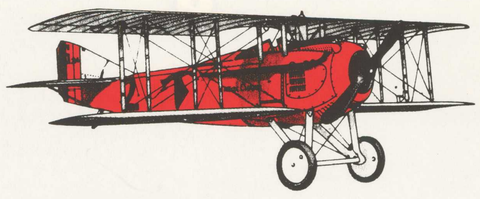
# What Do Maps Show?

**A map is a picture of a place.
Different maps show different information.
No one map can show everything.**

**Here are some different maps of
Salt Lake City. Each shows a different thing.
How can you tell what each map shows?**

**Look at the legend. The legend is the key
to unlocking the secrets of a map.**



**U.S. Department of the Interior
U.S. Geological Survey**
