

National Assessment of Oil and Gas Project:

Petroleum Systems and Geologic Assessment of Oil and Gas in the Bighorn Basin Province, Wyoming and Montana

[Click here to return to
Main Contents](#)

Chapter 1

Executive Summary—Assessment of Undiscovered Oil and Gas Resources of the Bighorn Basin Province, Wyoming and Montana, 2008

By USGS Bighorn Basin Province Assessment Team

Chapter 2

Tabular Data and Graphical Images in Support of the U.S. Geological Survey National Oil and Gas Assessment—Bighorn Basin Province (5034)

By T.R. Klett and P.A. Le

Chapter 3

Cretaceous–Tertiary Composite Total Petroleum System (503402), Bighorn Basin, Wyoming and Montana

By Thomas M. Finn, Mark A. Kirschbaum, Stephen B. Roberts, Steven M. Condon, Laura N.R. Roberts, and Ronald C. Johnson

Chapter 4

New Source Rock Data for the Thermopolis and Mowry Shales in the Wyoming Part of the Bighorn Basin

By Thomas M. Finn

U.S. Geological Survey Digital Data Series DDS–69–V

List of Chapters—Continued

Chapter 5

Sonic Velocity and Other Petrophysical Properties of Source Rocks of Cody, Mowry, Shell Creek, and Thermopolis Shales, Bighorn Basin, Wyoming

By Phillip H. Nelson

Chapter 6

Subsurface Stratigraphic Cross Sections Showing Correlation of Cretaceous and Lower Tertiary Rocks in the Bighorn Basin, Wyoming and Montana

By Thomas M. Finn

Chapter 7

Detailed West to East Cross Section of Cretaceous and Lower Tertiary Rocks Across the South Part of the Bighorn Basin, Wyoming

By Ronald C. Johnson

Chapter 8

The GIS Project for the Geologic Assessment of Undiscovered Oil and Gas Resources of the Bighorn Basin Province, Wyoming and Montana

By GIS Spatial Data Team
