

EXPLANATION OF MAP

- Location of well with vitrinite reflectance data
- \+ Location of well with gamma-ray log and formation tops
- Elevation of Frontier Formation, in feet
- Outline of Wind River Basin Province

EXPLANATION OF PLOTS

Vitrinite reflectance data are plotted for each of 14 areas, with a symbol for each well. The elevations of formation tops for each area are indicated by one or two representative gamma-ray logs posted next to each data plot. Locations of wells can be found by using the API number at the State of Wyoming Oil and Gas Conservation Commission web site: http://wogcc.state.wy.us/.

VITRINITE REFLECTANCE, WIND RIVER BASIN, WYOMING
