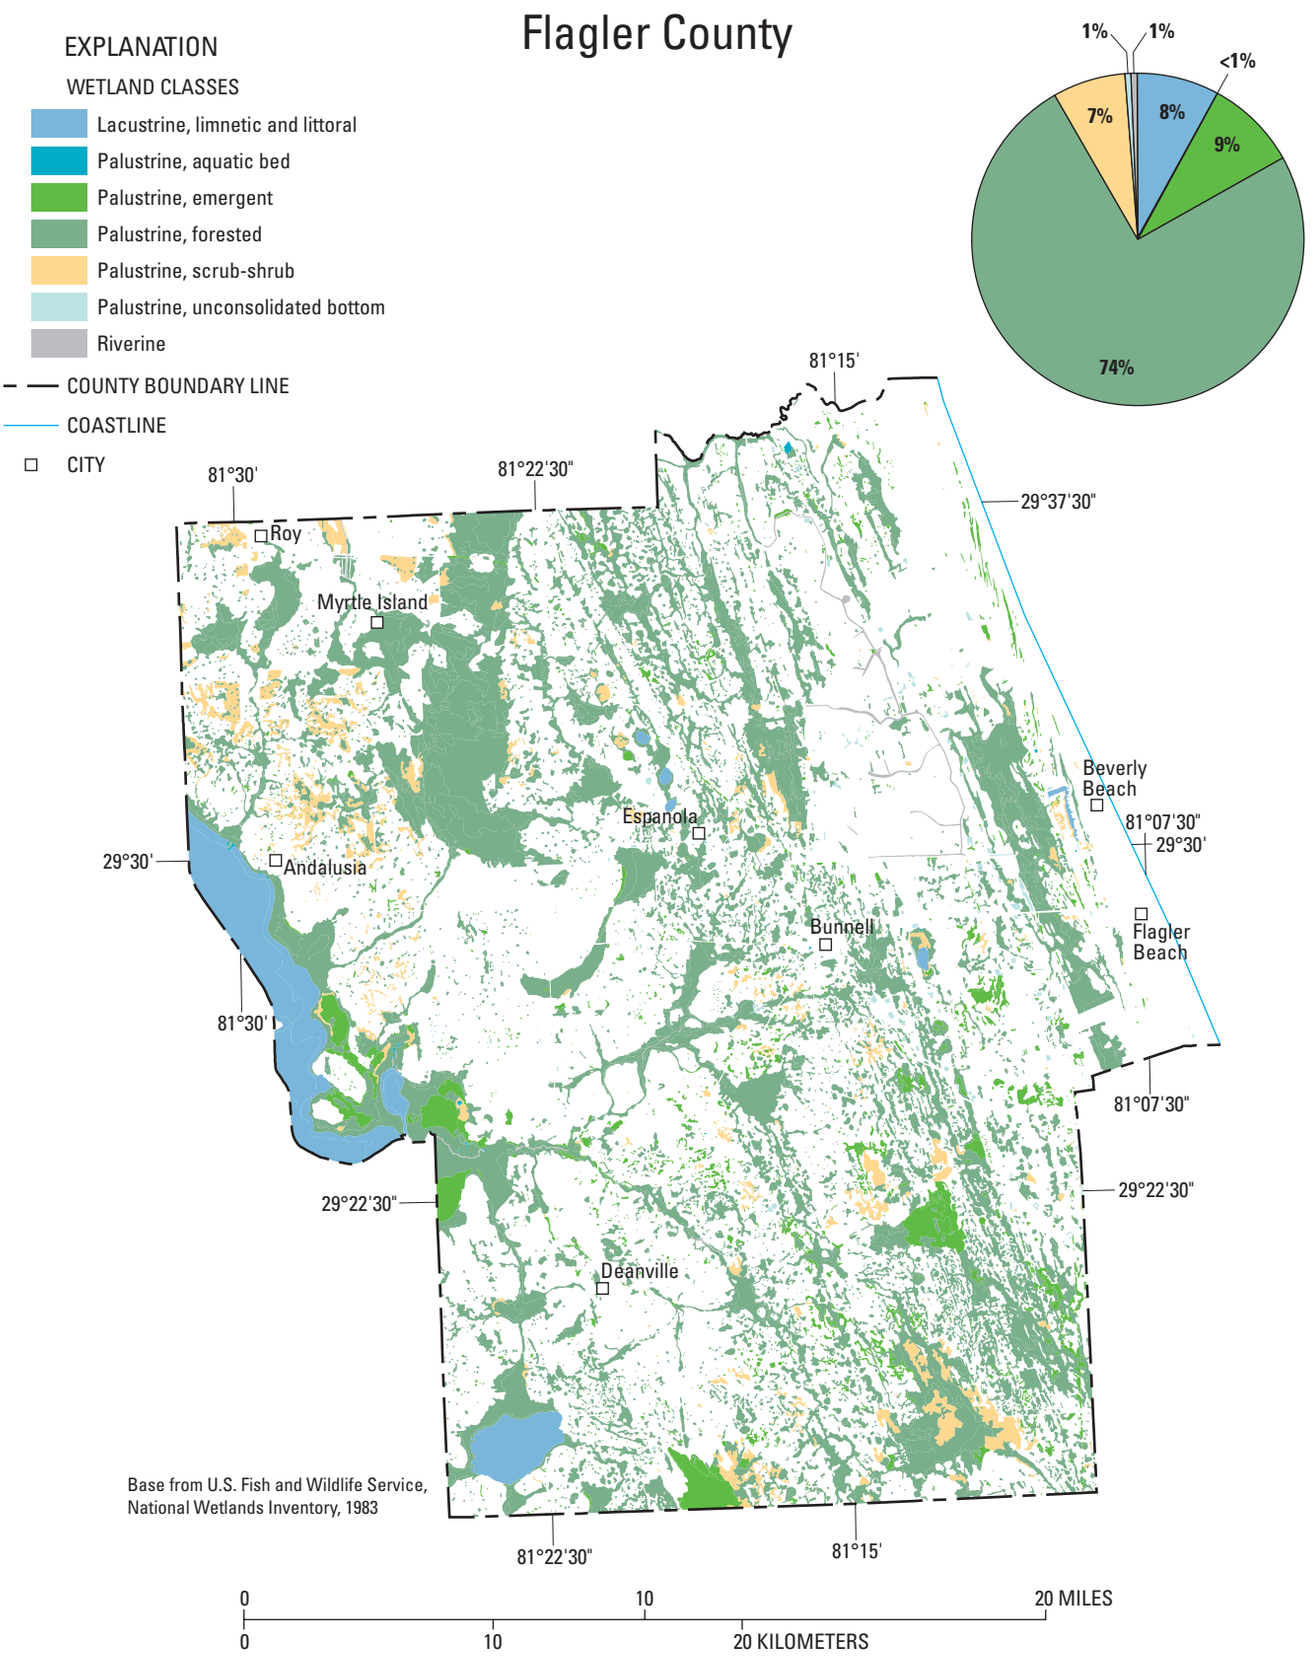

Map 2. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Brevard County, Florida.

Map 3. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Citrus County, Florida.

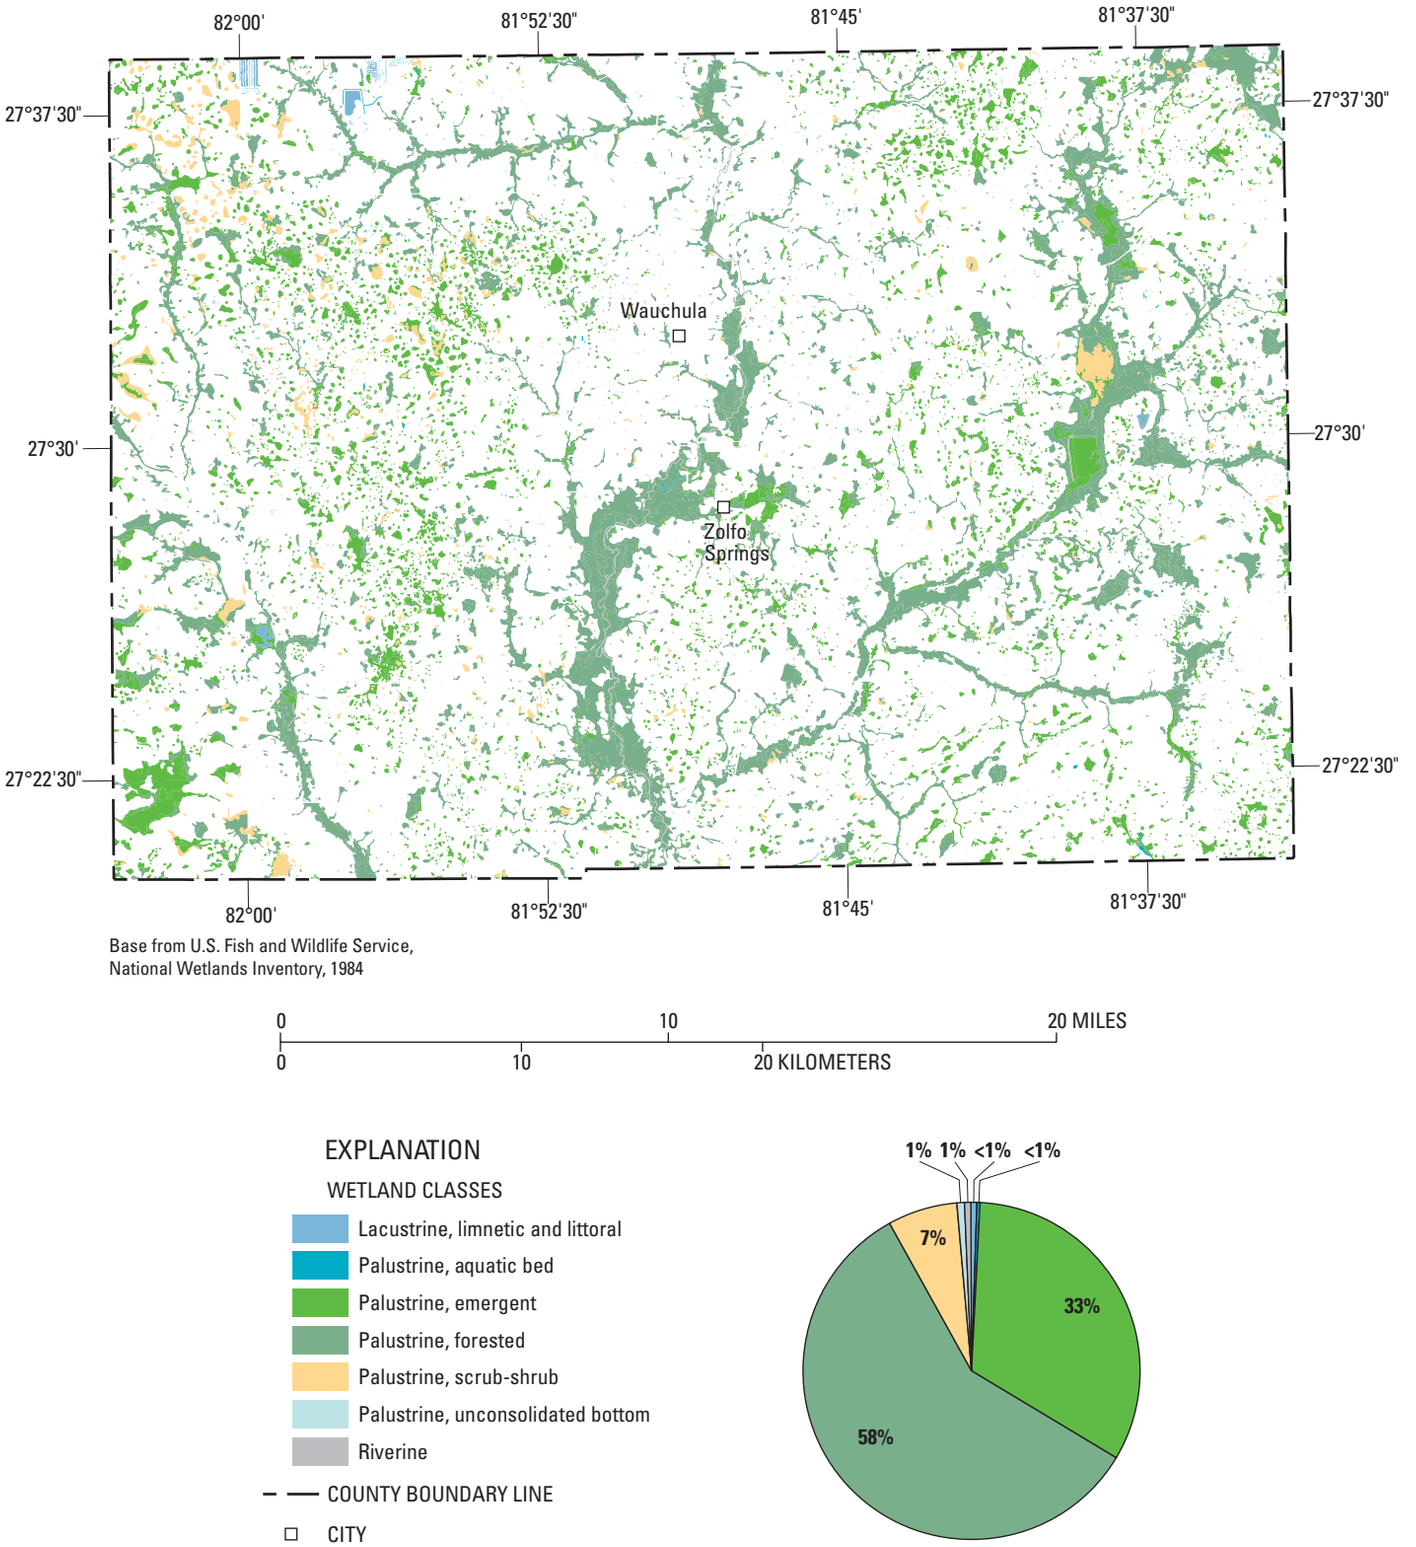

Map 4. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in DeSoto County, Florida.

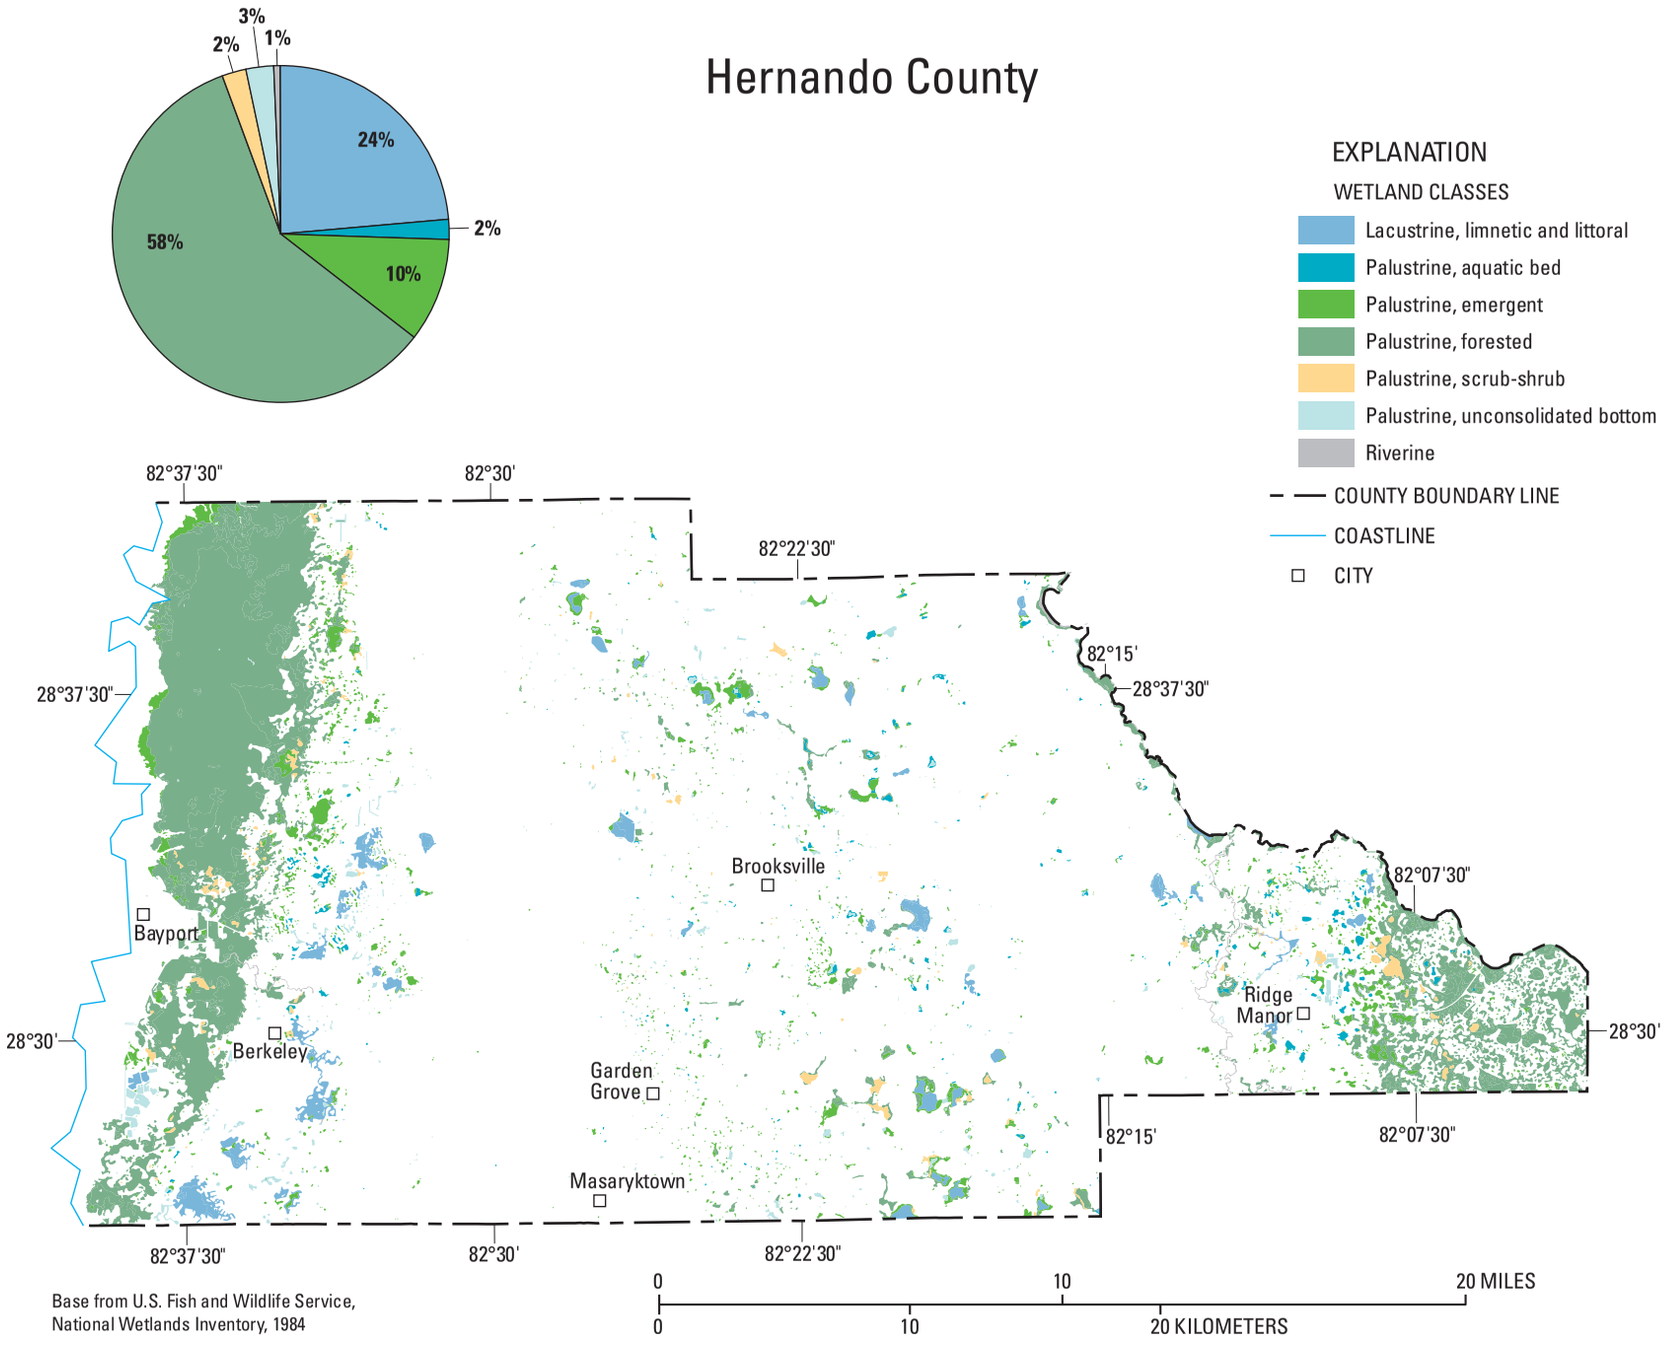

Map 5. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Flagler County, Florida.

Hardee County

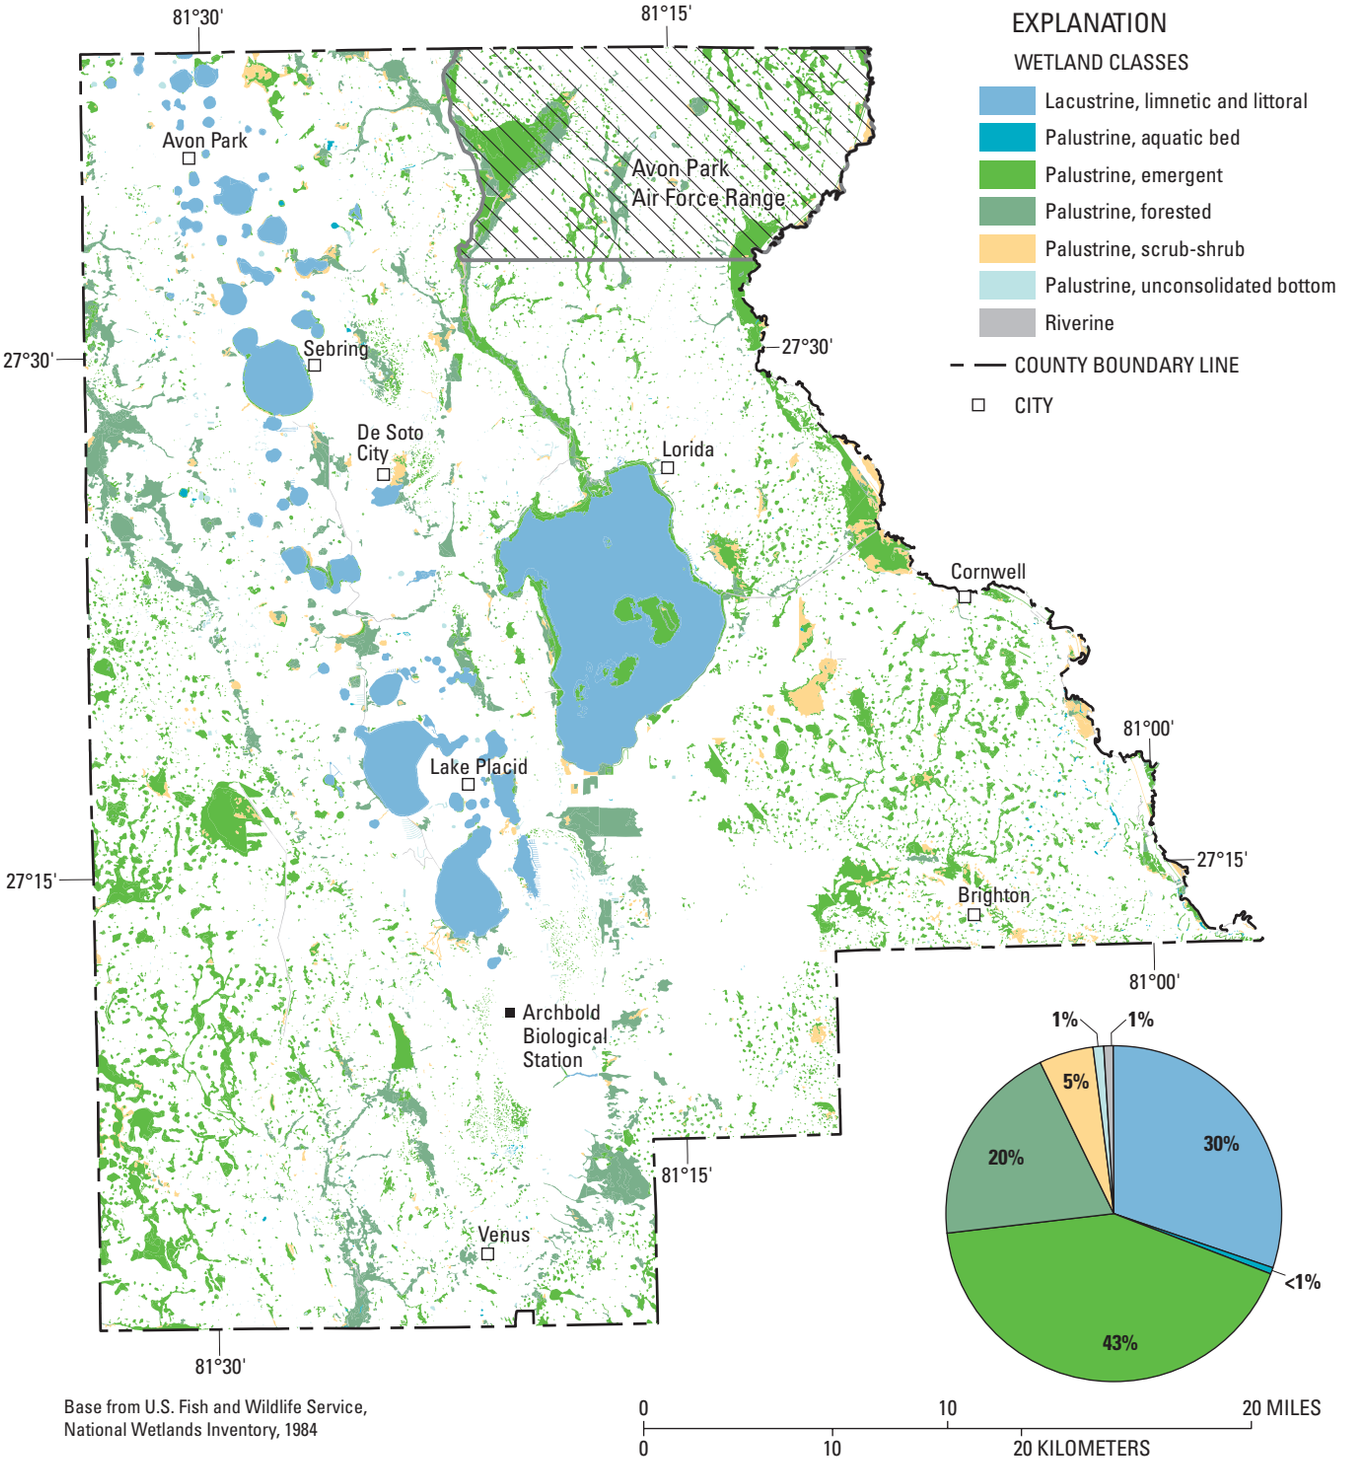

Map 6. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Hardee County, Florida.

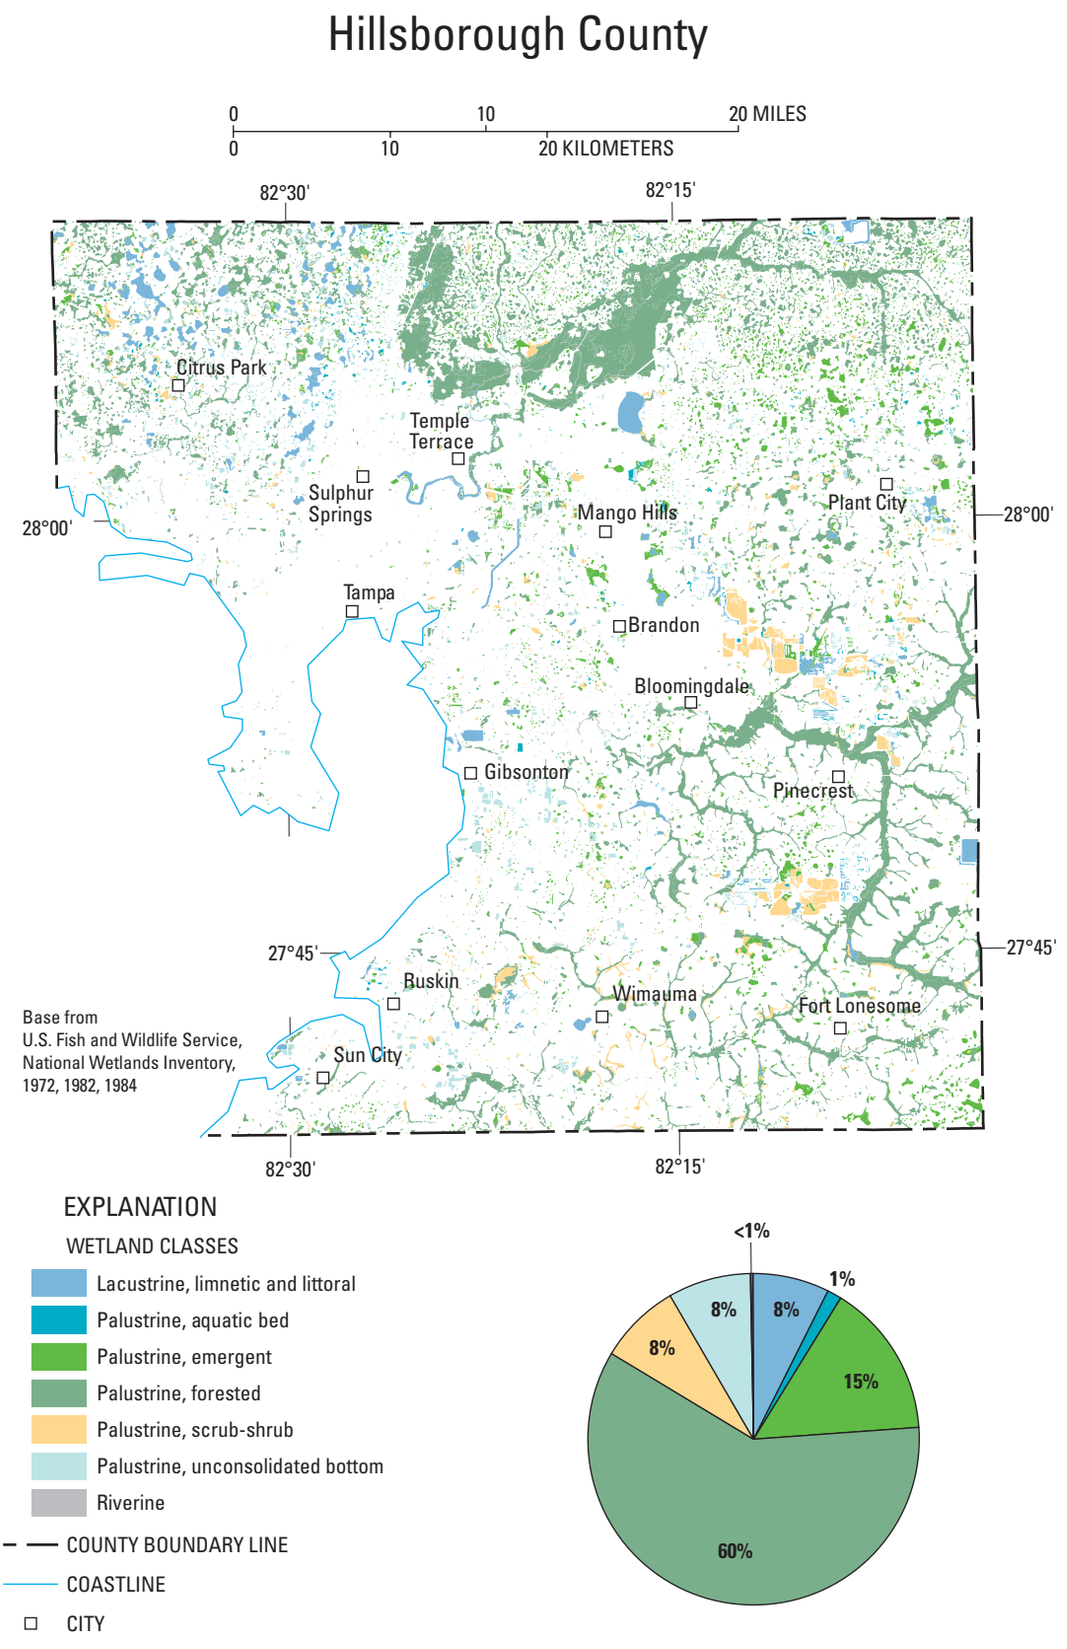

Map 7. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Hernando County, Florida.

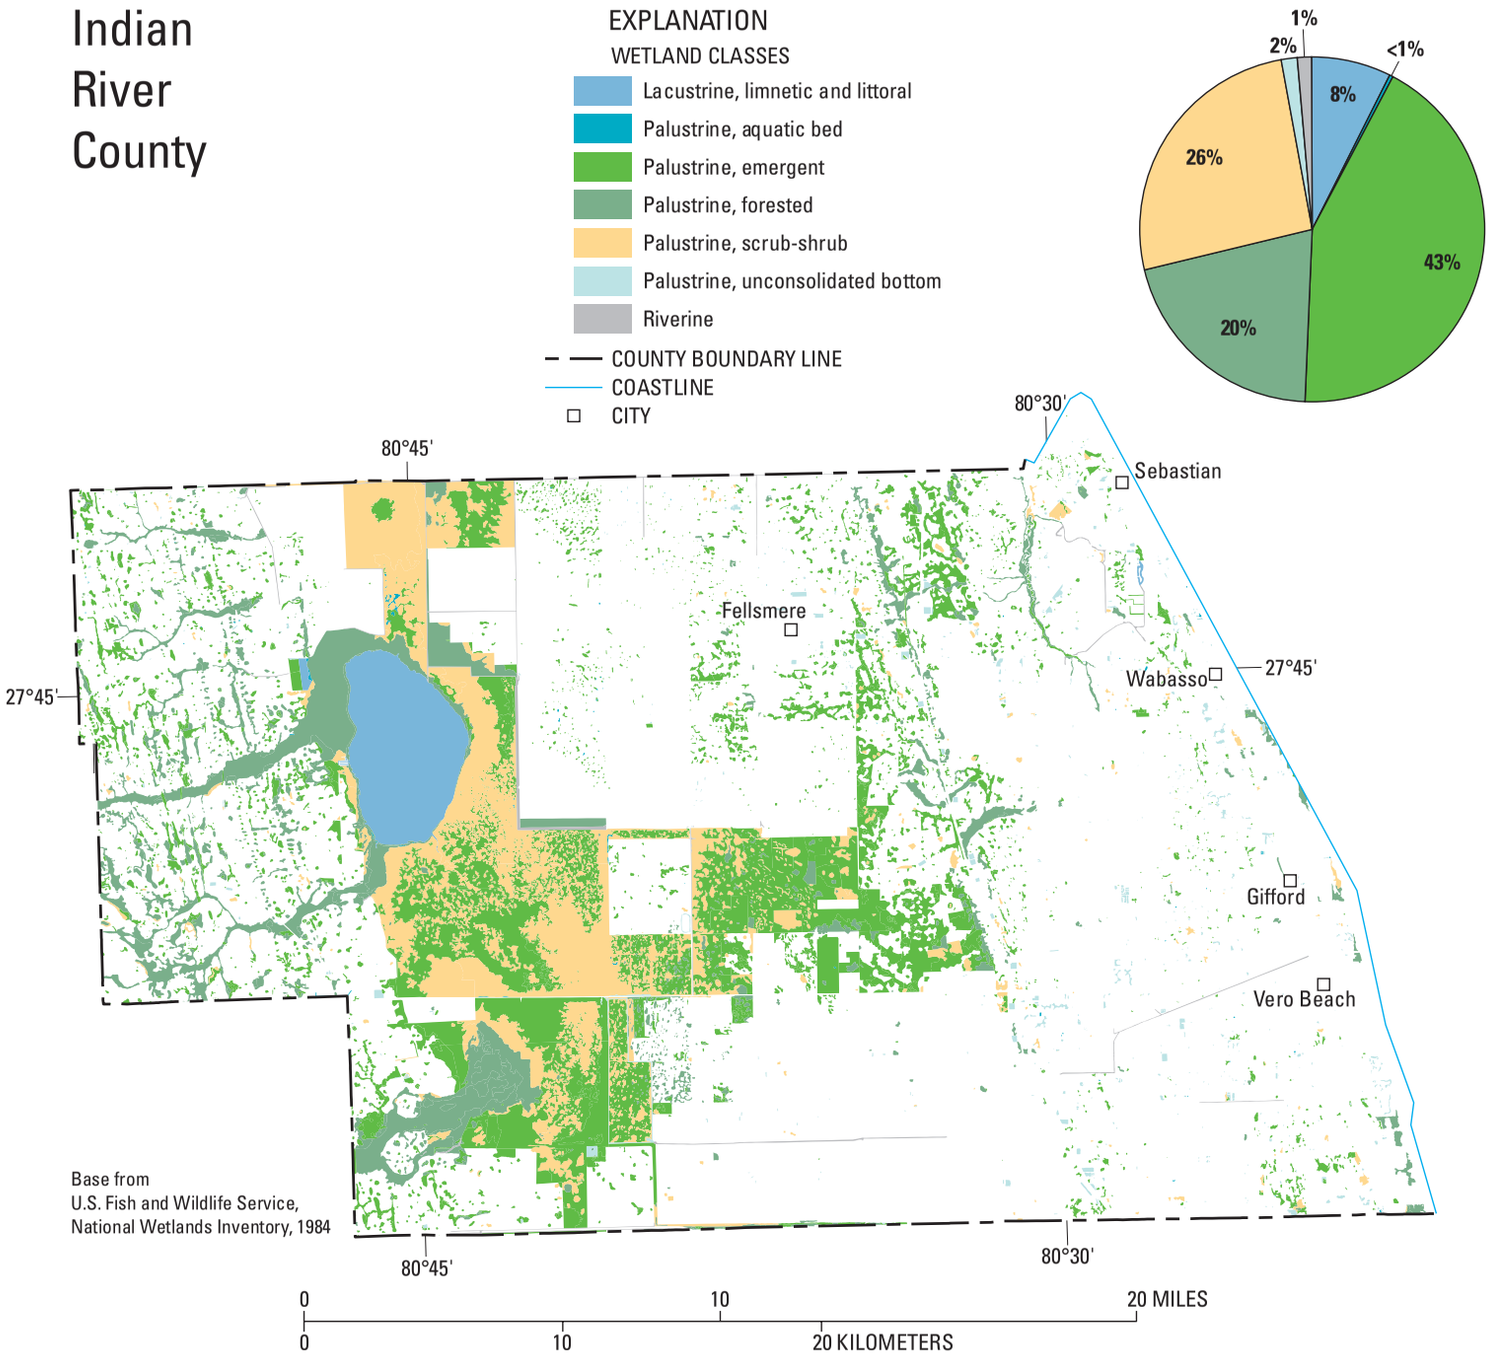

Highlands County

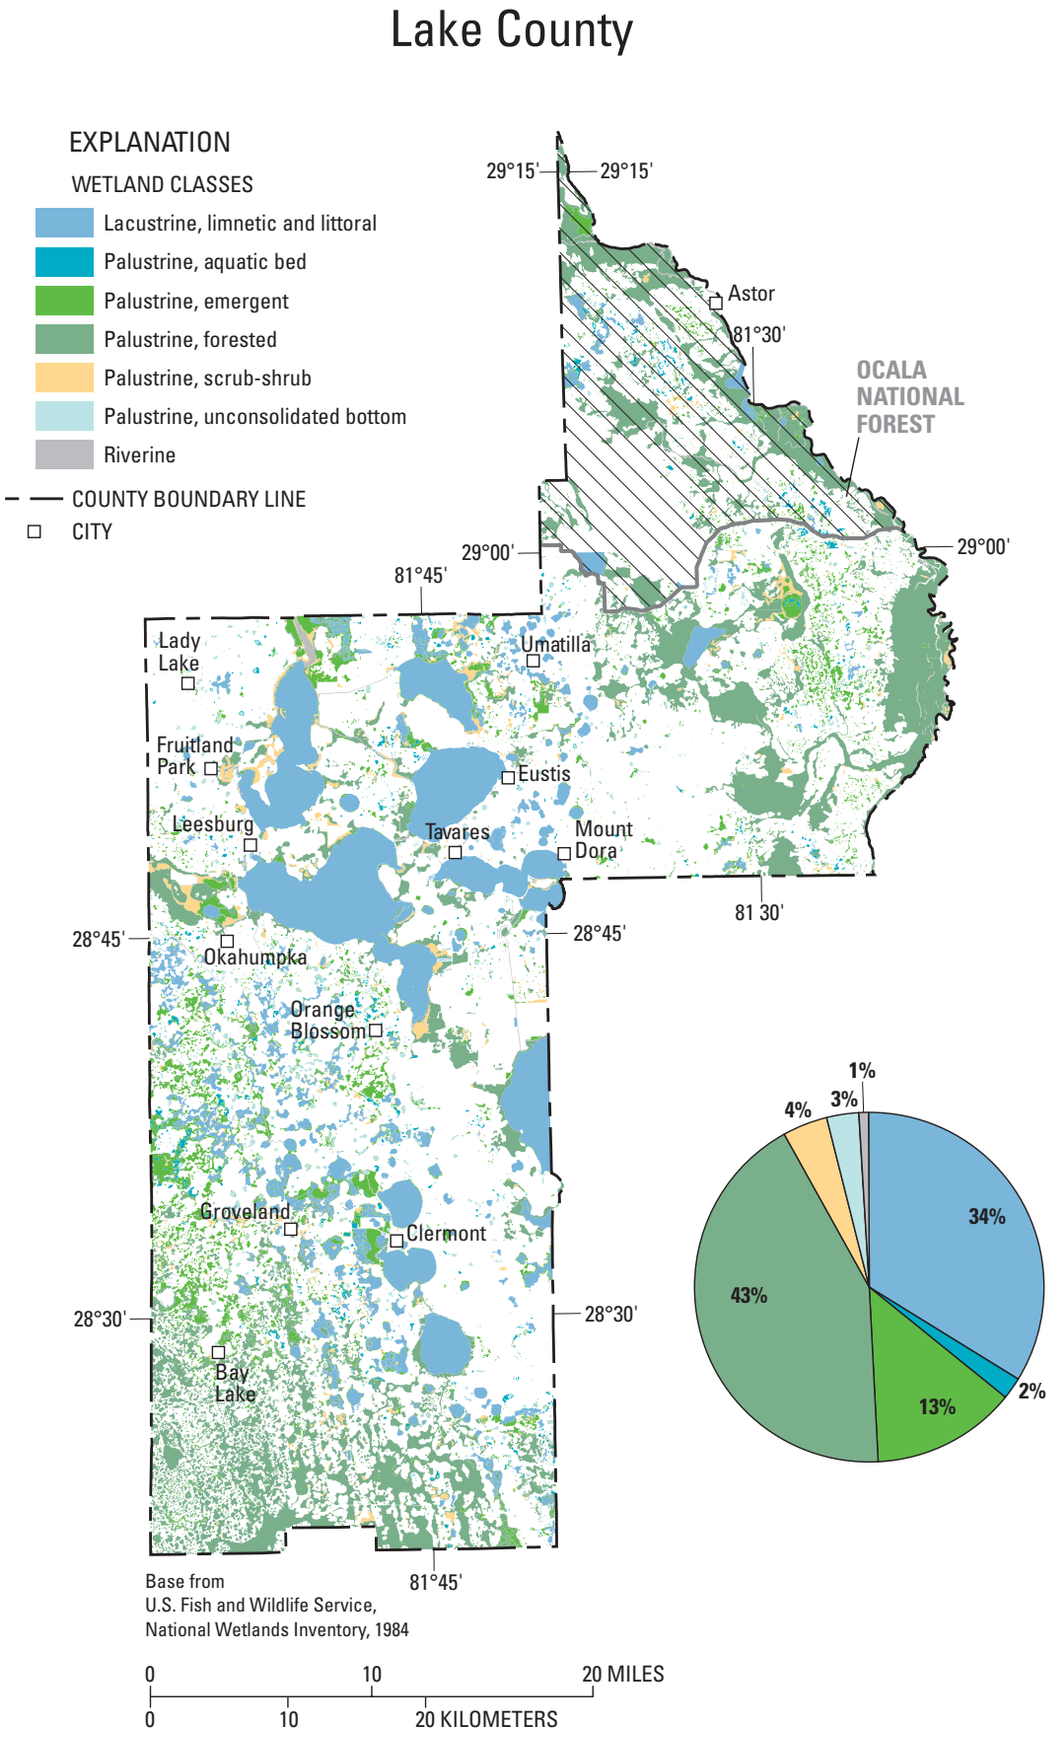

Map 8. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Highlands County, Florida.

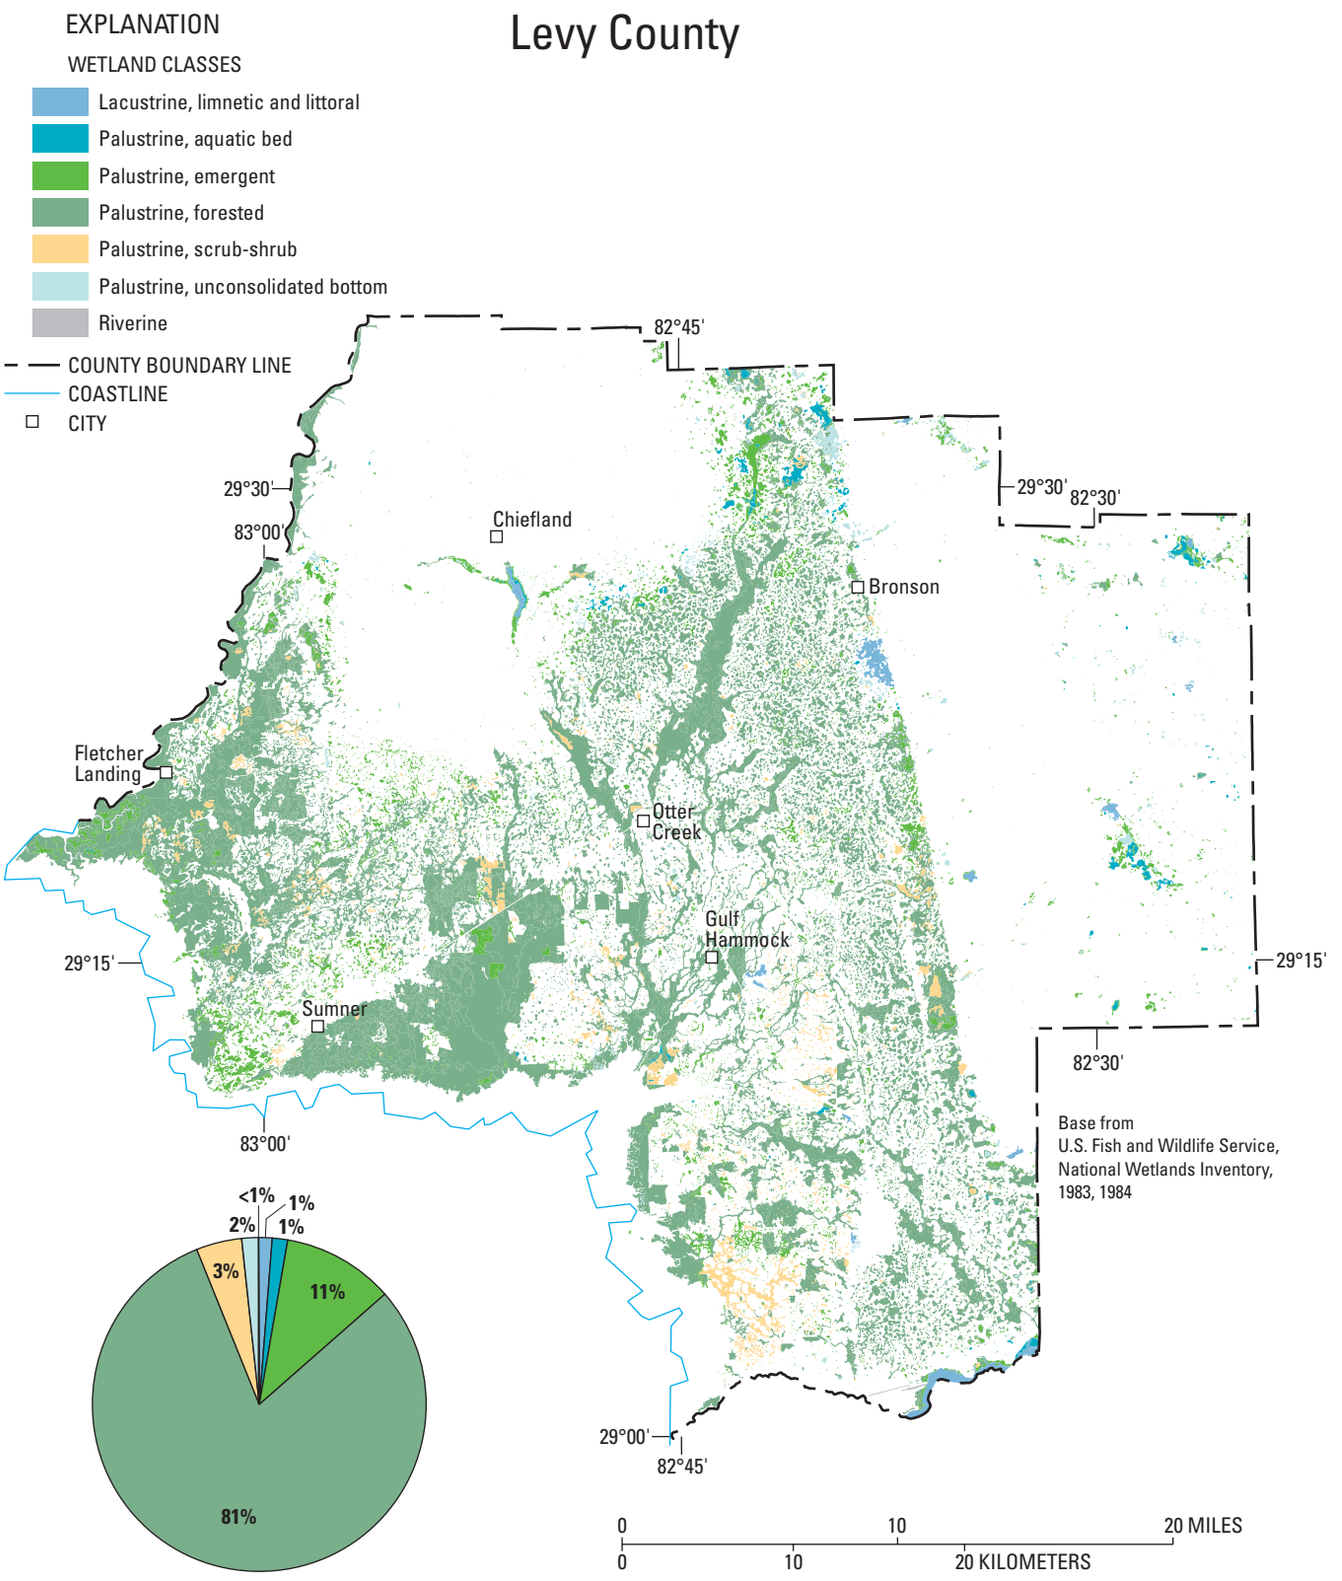

Map 9. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Hillsborough County, Florida.

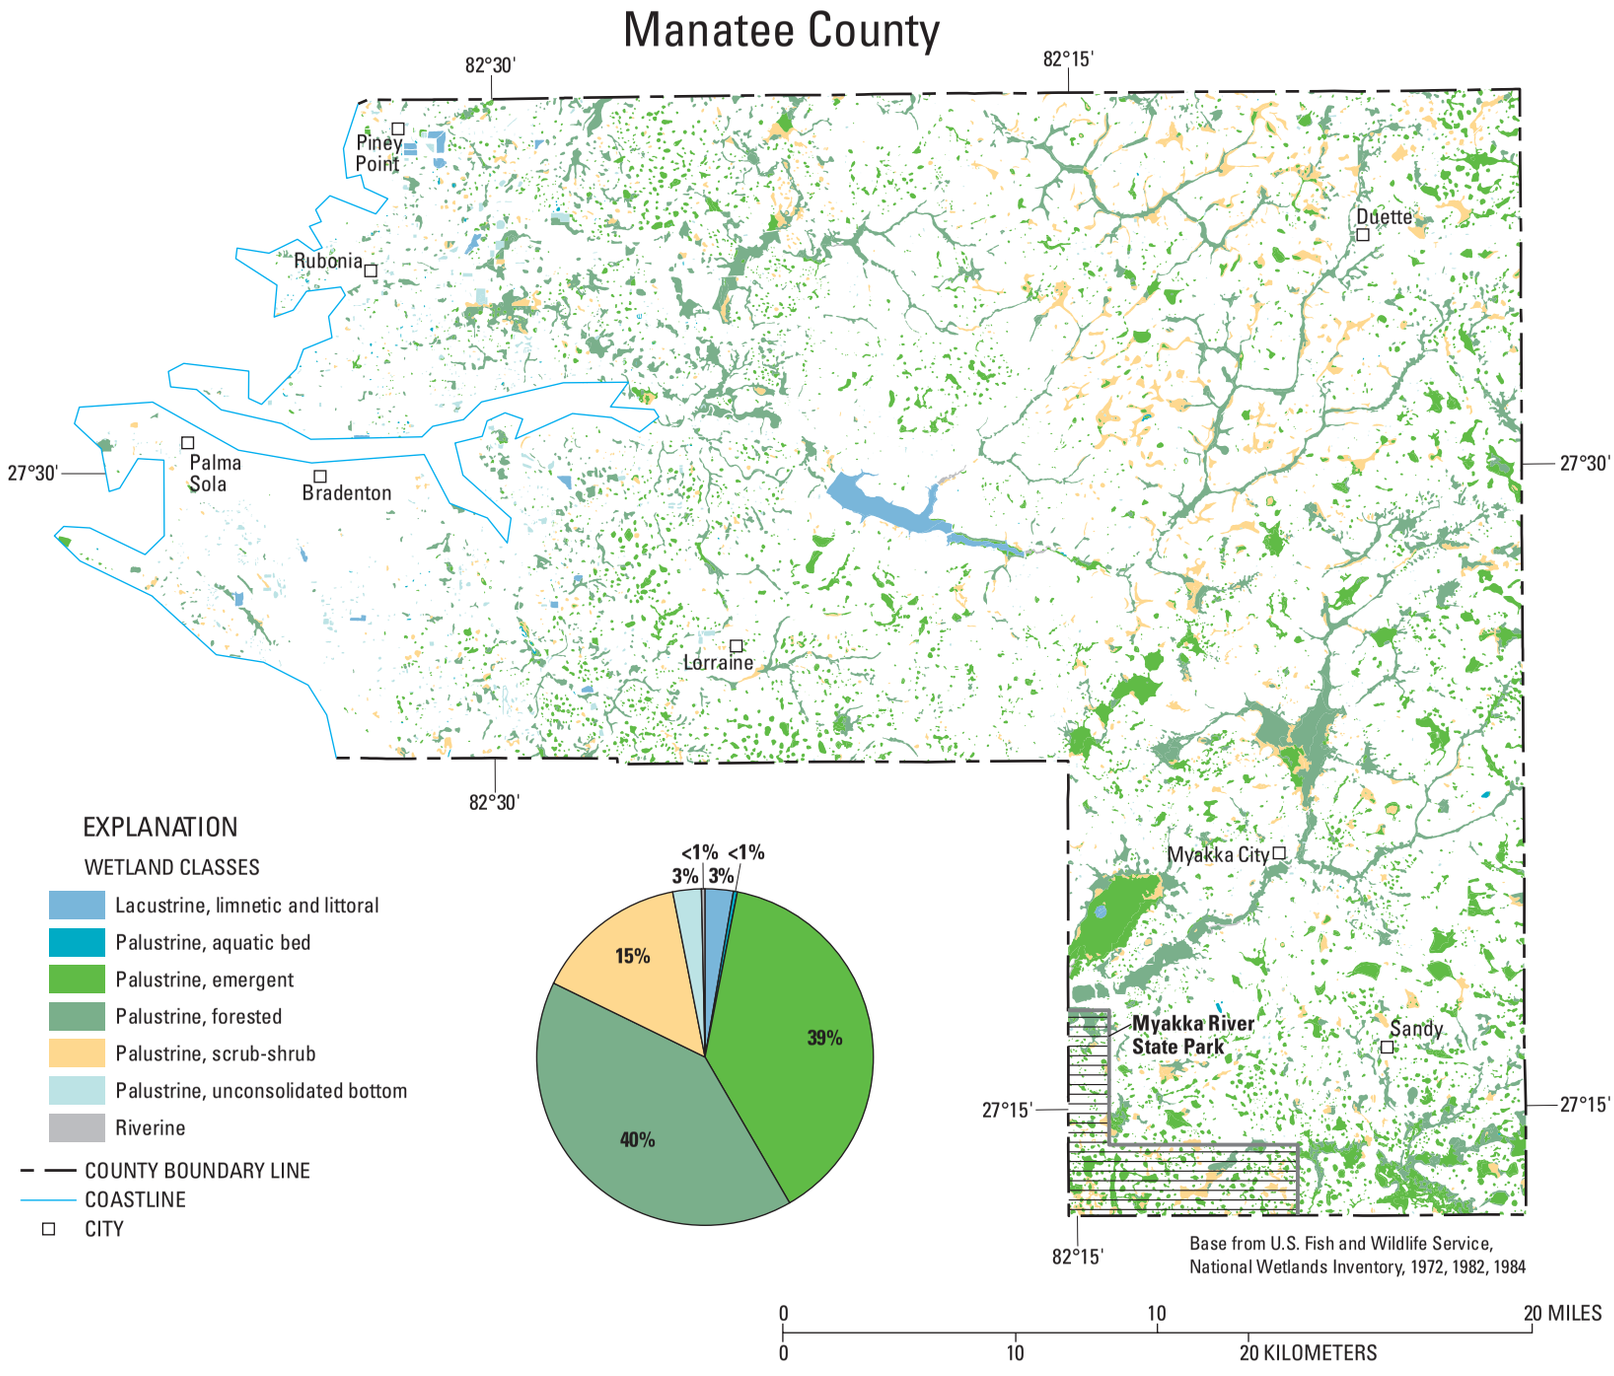

Map 10. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Indian River County, Florida.

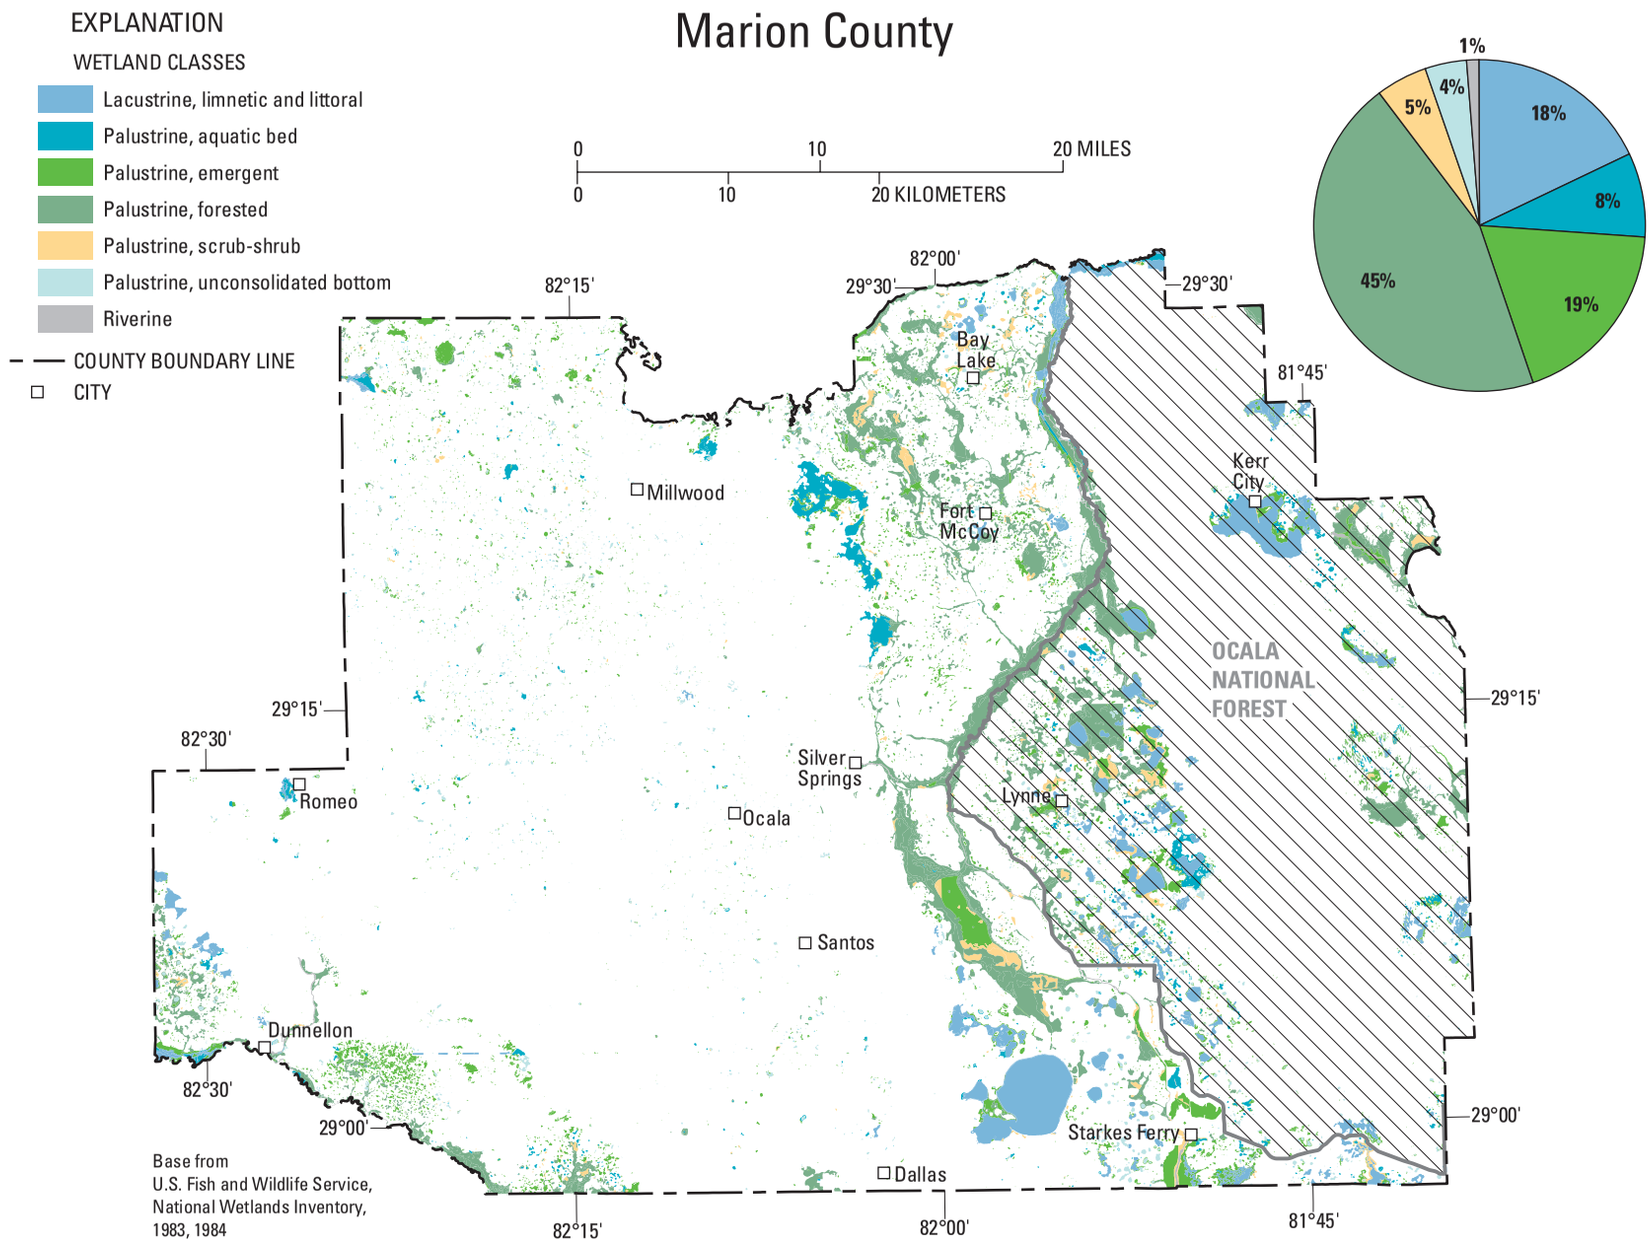

Map 11. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Lake County, Florida.

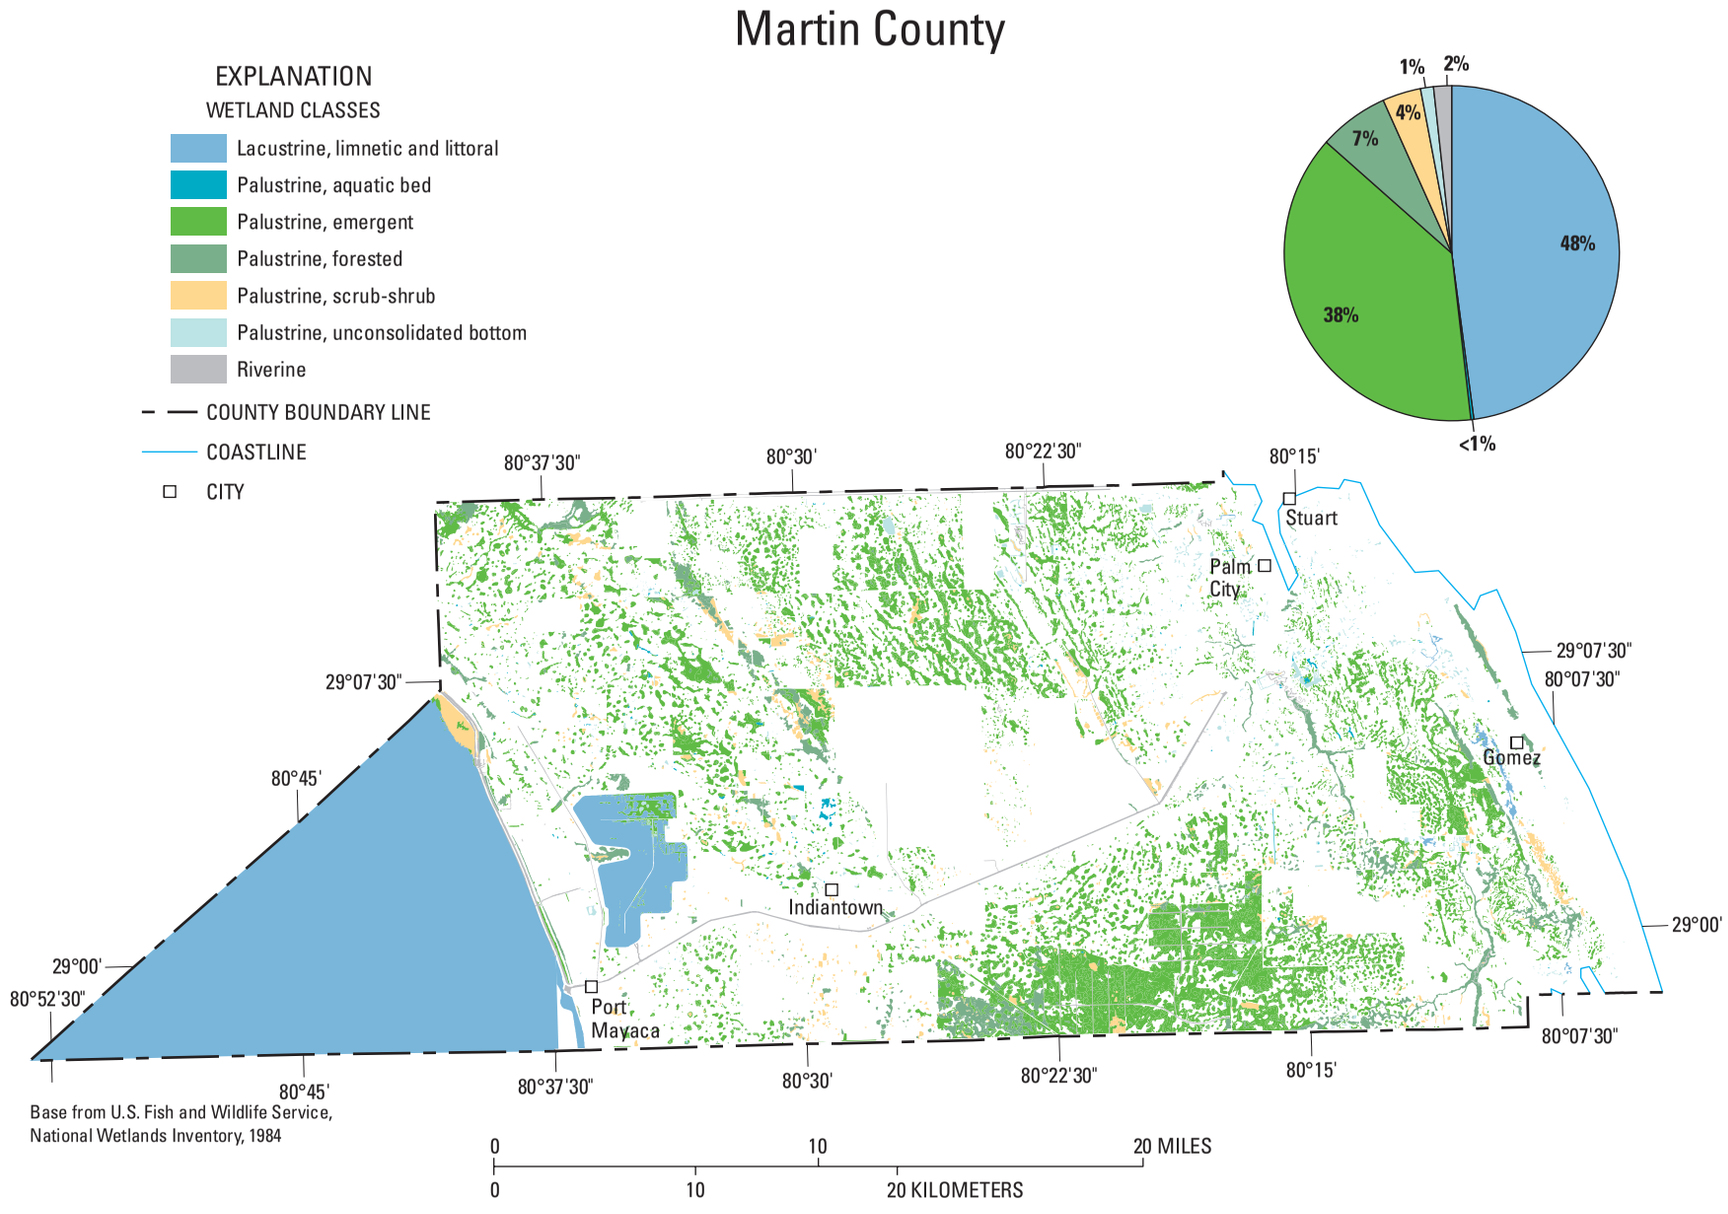

Map 12. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Levy County, Florida.

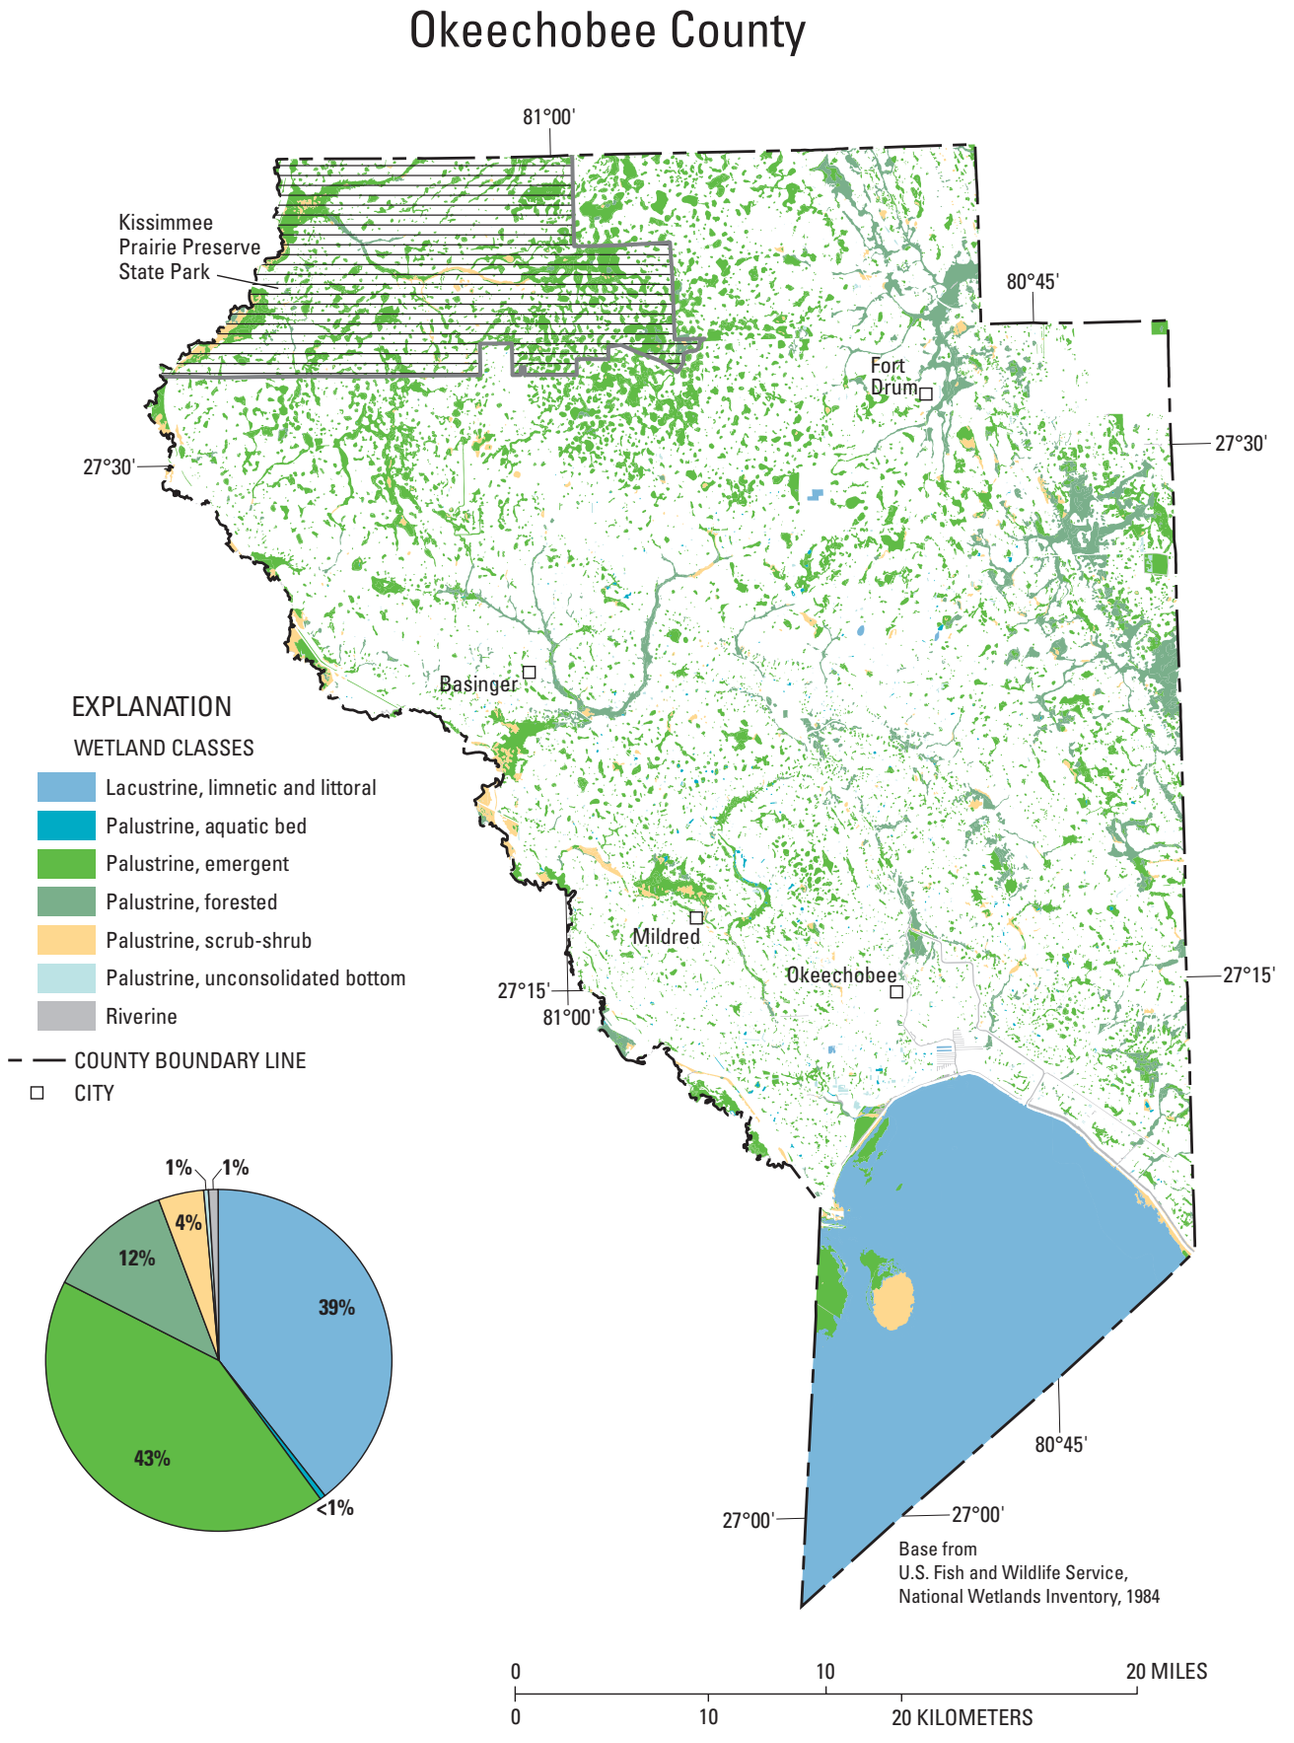

Map 13. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Manatee County, Florida.

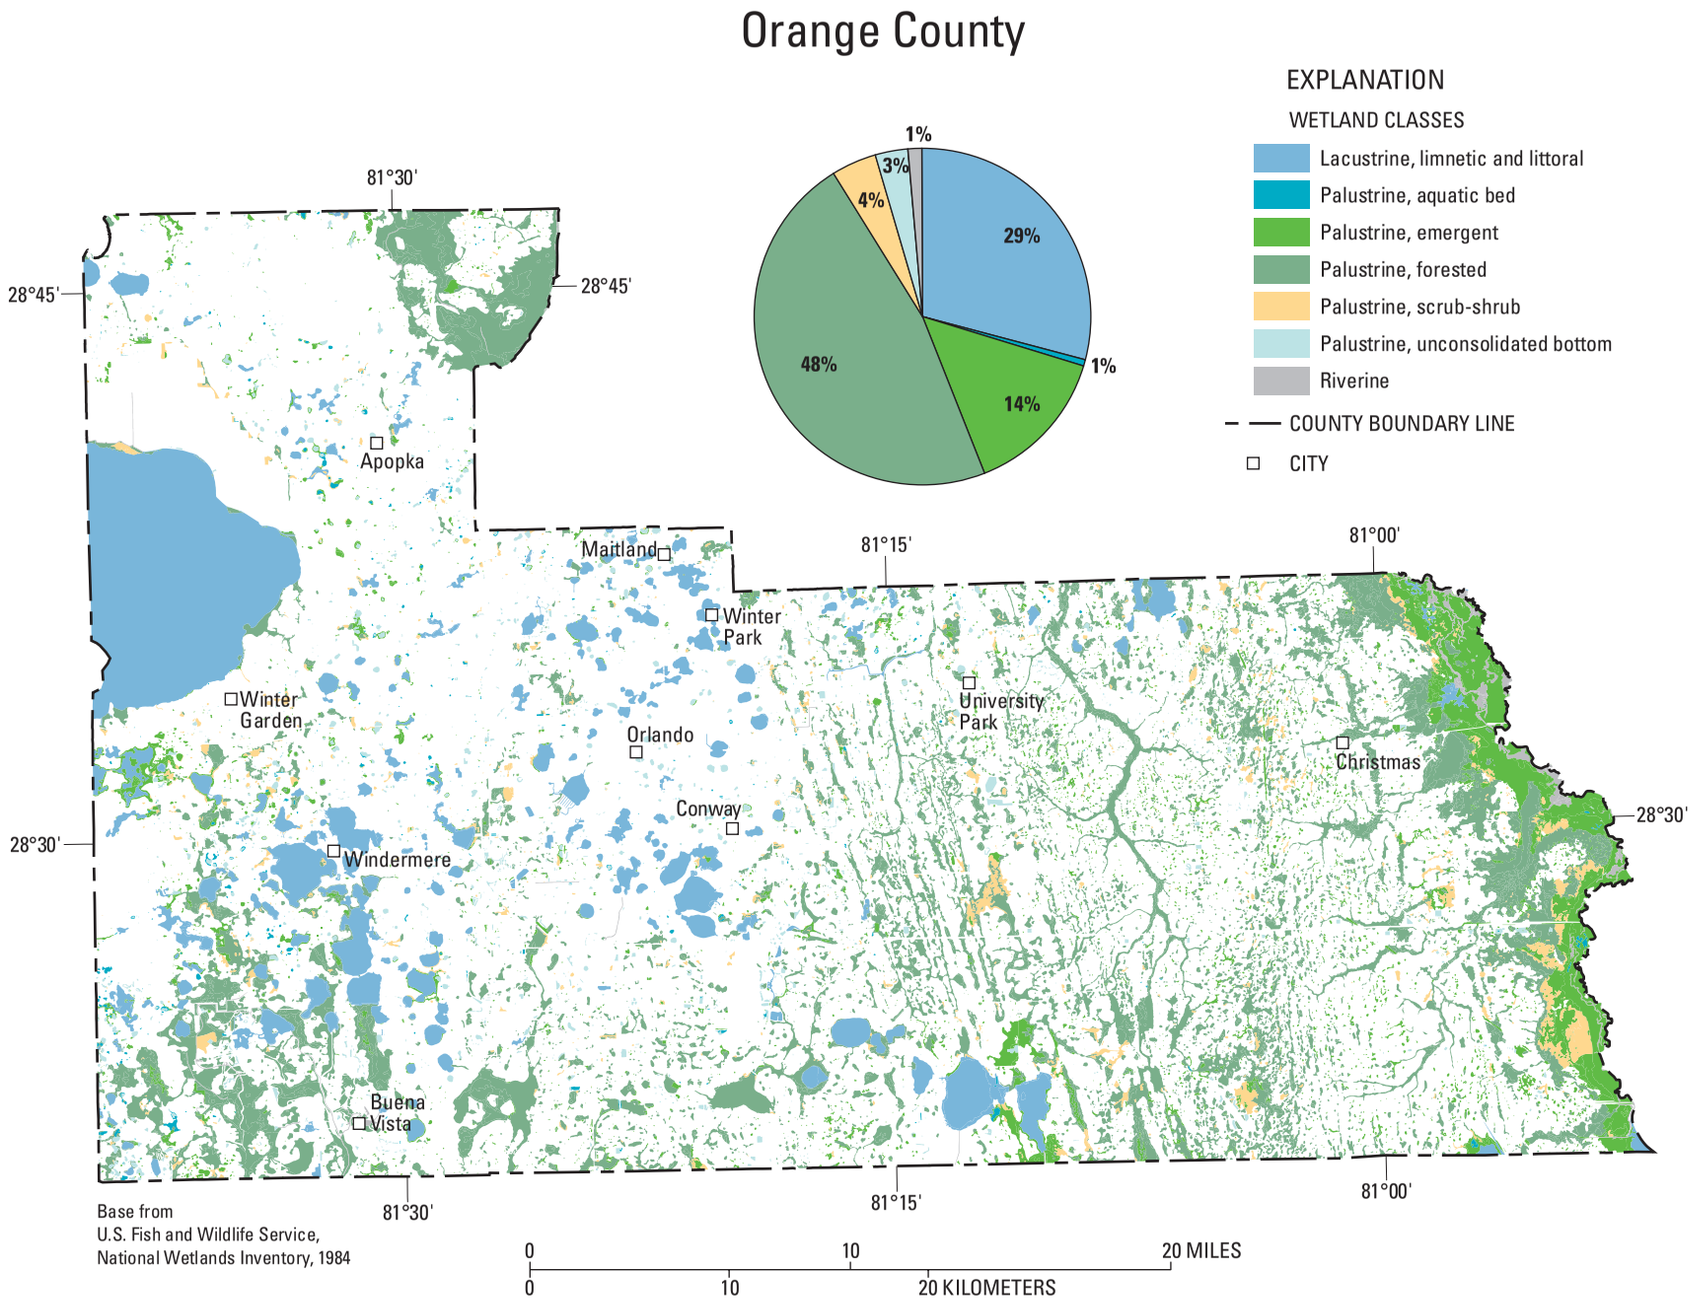

Map 14. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Marion County, Florida.

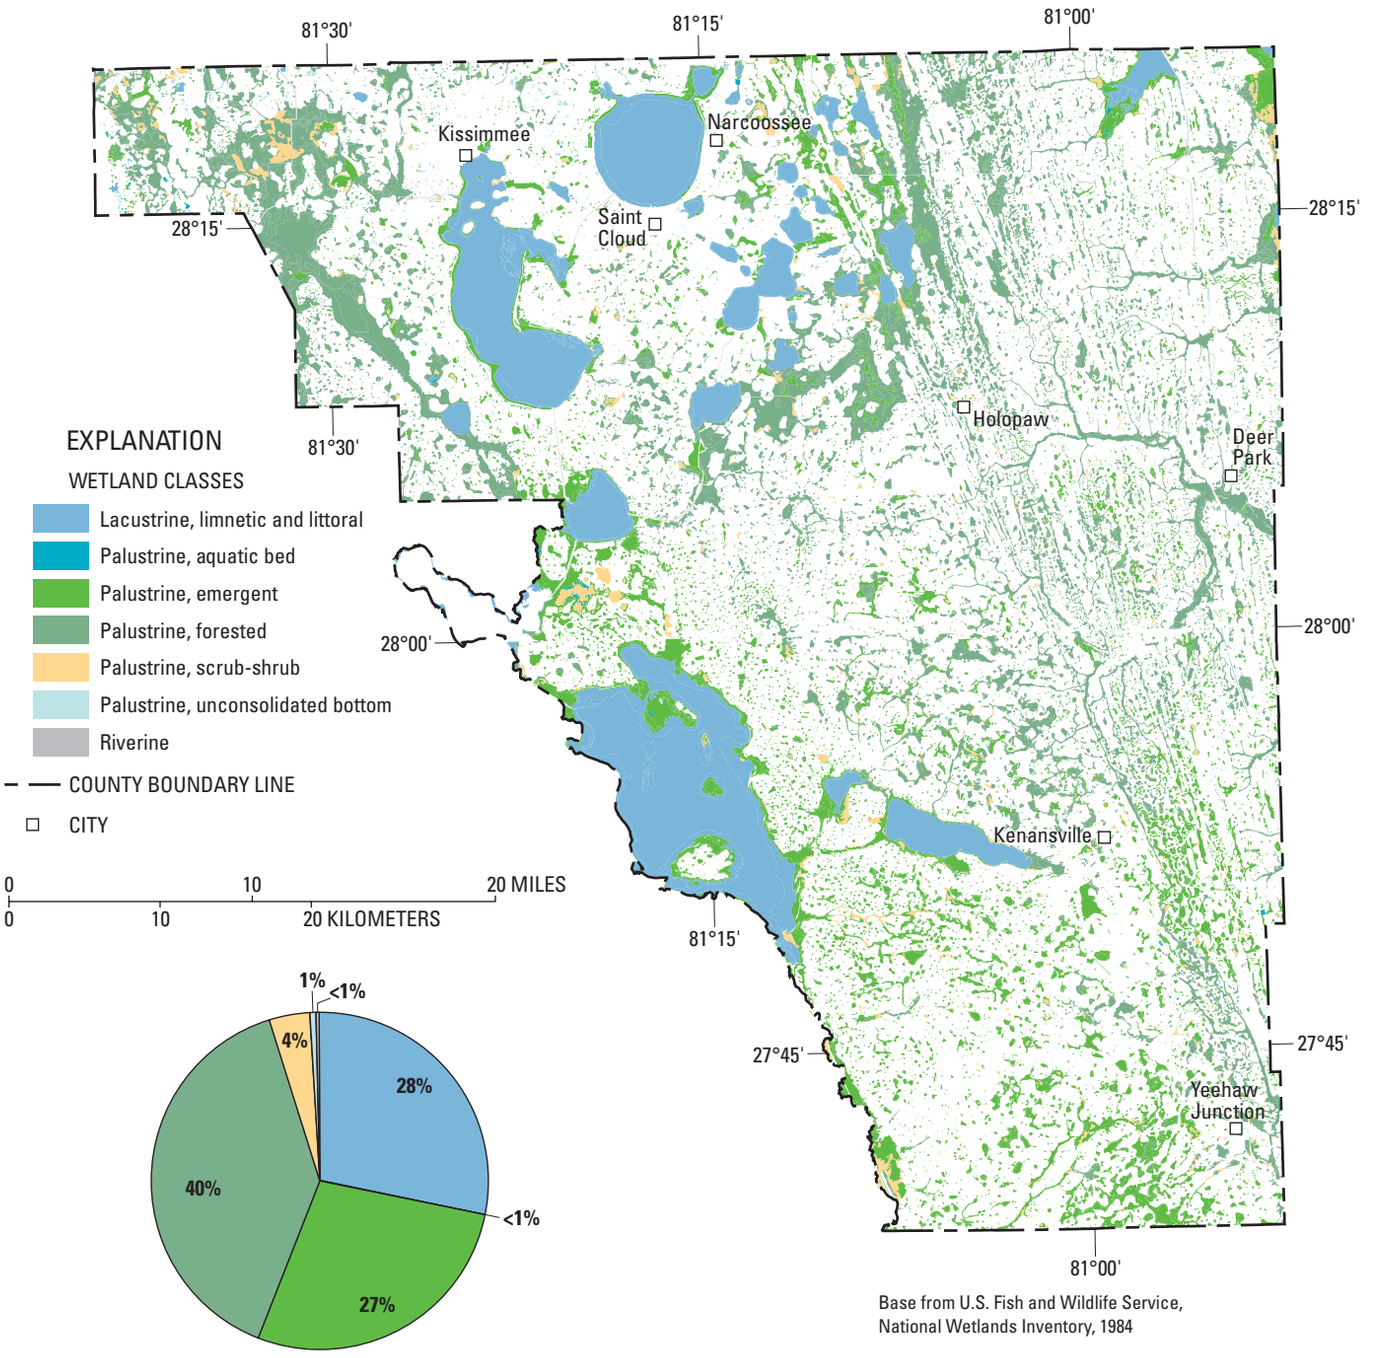

Map 15. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Martin County, Florida.

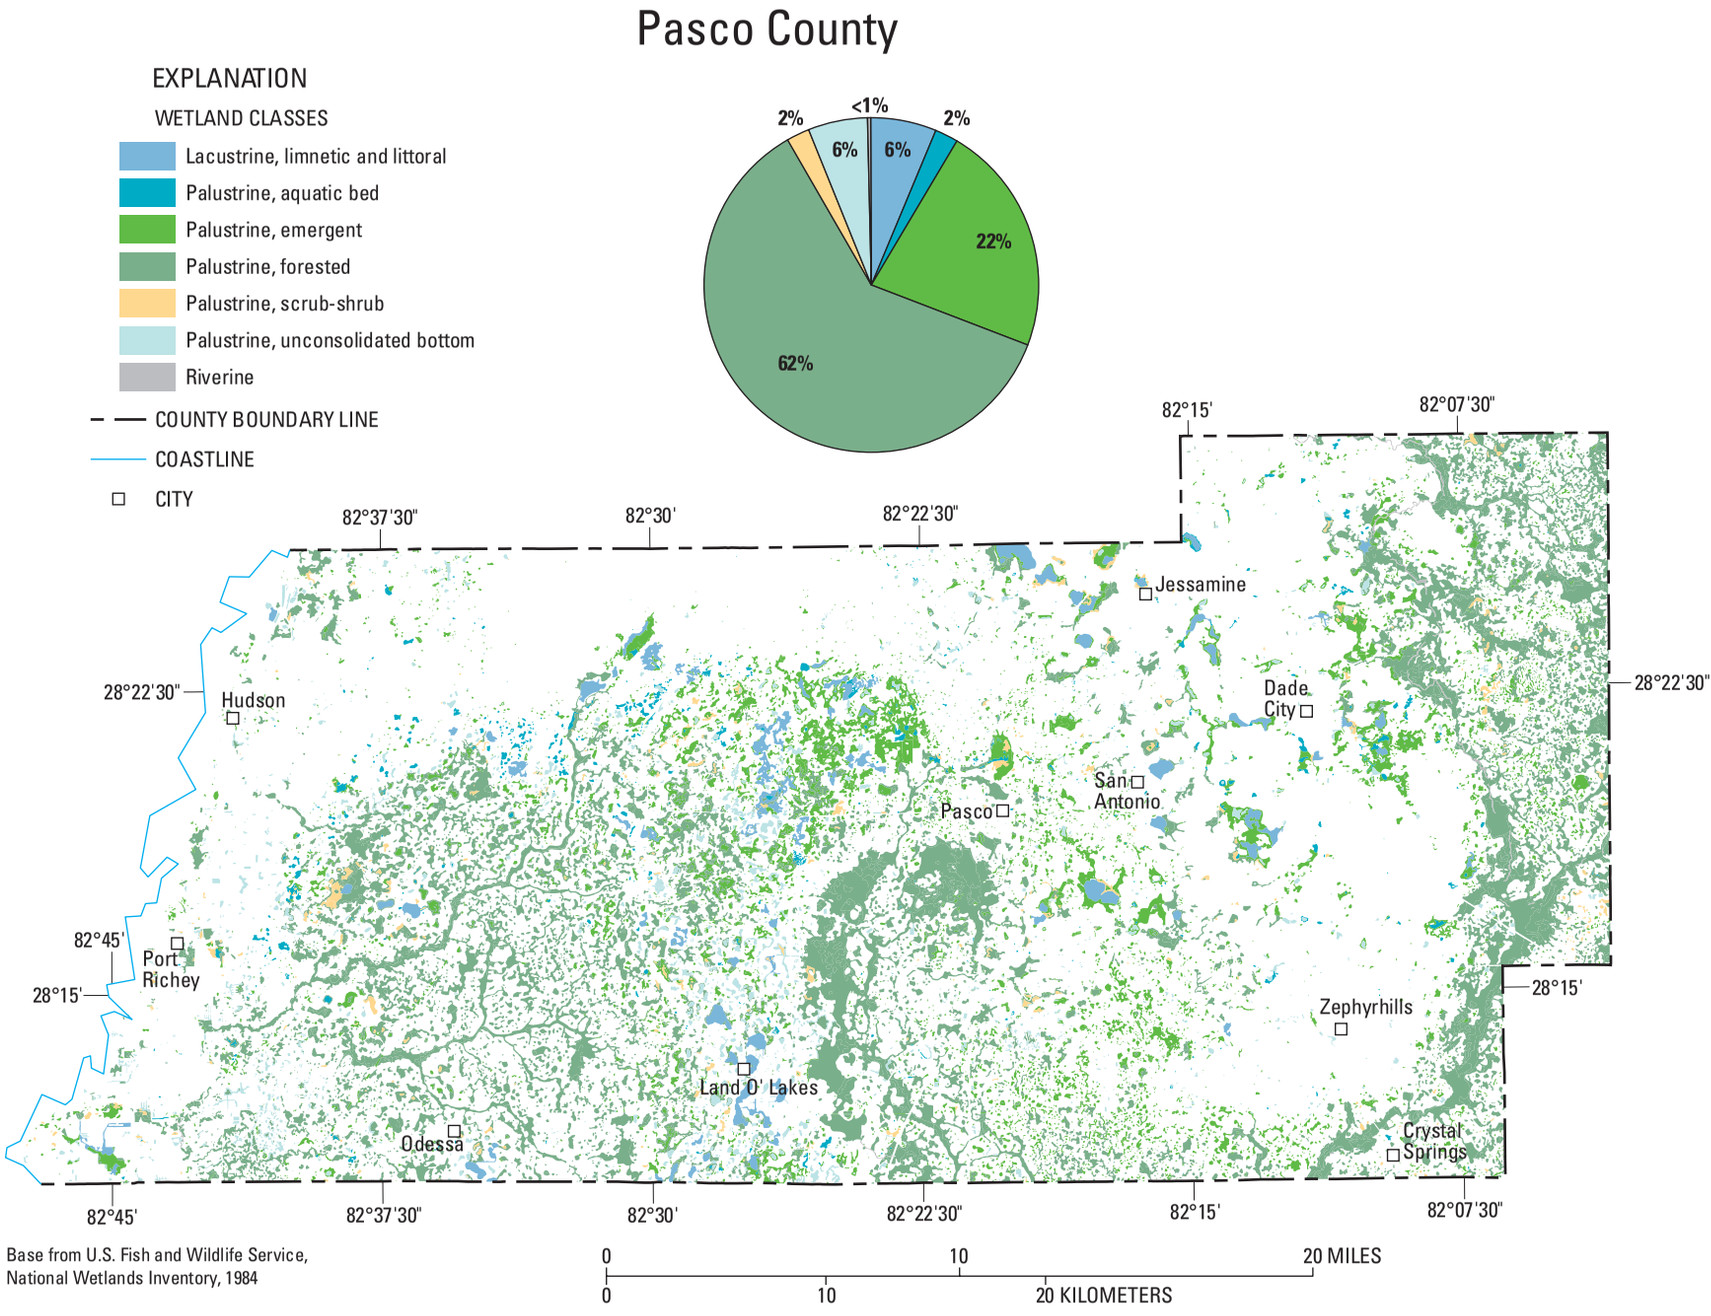

Map 16. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Okeechobee County, Florida.

Map 17. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Orange County, Florida.

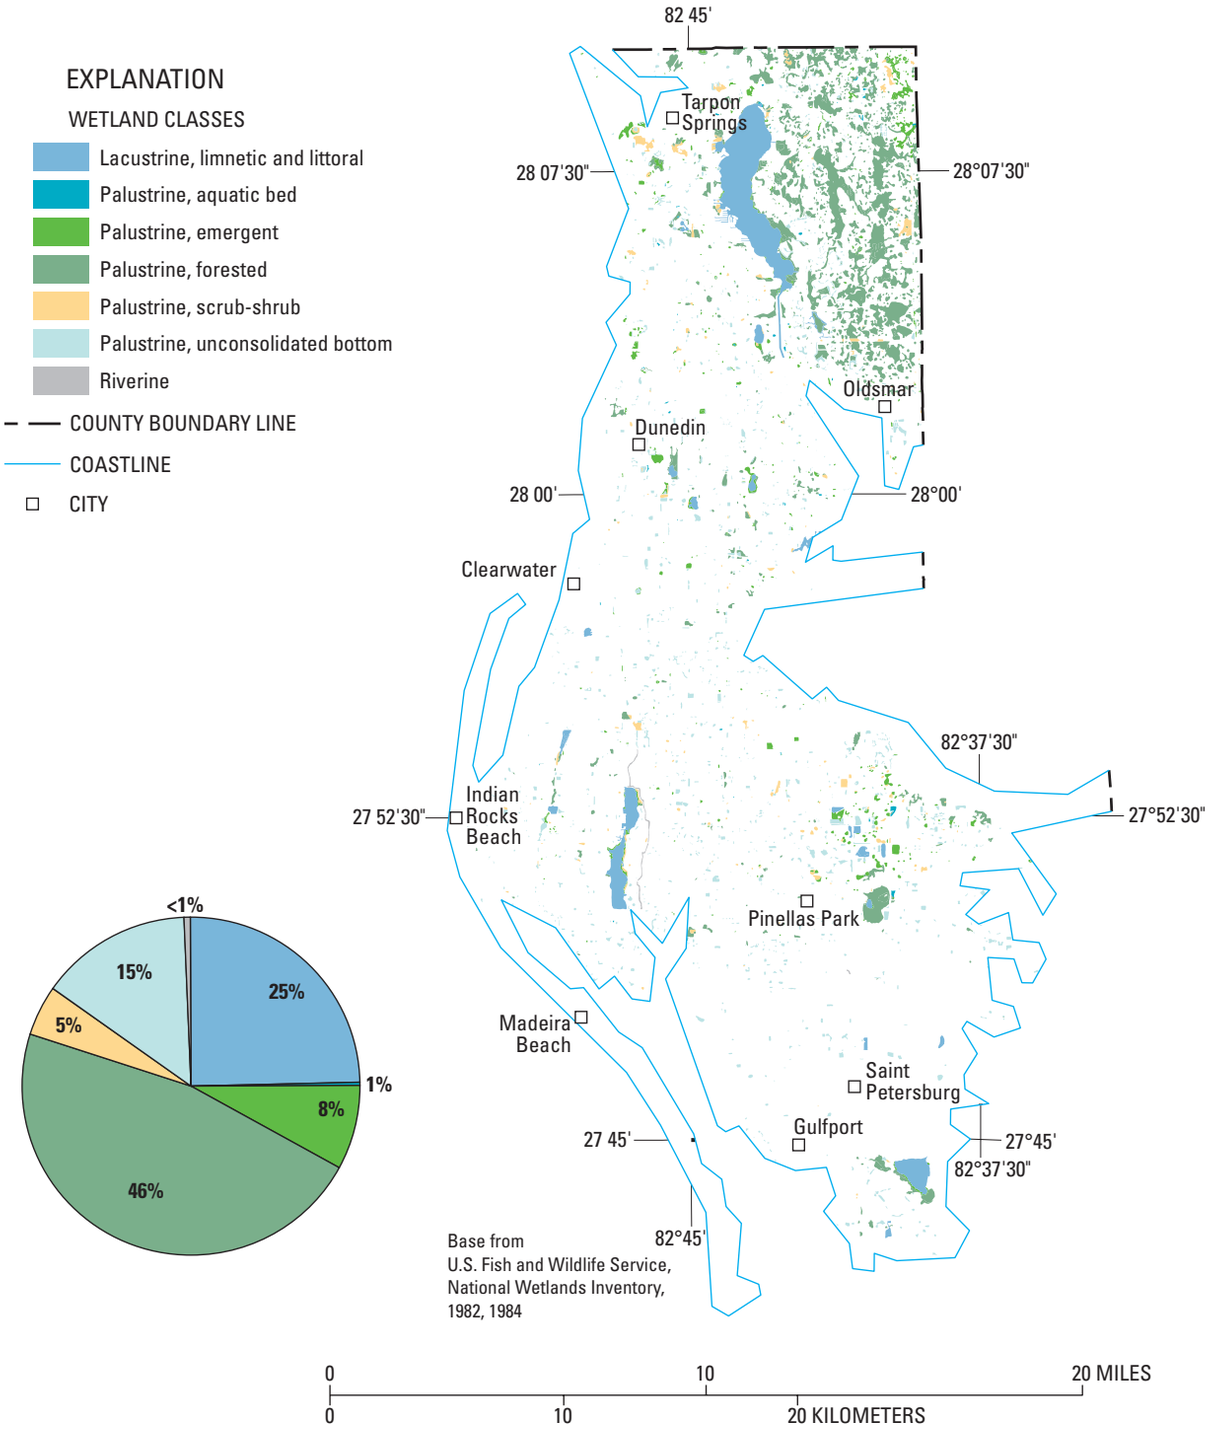

Map 18. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Osceola County, Florida.

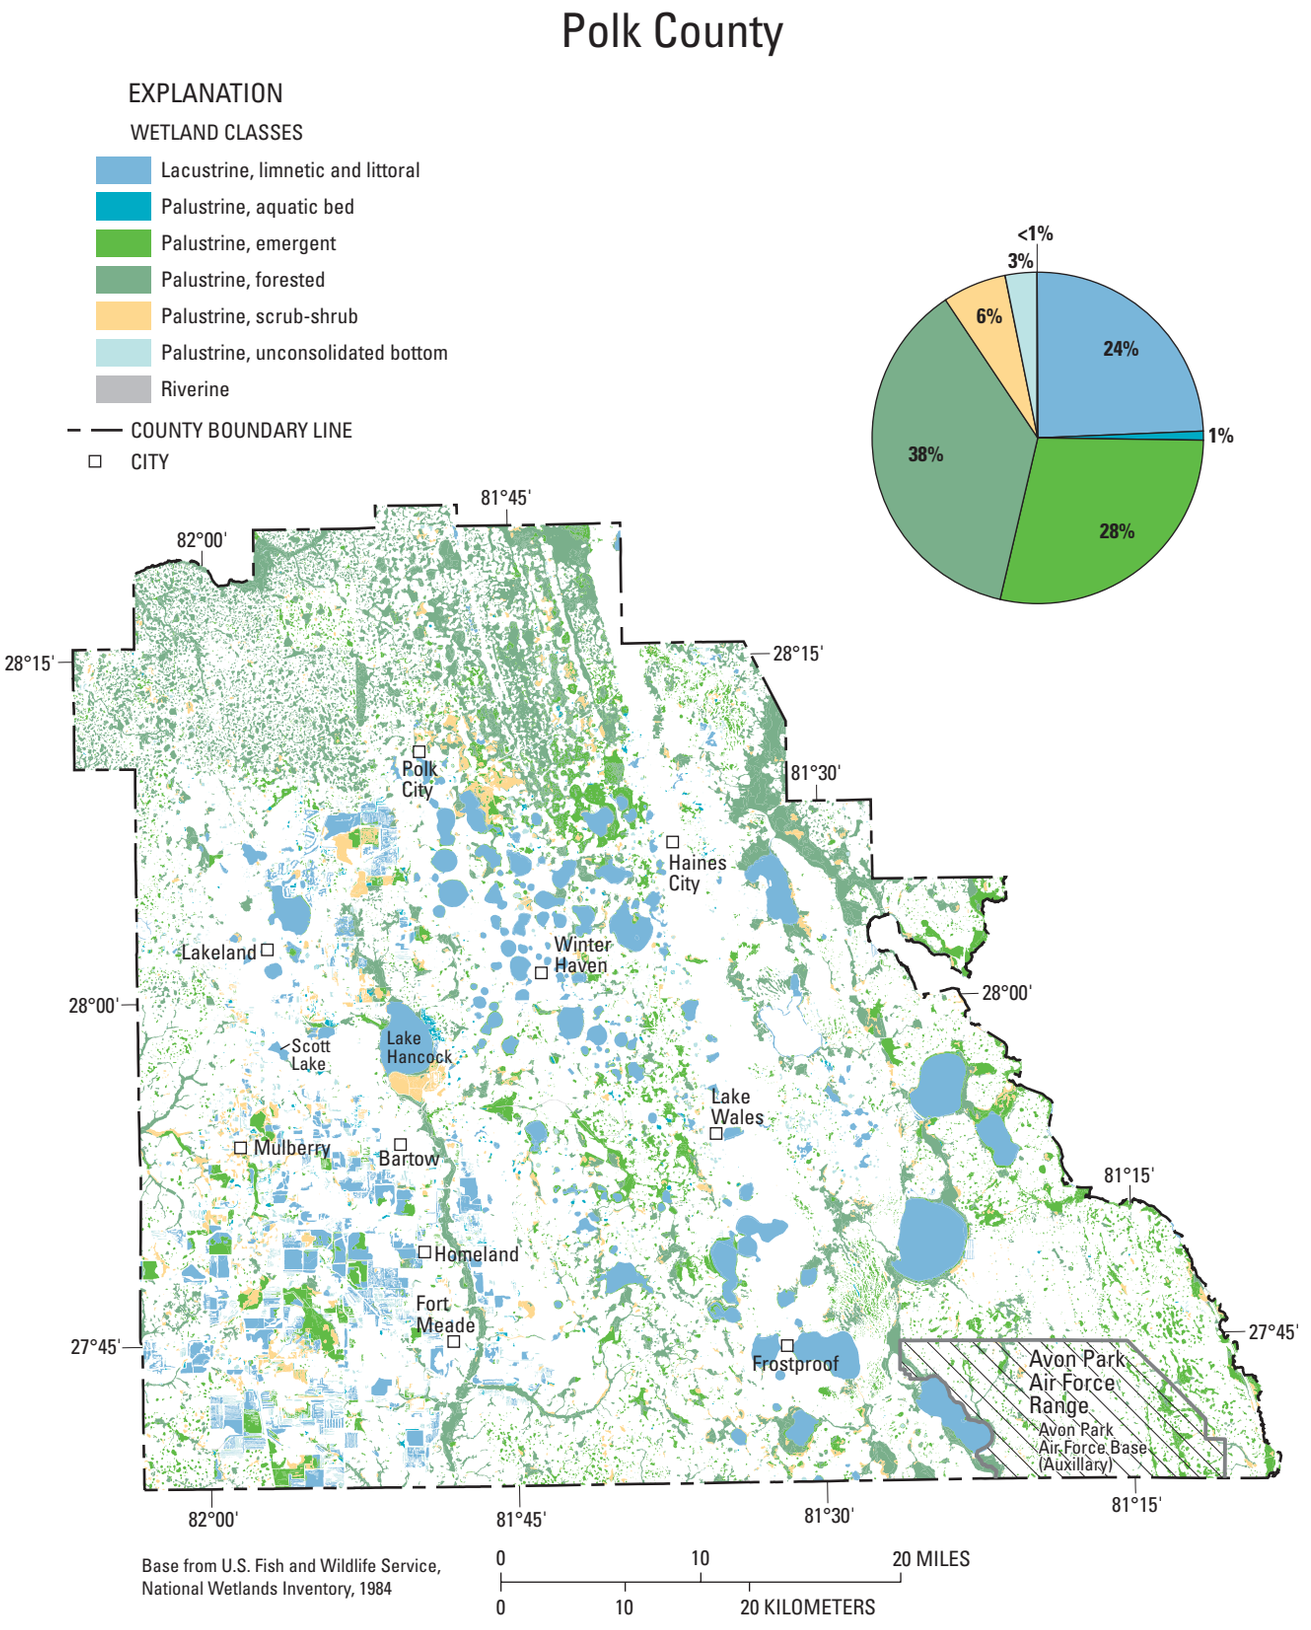

Map 19. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Pasco County, Florida.

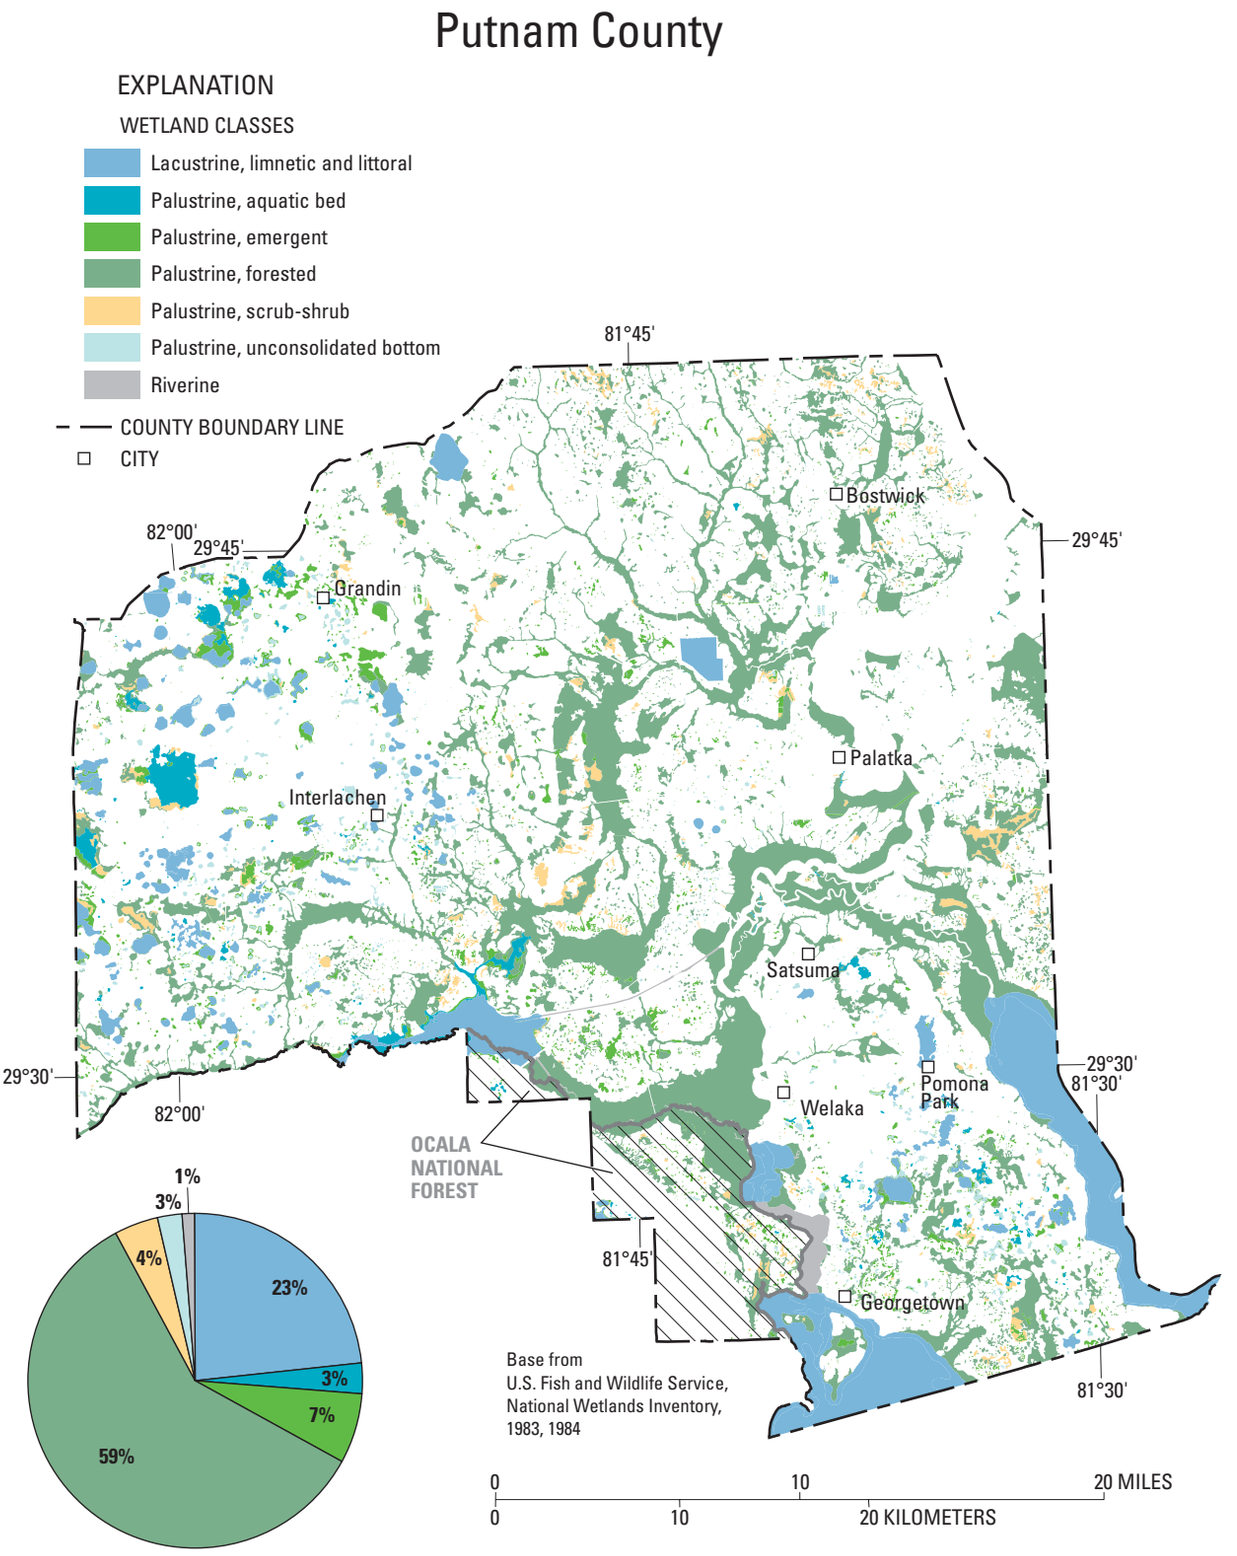

Pinellas County

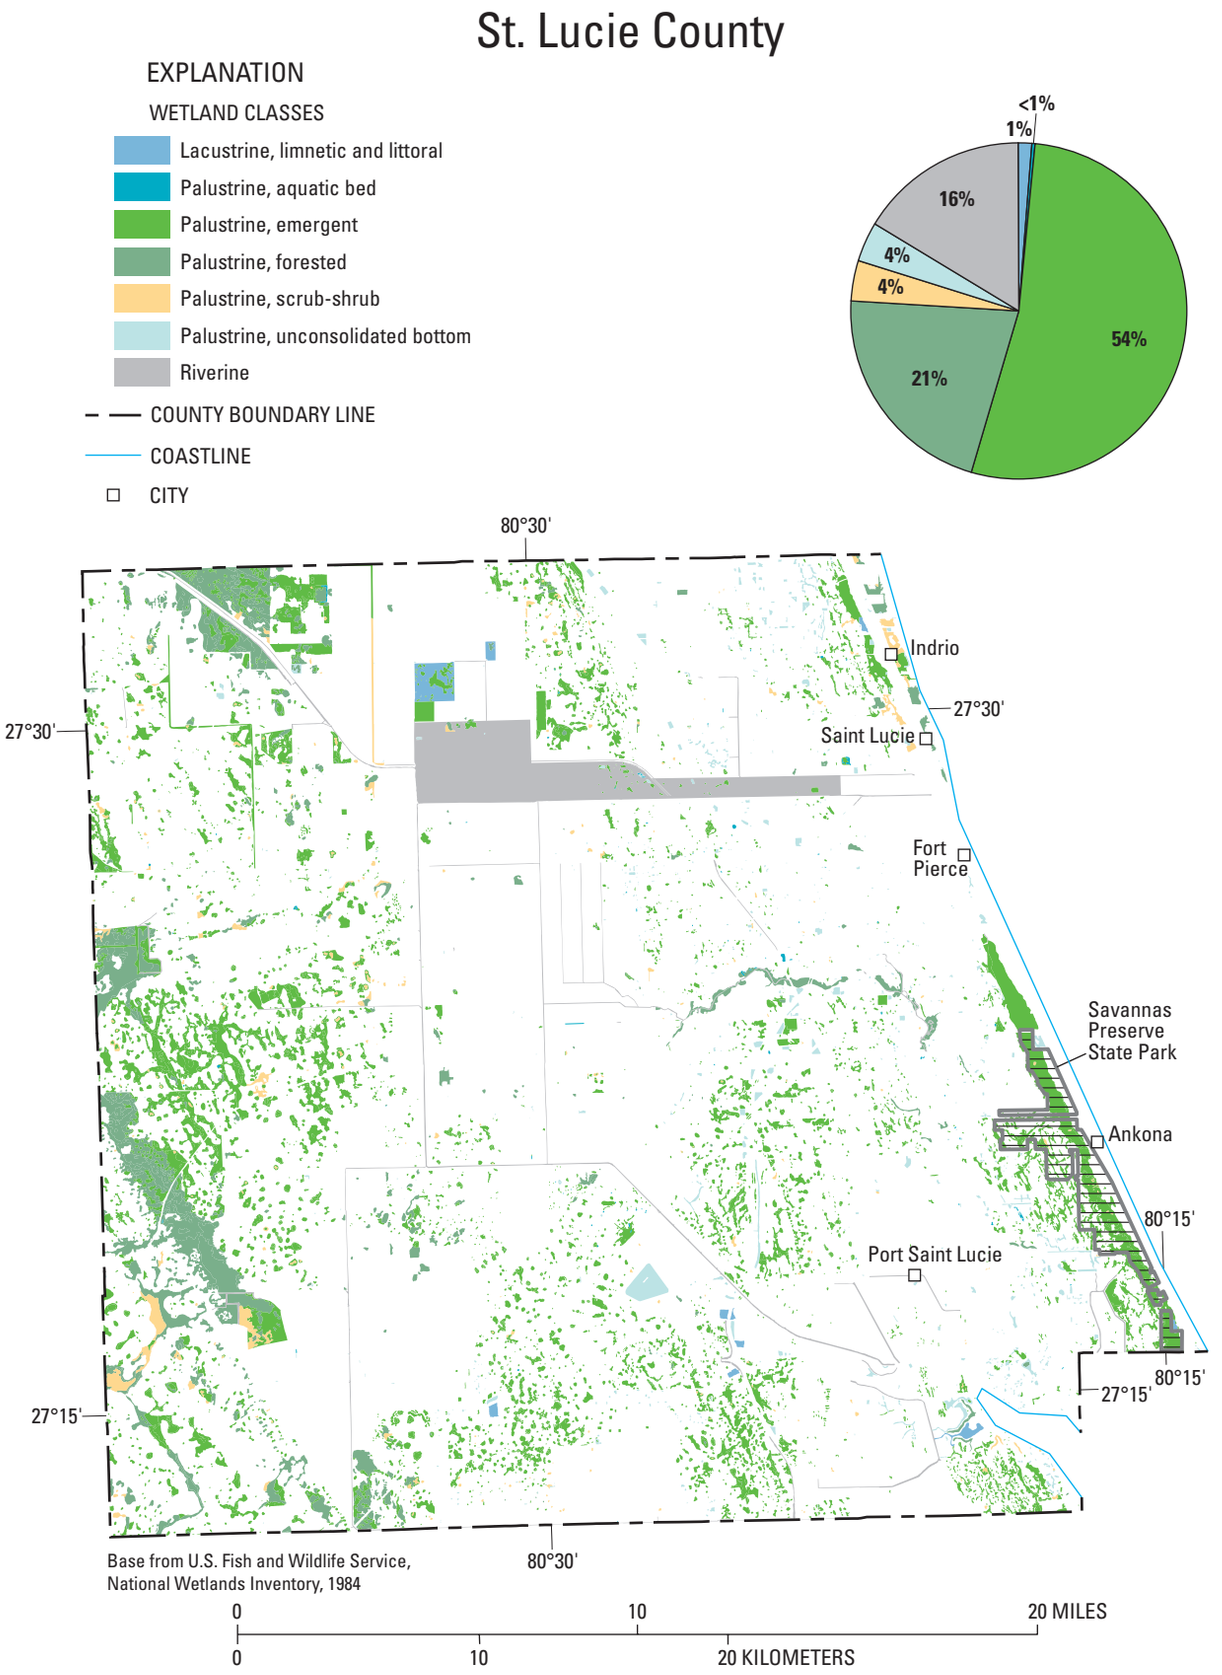

Map 20. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Pinellas County, Florida.

Map 21. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Polk County, Florida.

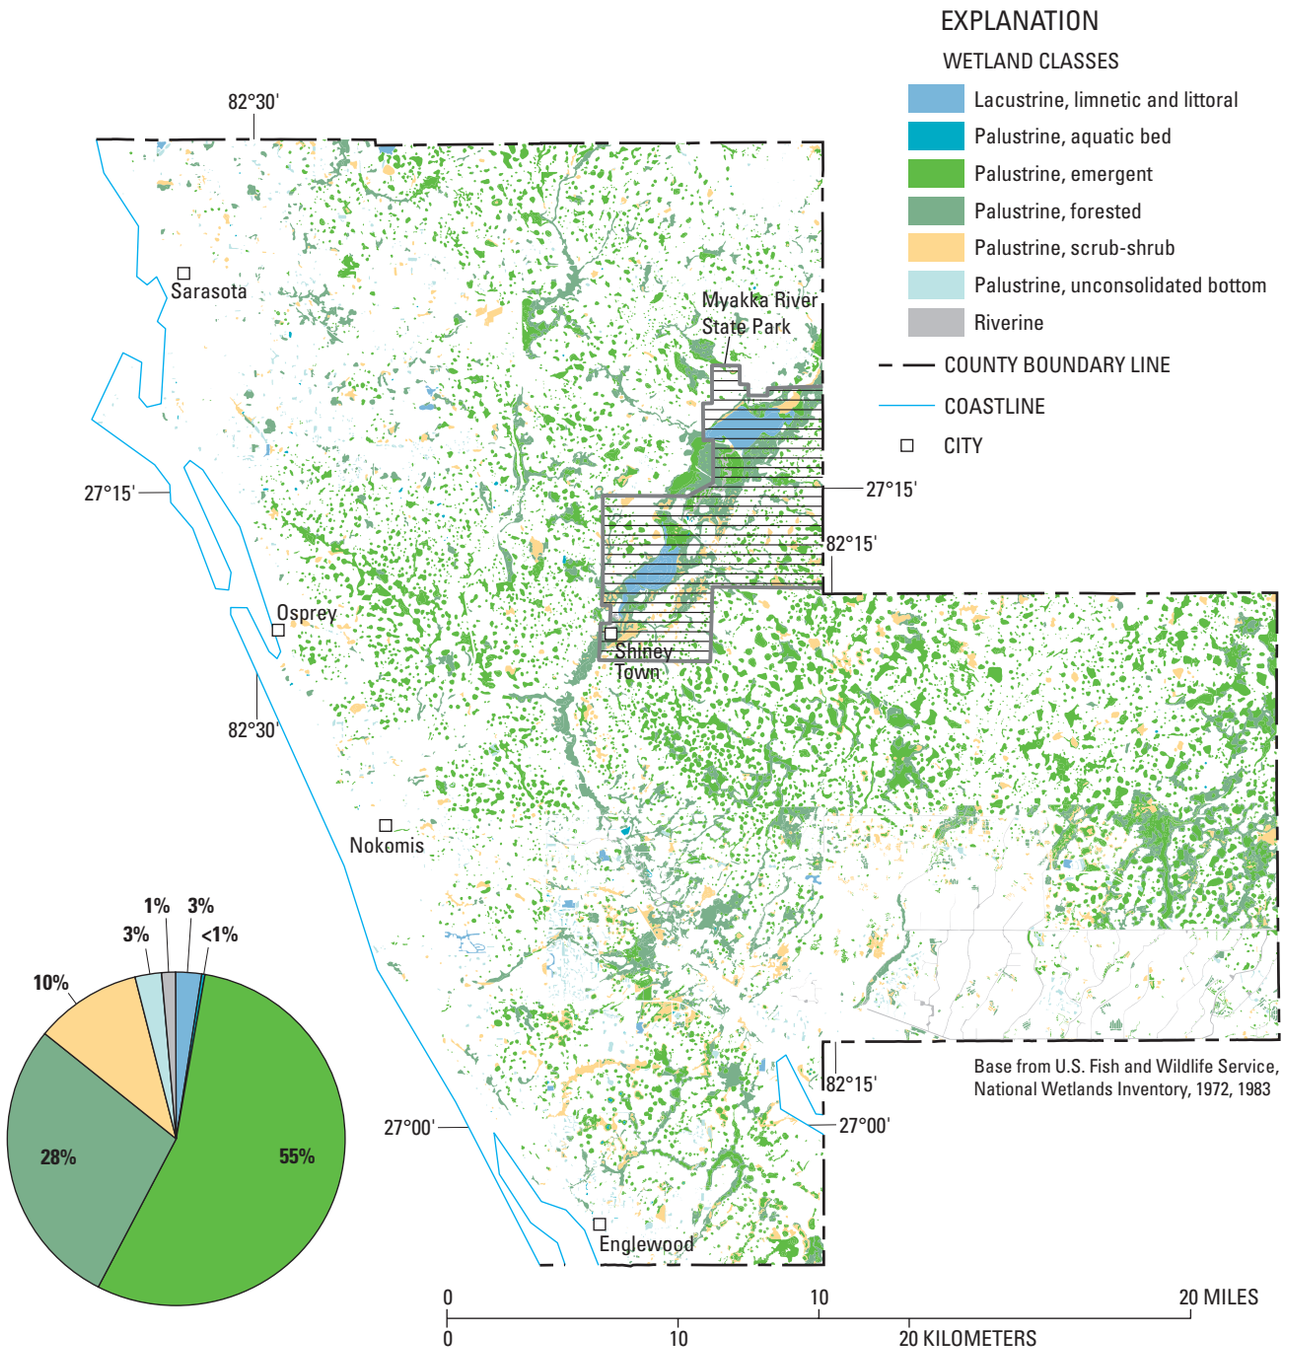

Map 22. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Putnam County, Florida.

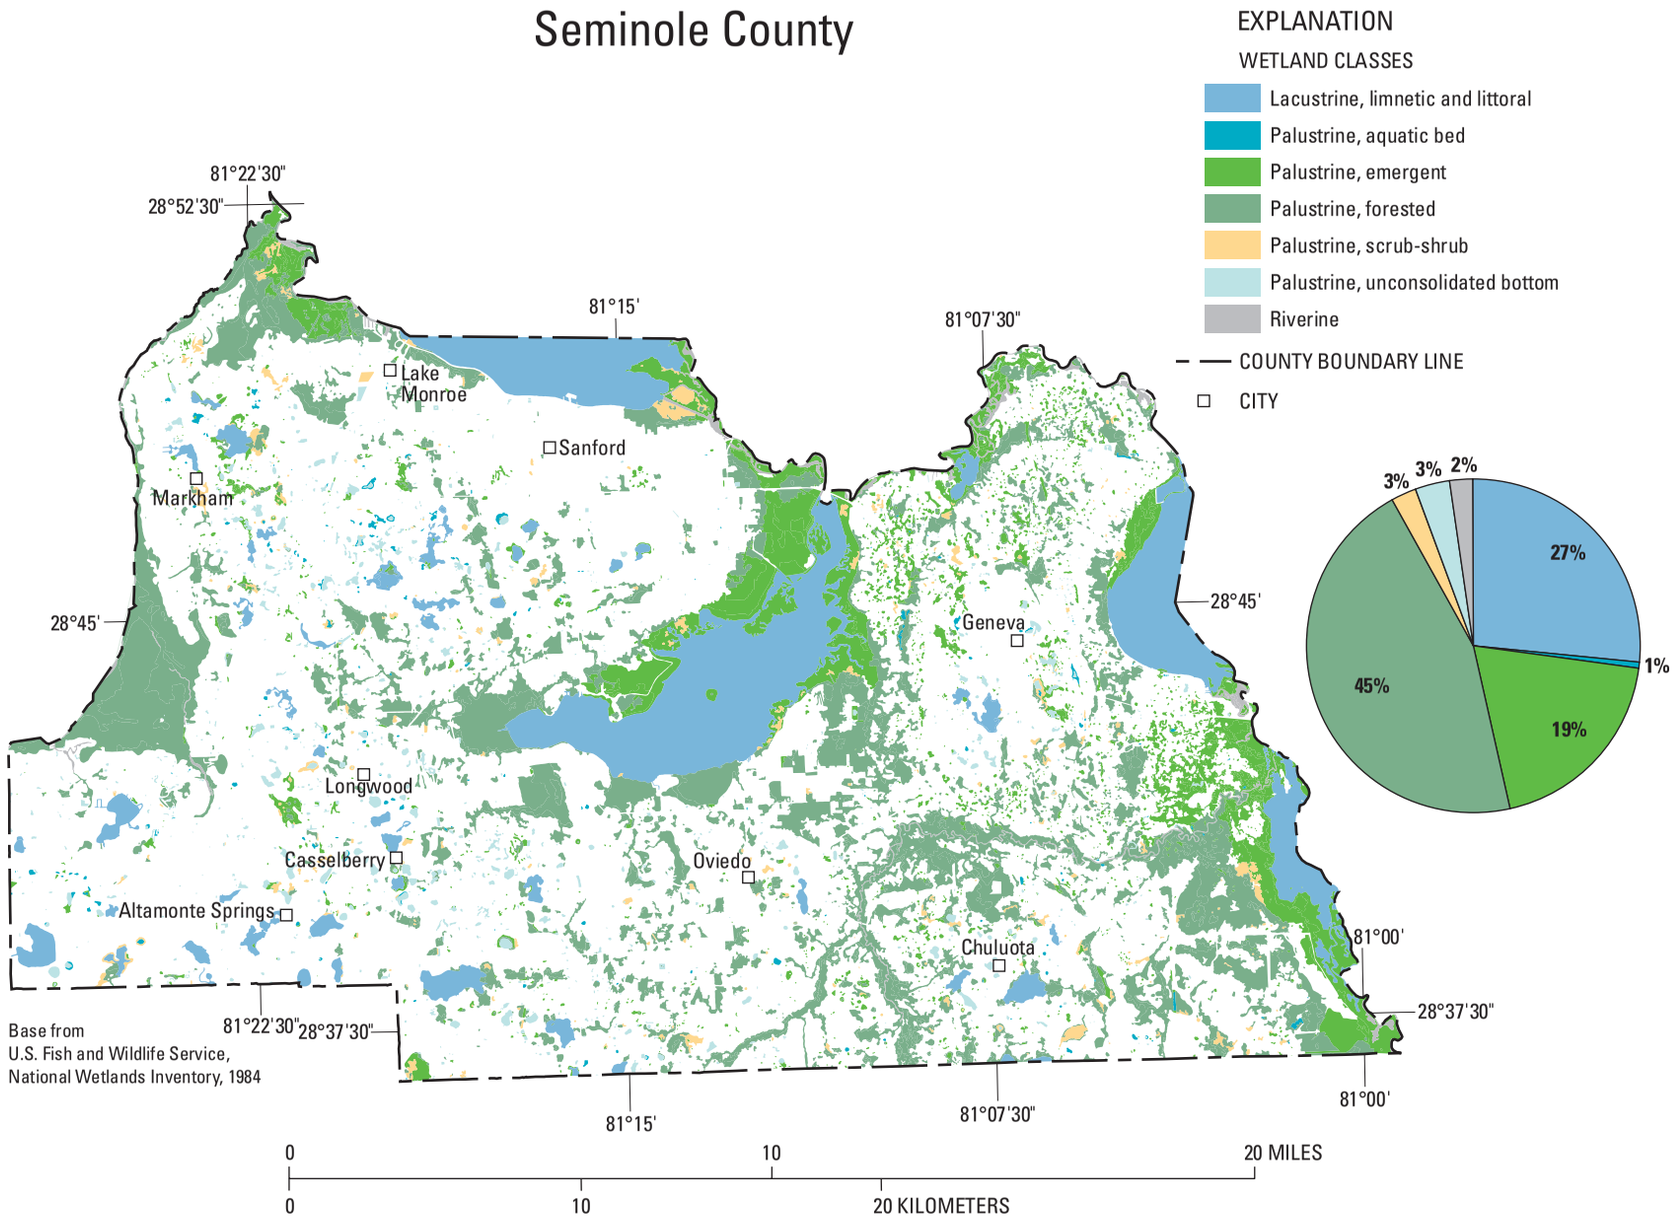

Map 23. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in St. Lucie County, Florida.

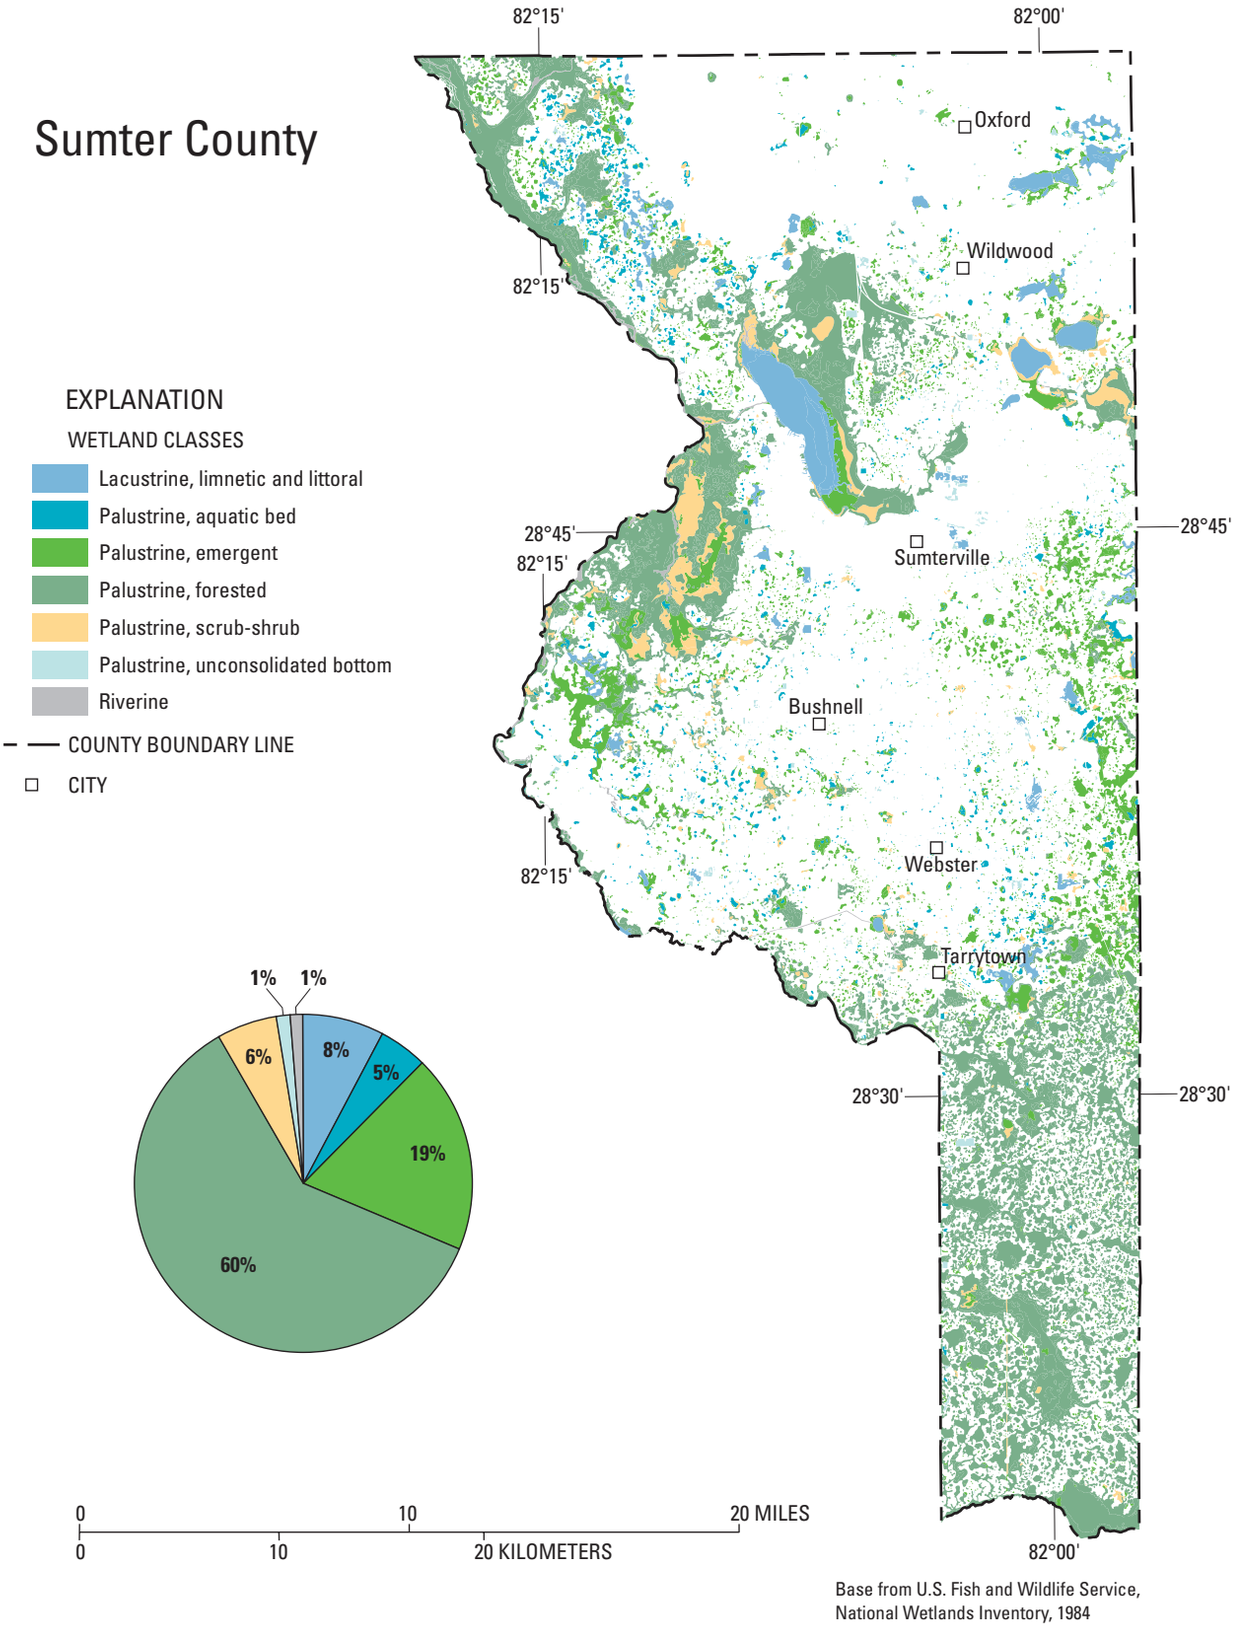

Sarasota County

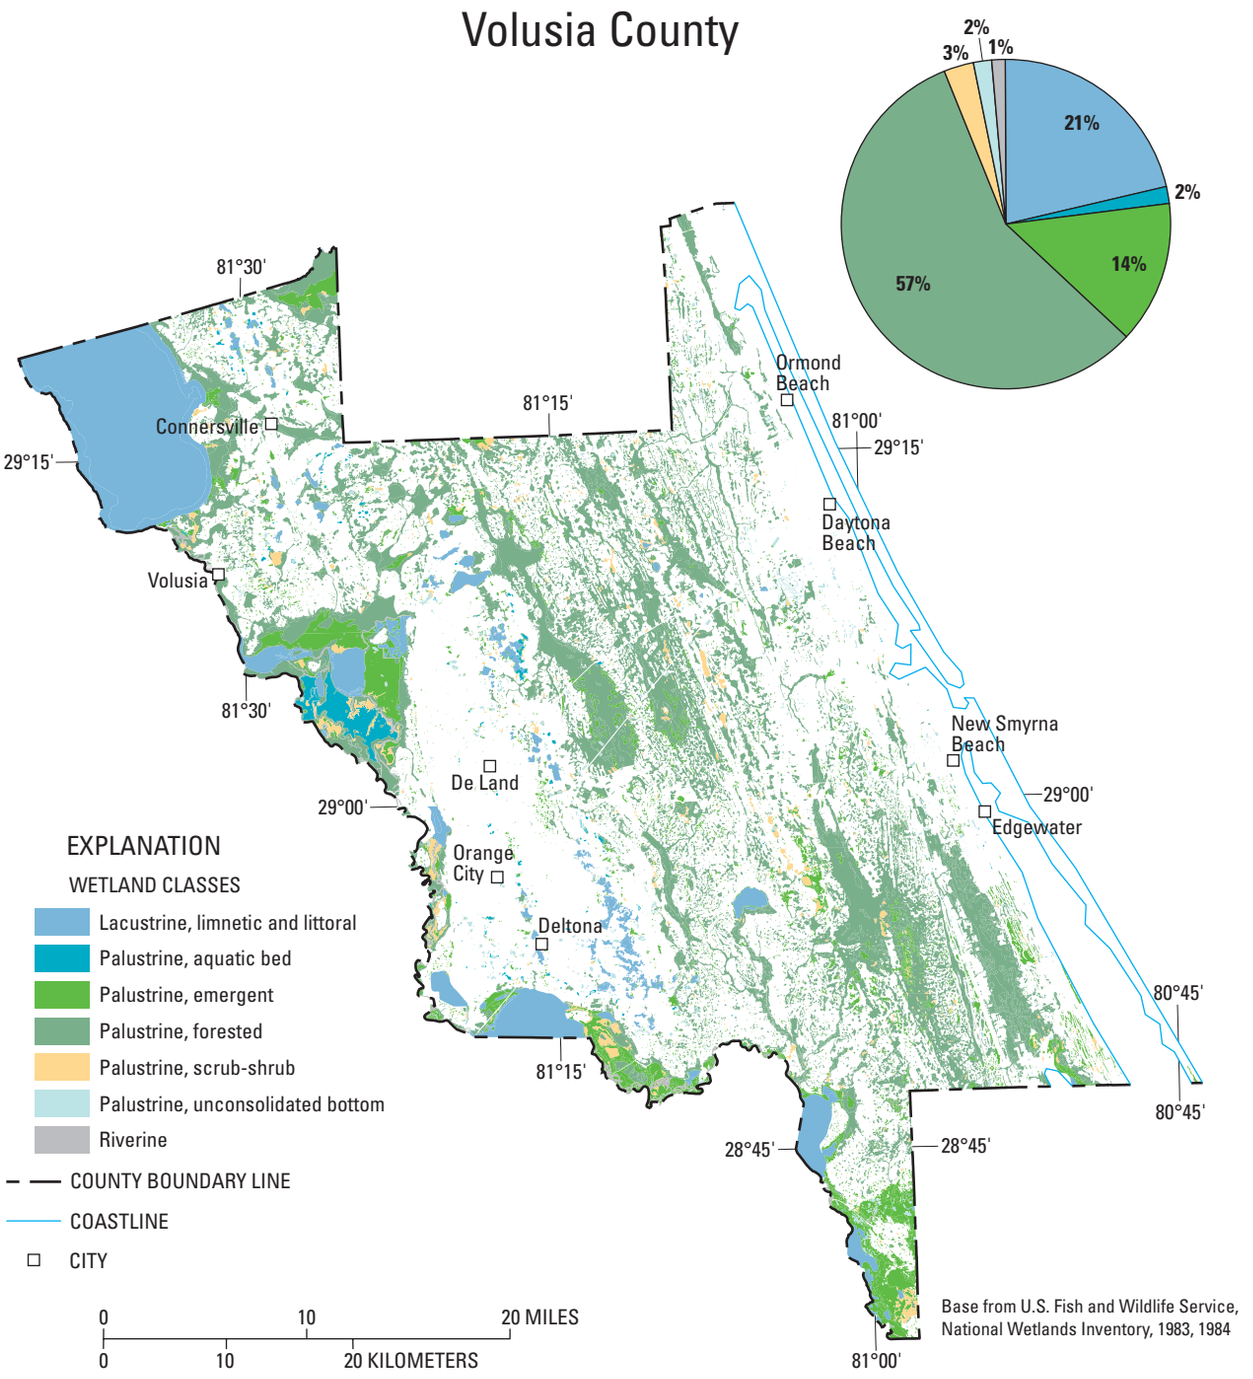

Map 24. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Sarasota County, Florida.

Map 25. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Seminole County, Florida.

Map 26. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Sumter County, Florida.

Map 27. The distribution of wetlands by type and pie diagrams showing the percent of each wetland type in Volusia County, Florida.
