

Brad

Brad is a hydrologist in the Surface Water Investigation Unit. He received his bachelor of science degree in natural sciences from Concordia University in Wisconsin and his master's degree in freshwater sciences from the University of Wisconsin-Milwaukee.

Brad—“I am passionate about my job because I get the opportunity to collect and analyze important data during hydrologic events (for example, flooding). Knowing that these data may help save human life and/or property drives me to do top-quality science at work every day.”
