

Petroleum Systems and Geologic Assessment of Oil and Gas in the Wind River Basin Province, Wyoming

Compiled by USGS Wind River Basin Province Assessment Team

Click here to return to
Main Contents

Chapter 1

Executive Summary—Geologic Assessment of Undiscovered Oil and Gas Resources of the Wind River Basin Province, Wyoming, 2005

By USGS Wind River Basin Province Assessment Team

Chapter 2

Tabular Data and Graphical Images in Support of the U.S. Geological Survey National Oil and Gas Assessment — The Wind River Basin Province (5035)

By T.R. Klett and P.A. Lee

Chapter 3

Geologic Assessment of Undiscovered Oil and Gas Resources in the Phosphoria Total Petroleum System of the Wind River Basin Province, Wyoming

By M.A. Kirschbaum, P.G. Lillis, and L.N.R. Roberts

Chapter 4

The Cretaceous-Lower Tertiary Composite Total Petroleum System, Wind River Basin, Wyoming

By R.C. Johnson, T.M. Finn, M.A. Kirschbaum, S.B. Roberts, L.N. R. Roberts, Troy Cook, and D. J.Taylor

Chapter 5

Geologic Assessment of Undiscovered Petroleum Resources in the Waltman Shale Total Petroleum System, Wind River Basin Province, Wyoming

By S.B. Roberts, L.N.R. Roberts, and Troy Cook

List of Chapters—Continued

Chapter 6

Burial History, Thermal Maturity, and Oil and Gas Generation History of Petroleum Systems in the Wind River Basin Province, Central Wyoming

By L.N.R. Roberts, T.M. Finn, M.D. Lewan, M.A. Kirschbaum

Chapter 7

Distribution of Fluids and Pressures in the Wind River Basin, Wyoming

By P.H. Nelson and Joyce Kibler

Chapter 8

Source Rock Potential of Upper Cretaceous Marine Shales in the Wind River Basin, Wyoming

By T.M. Finn

Chapter 9

Subsurface Stratigraphic Cross Sections of Cretaceous and Lower Tertiary Rocks in the Wind River Basin, Central Wyoming

By T.M. Finn

Chapter 10

Detailed Measured Sections, Cross Sections, and Paleogeographic Reconstructions of the Upper Cretaceous and Lower Tertiary Non-marine interval, Wind River Basin, Wyoming

By R.C. Johnson

Chapter 11

Outcrop Descriptions and Fossils from the Upper Cretaceous Frontier Formation, Wind River Basin and Adjacent Areas, Wyoming

By E.A. Merewether and W.A. Cobban
